The Devils Toenail:

The Devil's Toenail Sally Prue, 2003 Stevie is off on holiday with his parents and his younger sister On the beach he finds a devil's toenail a strange weathered stone he decides to pretend that it gives him a special power and hopes it will help him do something to impress the gang he wants to join Nothing goes as planned but through the story told in Stevie's own distinctive voice we realize why it's so important for him to be accepted by the gang and why ultimately it's even more important that he rejects them BL Sally Prue's first novel *Cold Tom* was published in January 2002 to instant acclaim and fantastic sales BL Title specific microsite for *Cold Tom* will include details of the new title with sample chapter and author interview **The Devil's Toenail** Sally Prue, 2002-11-01 [Darwin's Lost World](#) Martin Brasier, 2009-02-12 Darwin made a

powerful argument for evolution in the *Origin of Species* based on all the evidence available to him But a few things puzzled him One was how inheritance works he did not know about genes This book concerns another of Darwin's Dilemmas and the efforts of modern palaeontologists to solve it What puzzled Darwin is that the most very ancient rocks before the Cambrian seemed to be barren when he would expect them to be teeming with life Darwin speculated that this was probably because the fossils had not been found yet Decades of work by modern palaeontologists have indeed brought us amazing fossils from far beyond the Cambrian from the depths of the Precambrian so life was certainly around Yet the fossils are enigmatic and something does seem to happen around the Cambrian to speed up evolution drastically and produce many of the early forms of animals we know today In this book Martin Brasier a leading palaeontologist working on early life takes us into the deep dark ages of the Precambrian to explore Darwin's Lost World Decoding the evidence in these ancient rocks piecing together the puzzle of what happened over 540 million years ago to drive what is known as the Cambrian Explosion is very difficult The world was vastly different then from the one we know now and we are in terrain with few familiar landmarks Brasier is a master storyteller and combines the account of what we now know of the strange creatures of these ancient times with engaging and amusing anecdotes from his expeditions to Siberia Outer Mongolia Barbuda and other places giving a vivid impression of the people places and challenges involved in such work He ends by presenting his own take on the Cambrian Explosion based on the picture emerging from this very active field of research A vital clue involves worms burrowing worms are one of the key signs of the start of the Cambrian This is fitting Darwin was inordinately fond of worms **Last of the**

Exorcism and Its Texts Hilaire Kallendorf,2003-12-15 Exorcism and demonic possession appear as recurrent motifs in early modern Spanish and English literatures In Exorcism and Its Texts Hilaire Kallendorf demonstrates how this infection was represented in some thirty works of literature by fifteen different authors ranging from canonical classics like Shakespeare Cervantes Ben Jonson and Lope de Vega to obscure works by anonymous writers From comic and tragic drama to picaresque narrative and eight other genres possession worked as a paradigm through which authors could convey extraordinary experience including not only demonic possession but also madness or even murder The devil was thought to be able to enter the bodily organs and infect memory imagination and

reason Some came to believe that possession was tied to enthusiasm poetic frenzy prophecy and genius Authors often drew upon sensational details of actual exorcisms In some cases such as in Shakespeare curing the body and the body politic meant affirming cultural authority in others as with Zamora it clearly meant subverting it Drawing on the disciplines of literary theory and history Exorcism and its Texts is the first comprehensive study of this compelling topic A New English Dictionary on Historical Principles ,1897
