Gray, 2003-09-02 Archetypal Expressions is a fresh approach to one of Jung s best know and most exciting concepts Richard M Gray uses archetypes as the basis for a new means of interpreting the world and lays the foundations of what he terms an archetypal sociology Jung s ideas are combined with elements of modern biology and systems theory to explore the basic human experiences of life which recur through the ages Revealing the implicitly cross cultural and interdisciplinary nature of Jungian Psychology Archetypal Explorations represents a significant contribution to the literature of archetypes and integrative approaches to human behaviour
