**Risen Bones, Wandering Spirits** Itai T. Mupanduki, 2012-03-19 Commencing with the call to arms and resistance against colonial oppression this book begins on familiar territory for many. The author then explores ingeniously the path of the struggle for freedom and the entrenched power brokers sustaining the colonial structure. Mabhonzo a prophetic guerilla leader predicts what would happen if the struggle deviates from its true aims: mainly true liberty, true emancipation, true self-determination rooted in the progressive ways of the people. Meanwhile the reader is taken years ahead to former colonies now independent but still struggling from the yoke of the power brokers and lack of genuine leadership. The author then craftily takes the reader to see the blind triumph to independence where sadly the prophet does not live to see this day. Independence is followed by unprecedented corruption and repression which leads to an ultimate confrontation of the powerful and their global collaborators against a few good men and women. The reader then ends up in very unfamiliar waters where a war of morals erupts with the ultimate victory of the good taking place and a new order finally created. The *Risen Bones* and the wandering spirits tells us that all it takes for evil to thrive is for good men and women to do nothing. It signifies the ongoing search and the ultimate discovery of peace, justice and human goodwill underlined by struggle against evil.

discussed outside many remote villages they originate from As you peer through these pages be prepared to be thrilled and amazed as some aspects of ancient African culture are brought to life through amazing story telling Most of the stories are used to reinforce the traditional virtues in these tribal societies Some of the stories illustrate and exemplify what happens to youngsters when they choose to follow the century old African tradition and culture and when another youngster deviates from the traditional African values of respecting and honoring their elders And yes some of the stories are told to young girls in rural areas as cautionary tales to keep them from marrying total strangers outside their respective tribes Most of the stories and folktales here are fictionalized and many characters borrowed from various cultures to entertain the reading audience while imparting numerous traditional virtues and morals into the youngsters The ancient traditional African elders strongly believe in inculcating and ingraining these societal virtues into their youngsters because like the ancient Greek philosophers the African elders deeply concurred with Plato's enunciation that Now since men are by nature acquisitive jealous combative and erotic how shall we persuade them to behave themselves By the Policeman's omnipresent club It is a brutal method costly and irritating There is a better way and this is by lending to the moral requirements of the community
