[Extracted from "Sainte-Hélene: Journal Inédit de 1815 À 1818," Etc.] Translated, and with Notes, by Elizabeth W. Latimer Gaspard Baron Gourgaud, afterwards LATIMER WORMELEY (Mary Elizabeth), 1903

Napoleon and Doctor Verling on St Helena J. David Markham,2006-03-19 Many books have been written about St Helena and its most famous resident the exiled Emperor Napoleon Bonaparte The episode has been so intensively researched that it is rare for a fresh unpublished account to come to light Yet Dr James Verling s St Helena journal is just such a source Verling was based on St Helena during Napoleon s imprisonment and he was even appointed as Napoleon s official physician Throughout his stay this young doctor kept a vivid diary of his experiences Through Verling s eyes we get a fresh view of daily life on the island and of the suspicion filled society that grew up around Napoleon during his last years Napoleon's Library Louis N Sarkozy,2024-07-30 This book will surprise readers with the literary depths of Napoleon Bonaparte exploring the enigmatic emperor s intimate relationship with books and history going far beyond his more militaristic and

imperial fame Napoleon Bonaparte held absolute political power in France and his influence stretched across Europe and beyond Yet he remained between leading his armies and ruling over a vast empire an indefatigable reader who even carried libraries into battle Bonaparte s love of the written word birthed in childhood and nurtured as an adolescent and young adult never left him He was a lover of literature for its own sake often swooning over melodramatic love stories but he also understood the value of books as instruments of power Before his campaigns he poured over dozens of texts relating to the relevant theaters geography population trade and history When contemplating grave decisions such as his divorce to Empress Josephine he consulted the historical record for useful precedents to justify and inform his actions To bolster his troop's morale during challenging times he constantly referenced history in his proclamations making his contemporaries feel as if they were actively shaping history They were The library of an individual is the key to his mind Behind the grandiose paintings of the victorious conqueror and the constructions of the propagandist stands the reader This book is an attempt to glimpse Napoleon's character without the veneer of imperial glory. What was he like alone at night by his fireplace What thoughts percolated in the mind of the ambitious 20 year old isolated in a little room while theorizing about man's happiness Who are the literary and historical figures which can claim to have had impacted his life Who were his favorite authors Through this book the reader will embark on a literary promenade with the great general and statemen In these pages are found the emperor s favorite authors And with them the key to understanding his mind **Edwards's Military Catalogue** Francis Edwards (Firm), 1908 Napoleon: A Life Told in Gardens and Shadows Ruth Scurr, 2021-06-15 Marking the 200th anniversary of his death Napoleon is an unprecedented portrait of the emperor told through his engagement with the natural world How should one envisage this subject With a great pomp of words or with simplicity Charlotte Bront The Death of Napoleon The most celebrated general in history Napoleon Bonaparte 1769 1821 has for centuries attracted eminent male writers Since Thomas Carlyle first christened him our last Great Man regiments of biographers have marched across the same territory weighing campaigns and conflicts military tactics and power politics Yet in all this time no definitive portrait of Napoleon has endured and a mere handful of women have written his biography a fact that surely would have pleased him With Napoleon Ruth Scurr one of our most eloquent and original historians emphatically rejects the shibboleth of the Great Man theory of history instead following the dramatic trajectory of Napoleon's life through gardens parks and forests As Scurr reveals gardening was the first and last love of Napoleon offering him a retreat from the manifold frustrations of war and politics Gardens were at the same time a mirror image to the battlefields on which he fought discrete settings in which terrain and weather were as important as they were in combat but for creative rather than destructive purposes Drawing on a wealth of contemporary and historical scholarship and taking us from his early days at the military school in Brienne le Ch teau through his canny seizure of power and eventual exile Napoleon frames the general s story through the green spaces he cultivated Amid Corsican olive groves ornate menageries in Paris and lone garden plots on the island of Saint Helena Scurr

introduces a diverse cast of scientists architects family members and gardeners all of whom stood in the shadows of Napoleon s meteoric rise and fall Building a cumulative panorama she offers indelible portraits of Augustin Bon Joseph de Robespierre the younger brother of Maximilien Robespierre who used his position to advance Napoleon's career Marianne Peusol the fourteen year old girl manipulated into a Christmas Eve assassination attempt on Napoleon that resulted in her death and Emmanuel comte de Las Cases the atlas maker to whom Napoleon dictated his memoirs As Scurr contends Napoleon's dealings with these people offer unusual and unguarded opportunities to see how he grafted a new empire onto the remnants of the ancien r gime and the French Revolution Epic in scale and novelistic in its detail Napoleon with stunning illustrations is a work of revelatory range and depth revealing the contours of the general s personality and power as no conventional biography can Napoleon Alan Forrest, 2012-12-11 From Alan Forrest a preeminent British scholar comes an exceedingly readable account of the man and his legend On a cold December day in 1840 Parisians turned out in force to watch as the body of Napoleon was solemnly carried on a riverboat from Courbevoie on its final journey to the Invalides The return of their long dead emperor s corpse from the island of St Helena was a moment that Paris had eagerly awaited though many feared that the memories stirred would serve to further destabilize a country that had struggled for order and direction since he had been sent into exile In this book Alan Forrest tells the remarkable story of how the son of a Corsican attorney became the most powerful man in Europe a man whose charisma and legacy endured after his lonely death many thousands of miles from the country whose fate had become so entwined with his own Along the way Forrest also cuts away the many layers of myth and counter myth that have grown up around Napoleon a man who mixed history and legend promiscuously Drawing on original research and his own distinguished background in French history Forrest demonstrates that Napoleon was as much a product of his times as their creator New York School Journal ,1903 The School Journal, 1903

This is likewise one of the factors by obtaining the soft documents of this **Talks Of Napoleon At St Helena With General Baron** by online.
