Socialism in Russia J. Gooding,2001-12-03 This book asks three fundamental questions about the socialist experiment in twentieth century Russia How did Marxist ideas come to be implemented in Russia a country entirely unsuited to them Why did the experiment lead to such suffering and upheaval and prove so fruitless And why did the attempt to return to a proper Marxism Leninism bring about the rapid collapse of the experiment In its answers this book pays special attention to the shadow cast by Lenin throughout the entire Soviet era *Theories and Practices of Scientific Socialism*

Zhao Jiaxiang,2020-06-09 In the four volumes of *The Development Trajectory of Eastern Society and the Theories and Practices of Socialism* the author re examines Marx and Engel s theories on the development trajectory of the Eastern societies by integrating theoretical analysis of Marxist theories and a historical investigation of socialist revolution and construction around the world This volume discusses the victories and failures of the 100 year trajectory of socialism Since the Russian Revolution of October 1917 socialism has been practiced for nearly a hundred years in countries at various stages of development The author provides a proper synthesis of the lessons derived from socialism s first hundred years as well as China s reforms and interaction with the world In addition he analyzes Marx and Engels socialist theories and their significance for contemporary social development in Eastern societies Readers who study Marxism Marxist philosophy philosophical history and the history of philosophy will find this volume of immense interest *A Comparative Study of Representative Systems* Yezhong Zhou,2024-03-27

This book demonstrates the social and historical conditions for the existence and development of the representative system and uncovers the laws dictating its occurrence development and operation Due to the barriers of language and cultural communication the understanding of democracy differs in western and Chinese cultures which leads to many misinterpretations and even bias The book displays the merits and drawbacks of different forms of democracy on the basis of a comparative study of the different representative systems and argues that different representative systems can co exist side by side and that the selection of the appropriate form of democracy must reflect the actual conditions in a given country Therefore a blind evaluation or criticism is unreliable The book could provide good opportunities for western scholars to see how the Chinese scholars understand democracy and the representative

system help the westerners to understand the forms of democracy with Chinese characteristics and rationality of the socialist people's representative system grasp the true essence of Chinese Constitution and democracy and give up their bias towards China for a better communication and mutual understanding This book constructs a theoretical framework for studying the representative system and provides a solid foundation for its further research promoting the improvement and development of constitutional jurisprudence Even today the comparative study of the basic theories system building and operation of the representative system are of great theoretical significance and practical value in the Chinese political development and reform The book is primarily intended for graduates and scholars in the areas of constitutional jurisprudence on China and abroad It is a must read for constitutional researchers and those who want to know the essential differences between Chinese and Western constitutional jurisprudence *Socialism, Social Ownership and Social Justice* Leslie J. Macfarlane, 2016-07-27 Socialism Social Ownership and Social Justice is concerned with the emergence in Europe over the centuries of dreams and aspirations amongst the poor and weak for new societies of justice and equality based on common ownership and common sharing It ranges from the Greek legendary ideal of a simple communal golden age of equals and the dark reality of Spartan perverted communalism to the collapse of Soviet communism and the abandonment by West European socialist parties of their commitment to transform ruling class dominated capitalist societies into democratic egalitarian socialist societies **The Development of Communist Theory Under the U.S.S.R.** Charles Marion Thomas, 1952 Foreign Social Science Bibliographies ,1965 **The Theory and Practice of Communism, (People's Republic of China), Hearings ...**, 93-1 ...
