

Help save the Snow Leopards.

With only 4,000 left in the wild, Snow Leopards are included in the list of endangered species.

Poaching and climate change are on top of the reasons why Snow Leopards are gradually disappearing. And several groups and organizations are stepping up to help stop poaching and reduce the effects of global warming.

Snow Leopard Help Save Us:

Saving the Snow Leopard Louise Spilsbury, 2023-02-01 The snow leopard is one of Earth's most entrancing creatures yet it is also one of its most threatened. Find out why some people are making it their mission to try to save snow leopards and what readers can do to make it their mission too in this call to action series. Mission Survival explores why humans are endangering snow leopards and their biomes and how and why some people have devoted their careers to helping save them. Some of the world's most beautiful creatures are threatened because of human action. Find out why some people are making it their mission to try to save them what kids on a mission are doing to save them and what readers can do to make it their mission too in this call to action series. Mission Survival includes case studies that explore the work people are undertaking to save threatened animals and career information that shows children how they can build their own careers in animal conservation.

Snow Leopards, 2023-10-12 *Snow Leopards* Second Edition provides a foundational comprehensive overview of the biology, ecology and conservation of this iconic species. This updated edition incorporates all the recent information from range wide surveys and conservation projects, the results of technical and advances particularly in genetics, camera trapping and satellite tracking and evaluates emerging threats. New chapters synthesize the novel scientific methods and statistical analyses used to develop density and population estimates and how they inform conservation and management estimates. Sections cover historical information, the main biogeographic patterns, evolutionary trends, conservational efforts and cultural significance. Status and distribution are fully updated for all 12 countries where snow leopards occur. Other sections describe established and emerging threats including human wildlife conflict, illegal trade, infrastructure development and climate change along with conservation solutions used to address these threats. The book concludes with a final section on global snow leopard initiatives and future potentials. Offers a complete and thorough update on snow leopard ecology, conservation, research techniques and population trends among other topics. Presents the results of the latest scientific research and conservation measures. Edited by recognized experts with contributions from 240 of the world's leading experts throughout the snow leopard's range.
Wild Cats John E. Becker, 2008-01-01 Discusses the genetic ancestors of wild cats and presents information on the physical characteristics, behavior, habitat and threats to different kinds of wild cats including servals, jaguars and lynxes.

Snowcub Graham Fulbright, 2021-07-06 If you relish writing which pushes the envelope

with the unconventional Snowcub is for you Graham Fulbright has struck gold with his quintet of soft animal toys and their shared dreamstate metamorphoses into sharp minded flesh and blood creatures Whereas Moby Dick s creator thought domesticated dogs and horses Man s cleverest mind readers Graham looks to the wild side for nature s shrewdest judges of human nature But he also rings the changes putting words into the mouths and beaks of creatures unable to think straight because of unwittingly parodying humankind And as is often the case with Graham language comes under the microscope There s no shying away from the fact that the main thrust of this novel will sit uneasily on some readers consciences An intrepid teenager has thrown down the gauntlet face up to the inconvenient truth that most of us think animals exist to do with as we see fit Last but not least let s not forget the creature after whom this novel is named You will be hard put not to warm to the furry protagonist and his quest for self realisation as he grapples with doubts fears and aspirations mirroring your own Under this heroic creature s leadership and armed with lessons learnt from their encounters with animal life across the globe the novel s five goodwill ambassadors become a young girl s mental support agents in defence of the planet s threatened fauna
