Jonathan Dimbleby

The Destruction Of Convoy Pq17:

The Destruction of Convoy PQ.17 David John Cawdell Irving,1980 *The Destruction of Convoy PQ17* David Irving,2011-05-31 **The Destruction of Convoy PQ-17** David John Cawdell Irving,1989 An account of the naval disaster involving thirty five allied ships carrying military equipment to Russia in the summer of 1942 *Arms for Russia & The Naval War in the Arctic, 1941-1945* Andrew Boyd,2024-11-30 This major new work fundamentally reassesses the operations by the Western allies to deliver war supplies to Russia via the Arctic sea route between 1941 and 1945 It explores the motives underpinning Western aid its real impact on the Soviet war effort and its influence on wider Allied and German strategy as the war developed It brings to life key participants political and military describes the interaction of intelligence with high policy and tactics and brings a fresh perspective to key events including the notorious convoy PQ 17 The book disputes the long standing view that aid to Russia was essentially discretionary lacking military rationale and undertaken primarily to meet political objectives with only a minor impact on Soviet war potential It shows that aid was always grounded in strategic necessity with the Arctic supply route a constant preoccupation of British and American leaders absorbing perhaps twenty per cent of Royal Navy resources after 1941 and a significant share of Allied merchant shipping badly needed in other theaters The Soviet claim determinedly promoted through the Cold War that aid was marginal still influences attitudes in Vladimir Putin s Russia and contemporary Western opinion It even resonates through the present war in Ukraine Andrew Boyd demonstrates that in reality Western aid through the Arctic was a critical multiplier of Soviet military power throughout the war and perhaps even enabled Russia s very survival in 1942 and he makes plain that the British contribution to the aid effort was greater than generally acknowledged The book also emphasises that the Arctic conflict was not framed solely by the supply convoys important though they were British German and Russian operations in a theater defined by Adolph Hitler in early 1942 as the zone of destiny were shaped by other perceived opportunities and threats For instance Germany concentrated its fleet in Norway to forestall a potential British attack while attempting land offensives to cut Russia s links with its northern ports It also had vital raw materials to protect Britain explored potential operations with Russia to dislodge Germany from the Arctic coast and sever her access to important resources Elegantly written written and incorporating many new perspectives on the Arctic theater this new work should find a place on the shelves of every historian scholar and enthusiast whose interests extend to the Russian dimension of the Second World War *The ^ABattle of the Atlantic* Jonathan Dimbleby,2016-02-01 Jonathan Dimbleby offers a gripping account of the Battle of the Atlantic the most destructive naval campaign in history revealing its central importance to the outcome of World War Two *The Ghost Ships of Archangel* William Geroux,2022-05-03 An extraordinary story of survival and alliance during World War II the icy journey of four Allied ships crossing the Arctic to deliver much needed supplies to the Soviet war effort On the fourth of July 1942 four Allied ships traversing the Arctic split from their decimated convoy to head further north into the ice field of the

North Pole They were seeking safety from Nazi bombers and U boats in the perilous white maze of ice floes growlers and giant bergs Despite the many risks of their chosen route the four vessels had a better chance of reaching their destination than the rest of the remains of convoy PQ 17 The convoy had started as a fleet of thirty five cargo ships carrying 1 billion worth of war supplies to the Soviet port of Archangel the only help Roosevelt and Churchill had extended to Joseph Stalin to maintain their fragile alliance against Germany At the most dangerous point of the voyage the ships had received a startling order to scatter and had quickly become easy prey for the Nazis The crews of the four ships focused on their mission U S Navy Ensign Howard Carraway aboard the SS Troubadour was a farm boy from South Carolina and one of the many Americans for whom the convoy was a first taste of war from the Royal Navy Reserve Lt Leo Gradwell was given command of the HMT Ayrshire a British fishing trawler that had been converted into an antisubmarine vessel The twenty four hour Arctic daylight in midsummer gave them no respite from bombers or submarines and they all feared the giant German battleship Tirpitz nicknamed the Big Bad Wolf Icebergs were as dangerous as Nazis as the remnants of convoy PQ 17 tried to slip through the Arctic to deliver their cargo in one of the most dramatic escapes of World War II At Archangel they found a traumatized starving city and a disturbing preview of the Cold War ahead *From Yorkshire To Archangel: A Young Man's Journey To PQ.17* David Wherrett,2017-05-16 David s father was a young man of seventeen when he joined the Merchant Navy in the early spring of 1939 He may well have been imagining a new life of excitement and long voyages overseas to faraway places Within six months of him beginning work as a bellboy on the grand P and then of course there was that Arctic convoy PQ 17 He was very fortunate to serve on one of the few vessels to make it safely back home the little rescue ship Zamalek Accounts of Zamalek s experiences on that Russian bound convoy PQ 17 time spent stranded in Archangel and the return passage QP 14 are a central feature of the story and so they should be *Destruction of Convoy Pq-17* David Irving,1990-02-01 *Arctic Convoys, 1941-1945* Richard Woodman,2018-01-30 The story of Allied merchant ships and crews who braved the frigid far north to extend a lifeline to Russia filled with sheer heroism and brazen drama Literary Review During the last four years of the Second World War the Western Allies secured Russian defenses against Germany by supplying vital food and arms The plight of those in Murmansk and Archangel who benefited is now well known but few are aware of the courage determination and sacrifice of Allied merchant ships which withstood unremitting U boat attacks and aerial bombardment to maintain the lifeline to Russia In the storms fog and numbing cold of the Arctic where the sinking of a ten thousand ton freighter was equal to a land battle in terms of destruction the losses sustained were huge Told from the perspective of their crews this is the inspiring story of the long suffering merchant ships without which Russia would almost certainly have fallen to Nazi Germany **The Veterans' Tale** Frances Houghton,2019-01-10 This is a unique account of the ways in which British veterans of the Second World War remembered understood and recounted their experiences of battle throughout the post war period Focusing on themes of landscape weaponry the enemy and comradeship Frances Houghton

examines the imagery and language used by war memoirists to reconstruct and review both their experiences of battle and their sense of wartime self Houghton also identifies how veterans memoirs became significant sites of contest as former servicemen sought to challenge what they saw as unsatisfactory official scholarly and cultural representations of the Second World War in Britain Her findings show that these memoirs are equally important both for the new light they shed on the memory and meanings of wartime military experience among British veterans and for what they tell us about the cultural identity of military life writing in post war British society

Embracing the Beat of Phrase: An Emotional Symphony within **The Destruction Of Convoy Pq17**

In some sort of taken by screens and the ceaseless chatter of immediate transmission, the melodic splendor and emotional symphony produced by the prepared term frequently disappear in to the back ground, eclipsed by the persistent sound and disturbances that permeate our lives. Nevertheless, situated within the pages of **The Destruction Of Convoy Pq17** a wonderful literary value filled with natural emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, that charming masterpiece conducts readers on an emotional trip, skillfully unraveling the hidden melodies and profound influence resonating within each carefully constructed phrase. Within the depths of this touching analysis, we can investigate the book is key harmonies, analyze their enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
