Taming The Prince The Ambivalence Of Modern Executive Power:

Taming the Prince Harvey Claflin Mansfield, 1993 Reprint of the 1989 Free Press work on executive power Annotation copyright by Book News Inc Portland OR The Myth of the Modern Presidency David K. Nichols, 2010-11-01 *Executive Power in Theory and Practice* H. Liebert, G. McDowell, 2012-01-30 Since September 11 2001 long standing debates over the nature and proper extent of executive power have assumed a fresh urgency In this book eleven leading scholars of American politics and political theory address the idea of executive power Law as Politics David Dyzenhaus, 1998 Articles previously published in the Canadian journal of law and jurisprudence **Thomas Jefferson and Executive Power** Jeremy D. Bailey, 2007-07-09 By revisiting Thomas Jefferson's understanding of executive power this book offers a new understanding of the origins of presidential power Before Jefferson was elected president he arrived at a way to resolve the tension between constitutionalism and executive power Because his solution would preserve a strict interpretation of the Constitution as well as transform the precedents left by his Federalist predecessors it provided an alternative to Alexander Hamilton's understanding of executive power In fact a more thorough account of Jefferson's political career suggests that Jefferson envisioned an executive that was powerful or energetic because it would be more explicitly attached to the majority will Jefferson's Revolution of 1800 often portrayed as a reversal of the strong presidency was itself premised on energy in the executive and was part of Jefferson's project to enable the Constitution to survive and even flourish in a world governed by necessity **Progressive Challenges to the American Constitution** Bradley C. S. Watson, 2017-04-24 In this volume Bradley C S Watson brings together the leading scholars who have sparked one of the most important intellectual and political movements of our times the criticism of the progressive intellectual synthesis that has dominated American thought and politics over much of the last century and has provided the framework in which the administrative state has expanded and flourished The contributors address the most important questions raised by this movement what is the meaning of progressivism What is the nature of the Founders Constitution and the progressive challenges to it What is the significance of recent scholarship and public opinion that have arisen in opposition to the progressive vision What are the implications of American progressivism for twenty first century politics and policy **Progressive Challenges to the American Constitution** addresses the growing doubt about the scope and sustainability of expanded government power **Public Law in a Multi-Layered Constitution** Nicholas Bamforth, Peter Leyland, 2003-10-30 How is the distribution of power between the different levels of the contemporary constitution to be policed What is the emerging contribution of the courts in regard to EC law the Human Rights Act 1998 and devolution What roles should be played by the legislative and judicial bodies at each level Who should have access to the courts in public law disputes and on what grounds should the courts regulate the exercise of public power Can a coherent distinction be maintained between public and private law These essays by leading public law scholars explore the allocation and regulation of public power in the United Kingdom At the beginning of the

twenty first century it appears that the traditional Diceyan model of a unitary constitution has been superseded as power has come to be distributed particularly in the post 1997 period between institutions at European national devolved and local level Furthermore the courts have come to play a powerful role at all levels through judicial review while forms of regulation and contracting together with other informal techniques of governance have emerged The contemporary constitution can be characterised as involving a multi layered distribution of power a situation which raises many key questions about the role of public law The essays in this important collection tackle such questions from a variety of perspectives aiming between them to provide a dynamic picture of the role of public law in the contemporary multi layered constitution

Machiavelli's Liberal Republican Legacy Paul A. Rahe, 2005-11-14 The significance of Machiavelli's political thinking for the development of modern republicanism is a matter of great controversy In this volume a distinguished team of political theorists and historians reassess the evidence examining the character of Machiavelli's own republicanism and charting his influence on Marchamont Nedham James Harrington John Locke Algernon Sidney John Trenchard Thomas Gordon David Hume the Baron de Montesquieu Benjamin Franklin George Washington John Adams Thomas Jefferson James Madison and Alexander Hamilton This work argues that while Machiavelli himself was not liberal he did set the stage for the emergence of liberal republicanism in England By the exponents of commercial society he provided the foundations for a moderation of commonwealth ideology and exercised considerable if circumscribed influence on the statesmen who founded the American Republic Machiavelli's Liberal Republican Legacy will be of great interest to political theorists early modern historians and students of the American political tradition

The Idea of Presidential Representation Jeremy D. Bailey, 2019-07-23 Does the president represent the entire nation Or does he speak for core partisans and narrow constituencies The Federalist Papers the electoral college history and circumstance from the founders time to our own all factor in theories of presidential representation again and again lending themselves to different interpretations This back and forth Jeremy D Bailey contends is a critical feature not a flaw in American politics Arriving at a moment of great debate over the nature and exercise of executive power Bailey's history offers an invaluable remarkably relevant analysis of the intellectual underpinnings political usefulness and practical merits of contending ideas of presidential representation over time Among scholars a common reading of political history holds that the founders aware of the dangers of demagoguery created a singularly powerful presidency that would serve as a check on the people's representatives in Congress then this theory goes the Progressives impatient with such a counter majoritarian approach reformed the presidency to better reflect the people's will and they reasoned advance the public good The Idea of Presidential Representation challenges this consensus offering a more nuanced view of the shifting relationship between the president and the American people Implicit in this pattern Bailey tells us is another equivocal relationship that between law and public opinion as the basis for executive power in republican constitutionalism Tracing these contending ideas from the framers time to our own his book provides both a history and a

much needed context for our understanding of presidential representation in light of the modern presidency In *The Idea of Presidential Representation* Bailey gives us a new and useful sense of an enduring and necessary feature of our politics

Democratic Decision-Making David Lewis Schaefer, 2012-02-20 *Democratic Decision Making Historical and Contemporary Perspectives* contains eight essays by political scientists addressing various aspects of the democratic decision making process The book is divided into four parts democratic statesmanship the extent to which limitations of the democratic principle of majority rule are desirable the contemporary doctrine of deliberative democracy and informal modes of democratic decision making Under these four headings the contributors discuss a wide variety of issues including the practice of political opportunism by such statesmen as Hamilton and Madison the historical development of legal restraints on democracy in America ranging from judicial review during the colonial period to the filibuster the operation of classical Athenian democracy the defects of which may have been exaggerated by the American Founders the significance of the reflections of Tammany Hall boss George Washington Plunkitt for the development of the American party system the relation of deliberative democracy theory to the thought of Rousseau and the means by which cooperative land use agreements have been arrived at in California eliciting the voluntary consent of the affected parties instead of relying on judicial or bureaucratic dictates The book is well suited for use in courses on American political thought democratic theory American political development and related subjects

Sword and Scales Martin Loughlin, 2000-07-24 This short and accessible book provides a provocative re assessment of the various tangled relationships between law and politics and in so doing examines legal and political thinking on such critical areas as justice the state constitutionalism and rights It introduces lawyers especially to certain important themes in some of the key texts in political thought and introduces political scientists to the legal dimensions of a number of central themes of political studies Written by one of the leading theorists in constitutional law the book should prove to be an indispensable companion for any student or teacher interested in law and politics Contents I Law and Politics in the Conversation of Mankind II Justice III The State IV Constitutionalism V Conclusions

Non-Legality in International Law Fleur Johns, 2013-01-03 Shows how international lawyers make non law extra legal illegal and other non legal phenomena and why this matters in global politics today

Presidential Power Matthew A. Crenson, Benjamin Ginsberg, 2007 This book explores how American presidents especially those of the past three decades have increased the power of the presidency at the expense of democracy

A Companion to the United States Constitution and Its Amendments John R. Vile, 2025-07-24 Charting 250 years of history the 8th edition of this constitutional companion shows students just how revolutionary the Constitution was and how relevant it remains today After revisiting the key events leading to the Constitution's ratification including the drafting of the Declaration of Independence and the proceedings of the Constitutional Convention this book explores the Constitution article by article and amendment by amendment to help readers better understand how each section of the document shapes the America we live in today The 8th

edition illuminates how recent laws political debates and Supreme Court decisions are continually reshaping our understanding of the Constitution and its role in American life and society including such issues as Donald Trump's immunity from prosecution for the January 6th riots Mike Pence's role in certifying Electoral College votes Ketanji Brown Jackson's appointment to the Supreme Court and the Dobbs decision among other controversial developments *Monocratic Government* Fortunato Musella, 2022-02-21 Personalisation is the most relevant political phenomenon of our time After the decline of structural and ideological foundations of Western democracies a radical shift from collective to individual actors and institutions has occurred in several political systems On the one hand political leaders have gained centrality on the democratic scene as a consequence of both a more direct sometimes plebiscitary relationship with citizens and a more direct control of the executive administration On the other hand a process of fragmentation occurs at the mass level where electoral volatility has strongly increased and the spread of social media enables each citizen to express their convictions in the self-referential autonomy of the digital networks *Monocratic Government The Impact of Personalisation on Democratic Regimes* analyses the consequences of personalisation of political leaders on democratic government by asking whether it is possible to keep together *demos* and *kratos* in a post-participatory context It explores topics such as governmental decrees Trump governance and includes an analysis of the coronavirus outbreak Offering comparative insights and exploring how political leaders govern in the United States France Germany Italy and Hungary this volume brings into focus the study of political personalisation in relation to some of the key trends and crises in modern politics *Administrative Ethics and Executive Decisions* Chad B. Newswander, 2017-10-02 As first responders to public problems administrators must survey situations identify solutions and occasionally make executive decisions that are binding upon the government as a whole The ability for administrators to assert claims that orient the government in a particular direction is not only powerful but it can also be problematic and even dangerous For administrators the tension between moving in a spirited way and remaining sensible is a problem of how to exercise one's discretion especially in the U.S. context which demands that both be considered and actualized In dealing with these competing expectations Chad B. Newswander analyzes how administrators can incorporate executive legislative and judicial tendencies to help them handle the problem of discretion Expanding the thinking of the constitutional school of public administration thought *Administrative Ethics and Executive Decisions* is a theoretically grounded and empirically rich study of how administrators incorporate a constitutional ethos to handle the problem of discretion **The Oxford Handbook of Political Executives** Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have been at the centre of public and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes *The Oxford Handbook of Political Executives* marks the definitive reference work in this field Edited and written by a team of world-class scholars it combines substantive stocktaking

with setting new agendas for the next generation of political executive research **Take Up Your Pen** Graham G. Dodds, 2013-05-30 Graham G Dodds explores the constitutional and historical development of unilateral presidential directives the ability of presidents to bypass the legislative process and set public policy via their own executive orders and how such a practice fits Americans conception of democracy *Political Thought and the Origins of the American Presidency* Ben Lowe, 2024-09-17 How the American executive office was constructed in the Constitution and implemented by the first presidents This volume examines the political ideas behind the construction of the presidency in the U S Constitution as well as how these ideas were implemented by the nation s early presidents The framers of the Constitution disagreed about the scope of the new executive role they were creating and this volume reveals the ways the duties and power of the office developed contrary to many expectations Here leading scholars of the early republic examine principles from European thought and culture that were key to establishing the conceptual language and institutional parameters for the American executive office Unpacking the debates at the 1787 Constitutional Convention these essays describe how the Constitution left room for the first presidents to set patterns of behavior and establish a range of duties to make the office functional within a governmental system of checks and balances Contributors explore how these presidents understood their positions and fleshed out their full responsibilities according to the everyday operations required to succeed As disputes continue to surround the limits of executive power today this volume helps identify and explain the circumstances in which limits can be imposed on presidents who seem to dangerously exceed the constitutional parameters of their office *Political Thought and the Origins of the American Presidency* demonstrates that this distinctive time tested role developed from a fraught historically contingent and contested process Contributors Claire Rydell Arcenas Lindsay M Chervinsky Francois Furstenberg Jonathan Gienapp Daniel J Hulsebosch Ben Lowe Max Skj nsberg Eric Slauter Caroline Winterer Blair Worden Rosemarie Zagarri A volume in the Alan B and Charna Larkin Series on the American Presidency **Compromise and the Constitution** Kimberly C. Shankman, 1999-01-01 Kimberly Shankman has written the first full length study of the political thought of early American statesman Henry Clay In *Compromise and the Constitution* Shankman seeks to understand Clay s approach to republican statesmanship by carefully considering the context in which he developed and articulated his programs and policy prescriptions Because Clay was policy oriented and very seldom addressed politics from a theoretical perspective there has been a tendency to dismiss him as motivated primarily if not exclusively by expedience and ambition Shankman demonstrates however that Clay s reticence about first principles was in fact an integral part of his conception of an appropriate republican politics one based on prudence interest and compromise rather than on principle passion and adamancy This book is crucial reading for scholars of American history early American political thought and the Constitution

Getting the books **Taming The Prince The Ambivalence Of Modern Executive Power** now is not type of inspiring means. You could not unaided going when books deposit or library or borrowing from your friends to way in them. This is an definitely simple means to specifically get lead by on-line. Taming The Prince The Ambivalence Of Modern Executive Power Introduction

In today's digital age, the availability of Taming The Prince The Ambivalence Of Modern Executive Power books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Taming The Prince The Ambivalence Of Modern Executive Power books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Taming The Prince The Ambivalence Of Modern Executive Power books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Taming The Prince The Ambivalence Of Modern Executive Power versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Taming The Prince The Ambivalence Of Modern Executive Power books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Taming The Prince The Ambivalence Of Modern Executive Power books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Taming The Prince The Ambivalence

Of Modern Executive Power books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Taming The Prince The Ambivalence Of Modern Executive Power books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Taming The Prince The Ambivalence Of Modern Executive Power books and manuals for download and embark on your journey of knowledge?

FAQs About Taming The Prince The Ambivalence Of Modern Executive Power Books
