The Language of Mediums and Psychics Robin Wooffitt, 2017-03-02 Every week thousands of people in Europe and the USA consult psychic practitioners Communication is crucial to the performance of psychic powers in a range of settings Psychic practitioners use language to demonstrate their powers whether they are reporting the words of their spirit contacts or interpreting the spread of Tarot cards Their clients also accept or reject this information through talk This book presents the first sustained study of the verbal interaction between the various kinds of psychic practitioners and their clients Using conversation analysis Robin Wooffitt examines the structure of the interaction focusing on the ways in which psychic practitioners and their clients establish the authenticity of the claimed paranormal powers Adopting a neutral standpoint towards the status of the claims of psychic practitioners the book raises important issues about the role of social science in understanding the activities of psychic practitioners and other kinds of parapsychological phenomena This highly original study will appeal to students and scholars of discourse studies and to sociologists interested in conversation analysis It is written in a style accessible to non specialists and will also interest parapsychologists and social scientists studying psychic phenomena and the paranormal

Death - What will we think about the ultimate truth of life..... Siddhesh Chindarkar, People have a wide range of beliefs and attitudes about death Some may view it as a natural part of life while others may fear it Many religious or spiritual beliefs involve an afterlife while others view death as the end of consciousness Some people may find comfort in knowing that death is a release from

suffering while others may find solace in the idea of being reunited with loved ones who have passed away Grief and mourning are common reactions to the death of a loved one and people may also experience feelings of fear anxiety or uncertainty about their own mortality Ultimately people's thoughts and feelings about death are deeply personal and can be influenced by a variety of factors including culture religion and individual life experiences Probing Parapsychology Grant R. Shafer, 2023-05-16 Parapsychology is a science made controversial by its subjects extrasensory perception psychokinesis mind over matter and disembodied minds which imply life after death Moreover these parapsychological phenomena called psi challenge physicalism the philosophy that everything can be completely understood in terms of physics This book is a snapshot of the parapsychological field with essays written by authors of diverse academic backgrounds and experiences Essays examine parapsychological phenomena from prehistory through the founding of the science by intellectuals distressed by physicalism to the postmodern present It includes both experimental and theoretical evaluations of the phenomena Parapsychology is a science which may overturn the philosophy which has dominated science since Newton and may inspire curious readers who are disheartened by the consequent denial of the spirit Surviving Sibling Loss: The Invisible Thread that Connects Us Through Life and Death Dawn DiRaimondo, Psy.D., 2020-11-15 When author Dawn DiRaimondo PsyD lost her brother in 2004 she found only one book on sibling loss So she wrote the book she wished she had then *Surviving Sibling Loss The Invisible Thread that Connects Us Through Life and Death* is the gold standard of grief books helping not only people who are grieving but also their therapists partners and friends better support their loved ones The chapters are deliberately short and full of easy to find resources and the book can be read cover to cover or picked up and put down again This structure aids those who are struggling who fatigue and lose focus easily under the weight of their grief Dr DiRaimondo is a clinical psychologist whose specialties include working with clients who have experienced significant loss including the loss of children siblings spouses grandchildren and young parents *Surviving Sibling Loss* interweaves her personal and professional experience and knowledge of bereavement as well as the perspectives of fourteen individuals she interviewed who also lost siblings *The Truth Behind Ghosts, Mediums, and Psychic Phenomena* Ron Rhodes, 2006-09-01 Psychics mediums and ghosts have become a sensation in our culture today As a result there are many confusing and deceptive beliefs presented Ron Rhodes respected and popular biblical scholar tackles the truth about ghosts and those who say they communicate with them and answers the questions Do ghosts in any shape or form exist Why is there a rise in psychic phenomena today What do psychics believe about God Jesus and salvation What is Satan's role with the paranormal How can parents protect their family from the psychic trend This reader friendly presentation of intriguing facts and biblical insights will help Christians know how to respond to this fascination with the ultimate truth *After This* Claire Bidwell Smith, 2015-04-28 In *After This* acclaimed author and therapist Claire Bidwell Smith confronts the question she encounters every day in private practice what happens after we die In an exploration of the afterlife that is part personal part

prescriptive Smith invites us on her journey into the unknown She wonders How do we grieve our loved ones without proof that they live on Will we ever see them again Can they see us now even though they are gone Chronicling our steps along the path that bridges this world and the next Smith undergoes past life regressions and sessions with mediums and psychics and immerses herself in the ceremonies of organized religion and the rigor of scientific experiments to try and find the answers Drawing on both her personal losses recounted in her memoir The Rules of Inheritance as well as her background working in hospice as a bereavement counselor Smith attempts to show how exploring the afterlife can have a positive impact on the grief process

Suicide Jon Klimo, Pamela Rae Heath, 2006-06-12 This provocative study explores what happens to those who commit suicide Drawing on communications from the spirits of more than 100 successful suicides it offers an intriguing look at what the dead themselves say about suicide its repercussions and their experiences in the afterlife Bringing together the channeled messages of three types of suicide traditional suicide assisted suicide and the suicide mass murder adopted by terrorists the book covers a wide range of topics including why people commit suicide what it is like to cross over adjustment problems what suicides would say to those left behind and what they would tell others thinking of taking their own lives Additionally the book conveys powerful messages from suicide bombers warning potential terrorists of the serious karmic consequences that await them For anyone contemplating suicide or euthanasia the book offers profound sometimes unsettling insight into the ramifications of these acts
