**Tall, Thin, and Blonde** Dyan Sheldon, 1993 Jenny and Amy used to be best friends but since they started high school Amy has a whole new group of friends Sheldon's novel about Jenny's struggles between conformity and her own individuality is fast paced and laugh out loud funny with a poignant edge that cuts to the very heart of adolescent life Los Angeles Magazine, 1996-09 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian **The New York Trilogy** Paul Auster, 1990-04-01 The remarkable acclaimed series of interconnected detective novels City of Glass Ghosts and The Locked Room from New York Times bestselling author Paul Auster Exhilarating a brilliant investigation of the storyteller's art guided by a writer detective who's never satisfied with just the facts The Philadelphia Inquirer City of Glass As a result of a strange phone call in the middle of the night Quinn a writer of detective stories becomes enmeshed in a case more puzzling than any he might have written Ghosts Blue a student of Brown has been hired by White to spy on Black From a window of a rented room on Orange Street Blue keeps watch on his subject who is across the street staring out of his own window The Locked Room Fanshawe has disappeared leaving behind his wife and baby and a cache of extraordinary novels plays and poems What happened to him and why is the narrator Fanshawe's boyhood friend lured obsessively into his life Moving at the breathless pace of a thriller this is a uniquely stylized trilogy of detective novels that The Washington Post Book World has classified as post existential private eye It's as if Kafka has gotten hooked on the gumshoe game and penned his own ever spiraling version The Architect's Suicide R M Beckley, 2014-05 The Architect's Suicide thoughtfully combines fiction with fact in this sometimes hallucinatory account It brings readers deep inside the convoluted life and mysterious disappearance of an American architect seeking fame and recognition during an era when heroism appears to have died An architectural critic endeavors to understand the disappearance of Robert A Michael architect and his presumed suicide In his quest recorded here the critic sheds light on the world of architectural practice that so disappointed this architect As part of his research the critic interviews members of Robert's family business associates clients and colleagues the narratives the critic assembles reveal the personal and professional ambitions and despair that may have contributed to the architect's fate Robert A Michael in his youth read Ayn Rand's influential book the Fountainhead Like other young men he was inspired by Rand to pursue a career in architecture choosing architecture over art as his career goal He believed in Rand's modernist idea of the autonomous man of independent mindedness and integrity Robert however was continually disappointed as he found the heroic role of the architect promoted by Rand to be elusive Conflicts arose between his

aesthetic ideals and the realities of architectural practice the critic speculates that Robert's sobering disappearance signifies the end of the modern era for architects and their profession as promoted by Rand and the heroes of architecture's modern movement
