Talking God Albert R. Cutié, 2016-04-01 What does it mean to preach to a 21st century congregation Today's church has a digital dilemma We live in an age where new media is inescapable yet many still perceive these new forms of communication as either an unmanageable challenge or at odds with the mission of the church Clergy and lay leaders alike can be at a loss as to what methodologies practices and adjustments are necessary to engage today's congregations How can we effectively meet the challenges of our present context In Talking God Fr Cuti whose wide following spans both traditional and new media starts where preaching the gospel has always started with a preacher and an audience and examines the challenges digital communications pose to all involved in the craft of preaching including the way contemporary audiences receive and listen to the message preached Is the 21st century church responding to this evolution by seeking to understand the present day listening context and the often overwhelming media culture in which it is called to preach Must preachers and teachers of the Word of God evolve in style and practice to continue being effective communicators of the gospel Has the world changing around us changed our methodology or even our message

**Talking God: Philosophers on Belief** Gary Gutting, 2016-11-22 Through interviews with twelve distinguished philosophers including atheists agnostics and believers Talking God works toward a philosophical understanding and evaluation of religion Along the way Gary Gutting and his interviewees challenge many common assumptions about religious beliefs As tensions simmer and often explode between the secular and the religious forces in modern life the big questions about human belief press ever more urgently Where does belief or its lack originate How can we understand and appreciate religious traditions different from our own Featuring conversations with twelve skeptics atheists agnostics and believers including Alvin Plantinga Philip Kitcher Michael Ruse and John Caputo Talking God offers new perspectives on religion including the challenge to believers from evolution cutting edge physics and cosmology arguments both for and against atheism and meditations on the value of secular humanism and faith in the modern world Experts offer insights on Islam Buddhism and Hinduism as well as Judaism and Christianity Topical and illuminating Talking God gives readers a deeper understanding of faith today and how philosophers understand it From Talking God Some say Buddhism is not a religion because Buddhists don't believe in a supreme being This simply ignores the fact that many religions are not theistic in this sense Chess is a game despite the fact that it is not played with a ball after all Jay Garfield from chapter 10 Buddhism Religion Without Divinity Why think that the creator was all knowing and omnipotent Maybe the creator was a student god and only got a B minus on this project Louise Antony from chapter 2 A Case for Atheism There are a large number maybe a couple of dozen of pretty good theistic arguments None is conclusive but each or at any rate the whole bunch taken together is about as strong as philosophical arguments ordinarily get Alvin Plantinga from chapter 1 A Case for Theism If you cease to believe in a particular religious creed like Calvinism or Catholicism you have changed your mind and adopted a new position But if you lose faith everything is lost You have lost your faith in life lost hope

in the future lost heart and you cannot go on John Caputo from chapter 3 Religion and Deconstruction *Talking God in Society* Ute E. Eisen, Heidrun Elisabeth Mader, 2021-01-18 Peter Lampe's work has covered a wide range of fields the common denominator being his interest in contextualizing belief systems Mirroring his multifaced work the authors pursue his interest from different interdisciplinary angles addressing the interdependence between religious expressions and their situations or contexts The application of theoretical models to texts examples flanks the inspiring theoretical epistemological and methodological reflections Studies in socio economic and political history adjoin archaeological epigraphic papyrological and iconographic investigations Social psychological interpretations of texts complement rhetorical analyses The hermeneutical reception of biblical materials in for example the Koran and Christian Chinese or Orthodox contexts as well as in religious education and homiletics rounds off the volumes *God Talk* Ruth A. Tucker, 2006-01-01 Does God speak The answer seems clear Books abound on the topic of hearing God's voice And many believers testify to God's conversational guidance in their life God told me to help you I knew it was God speaking to me Our culture reinforces the idea that speaking constant speaking is good and natural and essential In those rare moments during a day when talking ceases or when we're alone we quickly find some way to fill the void whether turning on the television or radio or calling someone on the phone With others and especially with God we get the message speaking is good silence is bad But still Ruth Tucker is not afraid to ask the question Does God speak And her answer might surprise you She urges caution in speaking about hearing God pointing out that our privatized spirituality often sets those who hear God on a pedestal and leaves those who don't feeling spiritually inferior Further she shows how the expectation of conversation may too easily humanize God in our minds causing us to approach God with the same attitude we have when we call a friend on the phone And if God does speak how can we be sure our own desires are not affecting our interpretation of God's voice In *God Talk* Tucker offers us a new paradigm for viewing silence and prayer Rather than feeling inferior when we don't hear God speak she helps us lean more deeply on his silent Spirit inspired Word By examining the Trinity Tucker gives us a new glimpse of how God the Father spoke his words in the past how Christ the Incarnate Word lived among us and how the Holy Spirit speaks to us now through Scripture Here is a probing thought provoking read on how our present active powerful God relates to us and how we in turn should relate to God *Talking God* Tony Hillerman, 2009-10-13 Don't miss the TV series *Dark Winds* based on the Leaphorn Chee Manuelito novels now on AMC and AMC For the many enthusiastic fans of Tony Hillerman's previous mystery novels only one thing needs to be said *Talking God* is the best one yet USA Today From New York Times bestselling author Tony Hillerman *Talking God* is the ninth novel featuring beloved characters Lieutenant Joe Leaphorn and Officer Jim Chee Reunited by a grave robber and a corpse Navajo Tribal Police Lieutenant Joe Leaphorn is trying to determine the identity of a murder victim while Officer Jim Chee is arresting Smithsonian conservator Henry Highhawk for ransacking the sacred bones of his ancestors But with each peeled back layer it becomes shockingly clear that these two cases are mysteriously connected and that others are

pursuing Highhawk with lethal intentions And the search for answers to a deadly puzzle is pulling Leaphorn and Chee into the perilous arena of superstition ancient ceremony and living gods     *Let God Talk to You* Becky Tirabassi,2010-09 Shows readers how to connect with God in a two way conversation that will satisfy the longing of their souls to know God and be loved by Him     *How Does God Talk to Us?* Frank Hofmann,2021-12-17 How does God talk to us The image of the speaking God offers a profound insight into the nature of communication The idea of the God s Word runs like a red thread through the entire Bible Few theologians however have interpreted the concept Word of God as a linguistic phenomenon but Augustine Luther and Barth are among those who have What sets this study apart from others is its emphasis on the aspects of semiotics Augustine semantics Luther and pragmatics Barth Hofmann then places these three theologians in the context of the linguistic analytical philosophy of Ludwig Wittgenstein Ian Ramsey and John L Austin This work carries forward the dialogue between theology and modern philosophy of language while at the same time opening up the Word of God for human reality It also touches on the fields of the doctrine of God and Christology attempting nothing less than a comprehensive language theory of the Word of God     **God Are You Talking to Me?** Dr. Tana Tillman,2010-12-01 Have you ever awakened in the middle of the night and had such a strong feeling of having to do something and not been able to go back to sleep until you did it Have you had many experiences about which you called coincidences or intuition Have you had a song come on the radio with words that touched your heart at a time when you really needed to hear them Have you had a friend relative call you on the phone just when you were about to call that person yourself Have you had a book come into your hands just when you needed to read the message in it If you answered yes to any or all of the preceding questions then this book is the one for you to read It is a true story about what happened to an average person like you who decided to take a leap of faith and believe that it was God speaking to her whenever any of those things happened It could be your story because the author describes what she did to hear Gods Voice and what transpired when she followed the directives which she was given Read this book to see what can happen in just 12 short weeks when you take a leap of faith be still and listen and try to be just Love     *Psychoanalytic Approaches to Myth* Daniel Merkur,2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company     *Wanting a God You Can Talk To* Jesse Duplantis,2012-04-10 Does God seem distant to you Does His vastness overwhelm you Do you desire to just pull up a chair and talk a few things over with Him You can God wants to have a relationship with you like no other In *Wanting A God You Can Talk To* world renowned evangelist and author Jesse Duplantis shares his often humorous accounts     **American Indian Medicine Ways** Clifford E. Trafzer,2017-10-17 The book highlights American Indian spiritual leaders miracle healings and ceremonies that have influenced American history and shows their continued significance Provided by publisher     *In the Beginning* Jerrold E. Levy,2023-04-28 Jerrold E Levy s masterly analysis of Navajo creation and origin myths shows what other interpretations often overlook that the Navajo religion is as complete and nuanced an attempt to answer humanity s big questions as the

religions brought to North America by Europeans Looking first at the historical context of the Navajo narratives Levy points out that Navajo society has never during its known history been either homogeneous or unchanging and he goes on to identify in the myths persisting traditions that represent differing points of view within the society The major transformations of the Navajo people from a northern hunting and gathering society to a farming then herding then wage earning society in the American Southwest were accompanied by changes not only in social organization but also in religion Levy sees evidence of internal historical conflicts in the varying versions of the creation myth and their reflection in the origin myths associated with healing rituals Levy also compares Navajo answers to the perennial questions about the creation of the cosmos and why people are the way they are with the answers provided by Judaism and Christianity And without suggesting that they are equivalent Levy discusses certain parallels between Navajo religious ideas and contemporary scientific cosmology The possibility that in the future Navajo religion will be as much altered by changing conditions as it has been in the past makes this fascinating account all the more timely This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1998 Jerrold E Levy's masterly analysis of Navajo creation and origin myths shows what other interpretations often overlook that the Navajo religion is as complete and nuanced an attempt to answer humanity's big questions as the religions brought to North America

*The Existence* Theodore Ihejieta, 2018-12-21 *The Existence* By Theodore Ihejieta *The Existence* is a book of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life It is a book of Planet Earth which the Planet Earth gave to the author because the author asked the Planet Earth for the book of the world The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world This is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection The author did not like to die in the world and told his existence that he did not want to die because the author believed that Planet Earth has the power to save human beings in the world *The Existence* is the faith the hope and the charity that God challenged human beings to find and tell the mountain of evil and death to move away from human beings

**Black Women and Breast Cancer** Elizabeth A. Williams, 2018-11-16 Christian theology at its core is a story about someone being in trouble In response to this trouble the triune God intervenes God identifies with those in trouble walking with them through the experience Yet the God of Christian theology goes a step further God prevails over trouble God is an overcomer Black women with breast cancer identify with this God They also see themselves in this theological narrative They see themselves in the midst of troubles troubles like racism poverty and environmental exposures that create the disease affecting their bodies They see the troubles of breast cancer their biological

disposition towards more aggressive cancers later stage diagnoses poorer prognoses diminished quality of care and worse outcomes Black women also palpably feel the troubles breast cancer brings like fear physical disfigurement social isolation being stereotyped for treatment decisions abandonment and even death Black women feel the myriad troubles breast cancer brings But Black women also know God in their troubles They know an active God who identifies with and prioritizes their needs They know this God through scripture and experience as God who puts them front and center And because they know God as an overcomer and creative force they know themselves as overcomers For with God their troubles do not last always Black women with breast cancer construct a cultural theology of breast cancer out of knowing God Borne out of experiences of the Black Church womanist theology and their intersectional identities of race class and gender this theological investigation informed by anthropology examines how Black women construct an ontology of who God is and how God operates and gain a God consciousness that shapes their response to the disease Using pain faith and testimony as tools to struggle against breast cancer Black survivors theology transforms them from victims of breast cancer to change agents Out of their lives as survivors comes a theology of complex hope one cognizant of Black women's breast cancer disparities yet oriented towards Black women's achievement of health in the present and the future a sufficient hope to sustain Black women through it all
