PETER KIVISTO

Social Theory Revisited

George Ritzer

Social Theory Revisited:

Illuminating Social Life Peter Kivisto, 2011 Illuminating Social Life has enjoyed increasing popularity with each edition. It is the only book designed for undergraduate teaching that shows today's students how classical and contemporary social theories can be used to shed new light on such topics as the internet, the world of work, fast food restaurants, shopping malls, alcohol use, body building, sales and service, and new religious movements. A perfect complement for the sociological theory course, it offers 13 original essays by leading scholars in the field who are also experienced undergraduate theory teachers. Substantial introductions by the editor link the applied essays to a complete review of the classical and modern social theories used in the book. Revisiting Social Theory D.V. Kumar, 2024-04-08 This book revisits social theory with a view to highlighting certain essential features of good social theory: its ability to raise certain questions, its explanatory power, its critical and reflexive interrogation of concepts, its search for objectivity, its concern to make sense of empirical data, and its aim of projecting some degree of generality and abstraction. With particular attention to issues of nationalism, democracy, civil society, state feminism, neoliberalism, minority rights, environment, and North East Indian society, it considers whether new and more relevant theoretical questions need to be asked. It will therefore appeal to scholars of social theory and political sociology with interests in new approaches to social theory and the development of local or indigenous social thought.

Encyclopedia of Social Theory Austin Harrington, Barbara L. Marshall, Hans-Peter Müller, 2006 The Encyclopedia of Social Theory contains over 500 entries, varying from concise definitions of key terms and short biographies of key theorists to comprehensive surveys of leading concepts, debates, themes, and schools. The object of the Encyclopedia has been to give thorough coverage of the central topics in theoretical sociology as well as terms and concepts in the methodology and philosophy of social science. Although 106 theorists are given entries, the emphasis of the work is on the elucidation of ideas rather than intellectual biography. The Encyclopedia covers the leading contemporary domains of debate on social theory and the classical legacies of social thinkers from the nineteenth and early twentieth centuries, giving proper balance to both the European and North American traditions and to important new developments in the global self-understanding of sociology. Social theory has become one of the most vigorous specialisms of sociology in recent years. This is in part due to the considerable overlaps of social theory with other disciplinary areas such as cultural and media studies, anthropology, and political theory, and to the cross-disciplinary nature of theoretical approaches such as feminism and psychoanalysis, and new fields such as postcolonial studies. The editors have therefore worked to produce in the Encyclopedia of Social Theory a first call reference for students and researchers across the social sciences and humanities with an interest in contemporary theory and the modern history of ideas. The Encyclopedia has been authored by leading international specialists in the field under the direction of a well-balanced editorial team. It is comprehensively cross-referenced and all larger entries carry bibliographies. There is a full index. *Encyclopedia of Social Theory* George Ritzer, 2004-08-11 Click Additional Materials for

downloadable samples The Encyclopedia of Social Theory is an indispensable reference source for anyone interested in the roots of contemporary social theory It examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses Theories covered include Critical Theory Enlightenment Ethnomethodology Exchange Theory Feminism Marxist Theory Multiculturalism Phenomenology Postmodernism Rational Choice Structural Fundamentalism Led by internationally renowned scholar George Ritzer the Encyclopedia of Social Theory draws together a team of more than 200 international scholars covering the developments achievements and prospects of social theory from its inception in the 18th century to the present Understanding that social theory can both explain and alter the social world this two volume set serves as not only a foundation for learning but also an inspiration for creative and reflexive engagement with the rich range of ideas it contains Key Themes American Social Theory British Social Theory Comparative and Historical Theory Cultural Theory Economic Sociology Feminist Theory French Social Theory German Social Theory Macrosociological Theories Marxist and Neo Marxist Approaches Method and Metatheory Network and Exchange Theories Other Multiple National Traditions Politics and Government Postmodern Theory Psychoanalytic Theory Schools and Theoretical Approaches Symbolic Interaction and Microsociology Theorists Topics and Concepts in Social Theory Key Features More than 300 entries from fourteen countries Master Bibliography Reader's Guide Extensive biographical coverage of major theorists Extensive cross referencing

Social Theory Revisited Clinton J. Jesser, 1975

Welcome to Social Theory Tom Brock, 2023-03-08 Welcome to Social Theory is exactly what students want a lucid and engaging introduction to social theory that carefully uses images examples and quotations to illustrate new ways of examining contemporary social life Tom Brock's comprehensive and accessible style produces an indispensable guide to social theory that examines the major theoretical traditions from Marxism through to poststructuralism and from feminism through to postcolonial theory new materialism and posthumanism Welcome to Social Theory gives careful appraisal of classical ideas and debates in social theory and traces their impact through discussion of major contemporary theorists including Michel Foucault Pierre Bourdieu Anthony Giddens Margaret Archer Judith Butler bell hooks Kimberl Crenshaw Edward Said Homi Bhabha Gayatri Spivak Bruno Latour Gilles Deleuze and Rosi Braidotti Social theory matters and this book shows why through relevant and compelling examples including the gig economy everyday sexism digital black feminism animal and environmental activism stigma and discrimination against migrants the need to decolonise the sociology curriculum and many more Welcome to Social theory is an indispensable text for undergraduate students who are new to social theory Dr Tom Brock is a Senior Lecturer of Sociology at Manchester Metropolitan University

The Social Theory of W.E.B. Du Bois Phil Zuckerman, 2004-02-20 Karl Marx Max Weber and Emile Durkheim are widely recognized as the trinity of sociological theory While these three sociologists were trailblazing social theorists who enhanced the study of human behavior and its relationship to social institutions other more contemporary scholars were just as innovative one of those

scholars being W E B Du Bois W E B Du Bois was a political and literary giant of the 20th century publishing over twenty books and thousand of essays and articles throughout his life In The Social Theory of W E B Du Bois editor Phil Zuckerman assembles Du Bois s work from a wide variety of sources including articles Du Bois published in newspapers speeches he delivered selections from well known classics such as The Souls of Black Folk and Darkwater and lesser known hard to find material written by this revolutionary social theorist W E B Du Bois is arguably one of the most imaginative perceptive and prolific founders of the sociological discipline In addition to leading the Pan African movement and being an activist for civil rights for African Americans Du Bois was a pioneer of urban sociology an innovator of rural sociology a leader in criminology the first American sociologist of religion and most notably the first great social theorist of race The Social Theory of W E B Du Bois is the first book to examine Du Bois s writings from a sociological perspective and emphasize his theoretical contributions This volume covers topics such as the meaning of race race relations international relations economics labor politics religion crime gender and education The Social Theory of W E B Du Bois offers an excellent introduction to the sociological theory of one of the 20th century s intellectual beacons It is a dynamic text for undergraduate and graduate students studying sociological theory African American studies and race and ethnicity Social Theory Now Claudio E. Benzecry,Monika Krause,Isaac Ariail Reed,2017-08-14 The landscape of social theory has changed significantly over the three decades since the publication of Anthony Giddens and Jonathan Turner s seminal Social Theory Today Sociologists in the twenty first century desperately need a new agenda centered around central questions of social theory In Social Theory Now Claudio E Benzecry Monika Krause and Isaac Ariail Reed set a new course for sociologists bringing together contributions from the most distinctive sociological traditions in an ambitious survey of where social theory is today and where it might be going The book provides a strategic window onto social theory based on current research examining trends in classical traditions and the cutting edge of more recent approaches From distinctive theoretical positions contributors address questions about how social order is accomplished the role of materiality practice and meaning as well as the conditions for the knowledge of the social world The theoretical traditions presented include cultural sociology microsociologies world system theory and post colonial theory gender and feminism actor network and network theory systems theory field theory rational choice poststructuralism pragmatism and the sociology of conventions Each chapter introduces a tradition and presents an agenda for further theoretical development Social Theory Now is an essential tool for sociologists It will be central to the discussion and teaching of contemporary social theory for years to come Frontiers of Social Theory George Ritzer,1990 This book presents essays reflecting the current state and near term prospects of sociological theory *Sociological Theory in the Contemporary Era* Scott Appelrouth,Laura Desfor Edles,2010-11-29 Uses a proven text reader hybrid format to introduce contemporary theorists their original works and a theoretical framework for understanding them Praise for Sociological Theory in the Contemporary Era Current users of most other theory texts should

take notice of Sociological Theory in the Contemporary Era as it rivals existing volumes with its accessibility and its selections Dustin Kidd Temple University TEACHING SOCIOLOGY Vol 36 2008 April 161 184 Sociological Theory in the Contemporary Era Second Edition combines well edited important original writings from sociology s core contemporary theorists with introductory text that provides a historical and theoretical framework for understanding them Authors Scott Appelrouth and Laura Desfor Edles use this unique text reader approach to introduce students to contemporary sociological theory in a lively and engaging fashion The text reader provides not only a biographical and theoretical summary of each theorist s works but also an overarching scaffolding that students can use to examine compare and contrast each theorist s major themes and concepts The book also offers discussions of past social and intellectual milieus to provide a holistic picture of the development of the theories discussed Contributor to the SAGE Teaching Innovations and Professional Development Award
