Fighting Means Killing Jonathan M. Steplyk, 2020-10-05 War means fighting and fighting means killing Confederate cavalry commander Nathan Bedford Forrest famously declared The Civil War was fundamentally a matter of Americans killing Americans This undeniable reality is what Jonathan Steplyk explores in Fighting Means Killing the first book length study of Union and Confederate soldiers attitudes toward and experiences of killing in the Civil War Drawing upon letters diaries and postwar reminiscences Steplyk examines what soldiers and veterans thought about killing before during and after the war How did these soldiers view sharpshooters How about hand to hand combat What language did they use to describe killing in combat What cultural and societal factors influenced their attitudes And what was the impact of race in battlefield atrocities and bitter clashes between white

Confederates and black Federals These are the questions that Steplyk seeks to answer in *Fighting Means Killing* a work that bridges the gap between military and social history and that shifts the focus on the tragedy of the Civil War from fighting and dying for cause and country to fighting and killing The Journal of Mississippi History ,1964 Includes section Book reviews
