Tall Dark Deadly:

Tall, Dark, Deadly Alpha Donna Grant, 2017-07-11 Tall Dark Deadly Alpha is a collection of the first three novels in the Reaper series from New York Times bestselling author Donna Grant. There is no escaping a Reaper. We are elite assassins, part of a brotherhood that only answers to Death. And when Death says your time is up, we are coming for you. Dark Alpha's Claim Baylon's whole existence is based on taking what Death wants. Born to eliminate Fae guilty of unforgivable crimes, his reckless wild nature makes him the perfect assassin to carry out Death's bidding. But when he lays eyes on Jordyn, he's never wanted a woman, never mind a human, so badly. A Reaper saving Jordyn's life will only attract danger, but Baylon vows to protect her at all costs from the Fae that hunt her. Dark Alpha's Embrace Kyran is a warrior. As a Reaper who does Death's bidding, weakness is a word he doesn't understand. Until stunning librarian River White stirs emotions deep within him, he's never felt before. But underneath those wide eyes and fierce femininity, she has a weapon, one she won't hesitate to use. And when the Dark begin their deadly descent, Kyran and River need each other's love and protection or risk fracturing apart. Dark Alpha's Demand Talen exists to exact vengeance on the Fae for their wrongs per Death's orders: a fearsome Fae. But Neve captured his soul with just a look from her seductive gaze, and Talen has never wanted, never hungered for anyone else more than her. But someone has set out to kill her and expose Talen. But he'll stop at nothing to destroy any man, human or Fae, who brings harm to her.

TALL, DARK AND DEADLY Madeline Harper, 2012-07-16 He Was Tall, Dark, and Deadly. The minute Dana Baldwin laid eyes on the devastatingly handsome Alex Jourdan, she knew she was in trouble. Though she tried to avoid him and his sizzling touch when she was framed for murder and thrown into a backward Congo prison, Alex was the only one who dared to come to her rescue. And she was his prey. Little did she know that Alex needed her more than she did him. And as long as he could keep that secret from her, Alex had her just where he wanted her. Besides, it was only for a little while, at least that's what his head told him. His heart, his body, told him something different.
