interested in discrimination learning and transposition The Woman in White Wilkie Collins, 2008-02-26 Wilkie Collins's classic thriller took the world by storm on its first appearance in 1859 with everything from dances to perfumes to dresses named in honor of the woman in white. The novel's continuing fascination stems in part from a distinctive blend of melodrama, comedy, and realism and in part from the power of its story. The catalyst for the mystery is Walter Hartright's encounter on a moonlit road with a mysterious woman dressed head to toe in white. She is in a state of confusion and distress and when Hartright helps her find her way back to London, she warns him against an unnamed man of rank and title. Hartright soon learns that she may have escaped from an asylum and finds to his amazement that her story may be connected to that of the woman he secretly loves. Collins brilliantly uses the device of multiple narrators to weave a story in which no one can be trusted and he also famously creates in the figure of Count Fosco the prototype of the suave, sophisticated evil genius. *The Woman in White* is still passed as a masterpiece of narrative drive and excruciating suspense. Introduction by Nicholas Rance.

Witches of the Dark Gaurav Garg, Based on the incredible true story of the 588th Night Bomber Regiment. *The Witching Hour* is a gripping work of WWII historical fiction that brings the legendary Night Witches to life. In a desperate effort to halt the German invasion of the Soviet Union, an all-female air regiment is formed. Given obsolete wooden biplanes, they are dismissed by their comrades and underestimated by the enemy. But through sheer grit and ingenuity, these young women, a vengeful pilot, a brilliant astronomer, and a pragmatic mechanic, transform their weaknesses into the enemy's greatest fear, becoming the most decorated and feared unit on the Eastern Front. This epic historical drama charts their journey from the frozen training grounds to the fiery skies over Stalingrad and Berlin. It is a story of the powerful sisterhood in war, forged in the face of horrific losses and the constant threat of death. Facing not only the German war machine but also the prejudice of their own side, they must fight for their right to be called soldiers. This novel of courage and resilience explores the brutal cost of victory and the tragic betrayal that sought to erase these heroines from the very history they helped write.

Detailed Blurb: From the ashes of a nation on the brink of collapse, a legend took flight. In the darkest days of World War II, with the German war machine pushing relentlessly across the Eastern Front, the Soviet Union makes an unprecedented decision to form three all-female combat aviation regiments. Among them is the 588th Night Bomber Regiment, a unit composed entirely of women, from the pilots to the mechanics. To the men of the Red Army, they are a joke. To the enemy, they will become a nightmare. Thrown into the crucible with obsolete Polikarpov Po-2 biplanes, little more than wood and canvas held together by wire, they are the underdogs, the forgotten, the disposable. But in the heart of this crucible, a powerful sisterhood in war is forged. Nadia Volkov, a fiery young pilot, flies for revenge. Zhenya Rostova, a brilliant astronomer, navigates by the stars. Her friend, once studied, Anya Morozova, a master mechanic, fights her own war on the ground, keeping their flying coffins in the air with miracles of ingenuity. Under the command of the indomitable Major Bershanskaya, they transform their weaknesses into terrifying strengths. They invent revolutionary tactics of aerial combat, including a silent

engine idling glide that earns them their legendary name from the terrified German soldiers they hunt in the dark the Nachthexen The Night Witches Based on the incredible true story of one of the most decorated units in the Soviet Air Force Witches of the Dark is an unforgettable epic of courage and resilience It is a testament to the strong female protagonists who flew more than 23 000 sorties facing not only a brutal enemy but also the deep seated prejudice of their own side This sweeping WWII historical fiction novel follows their journey through the pivotal battles of the war from Stalingrad to the final apocalyptic assault on Berlin exploring the bonds of love the pain of loss and the tragic military betrayal that sought to erase these incredible women from the pages of history
