Kautilya and Non-Western IR Theory Deepshikha Shahi,2018-09-29 The ancient Indian text of Kautilya s Artha stra comes forth as a valuable non Western resource for understanding contemporary International Relations IR However Kautilya s Artha stra largely suffers from the problem of presentism whereby present day assumptions of the dominant theoretical models of Classical Realism and Neorealism are read back into it thereby disrupting open reflections on Kautilya s Artha stra which could retrieve its alternative assumptions and unconventional traits This book attempts to enable Kautilya s Artha stra to break free from the problem of presentism it does so by juxtaposing the elements of continuity and change that showed up at different junctures of the life history of both Kautilya s Artha stra and Eurocentric IR The overall exploratory venture leads to a Kautilyan non Western eclectic theory of IR a theory which moderately assimilates miscellaneous research traditions of Eurocentric IR and in addition delivers a few innovative features that could potentially uplift not only Indian IR but also Global IR
