Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible *Historical Dictionary of the War in Vietnam* emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive

Raider Charles W. Sasser,2013-12-03 Raider is the true story of the legendary soldier who performed more POW raids than any other American in history He went into battle as a boy And on one of the most daring missions of World War II he became a man and the perfect soldier for America s next wars Galen Charles Kittleson was slight modest and born to wage war The son of an Iowa farmer Kittleson volunteered in 1943 and caught the eye of his commanders By 1945 PFC Kittleson was selected for the Army s smallest elite unit the Alamo Scouts While U S forces were pushing back the Japanese in the Pacific the Alamo scouts unleashed legendary raids deep behind enemy lines including the liberation of over 500 starved beaten prisoners of the Bataan Death March in the Philippines For Kittleson a career as a raider had just begun Charles W Sasser chronicles the remarkable journey that was Kit Kittleson s courageous life in the service of his country Now a veteran after first going to war as a boy twenty five years ago Kittleson volunteered for one last mission the most extraordinary and daring POW raid ever attempted by secret American Special Forces in Vietnam **US Army Special Forces Small Unit**

Echols Collection on Southeast Asia,1998 **The US Special Forces** John Prados,2015-05-05 The assassination of Osama bin Laden by SEAL Team 6 in May 2011 will certainly figure among the greatest achievements of US Special Forces After nearly ten years of searching they descended into his Pakistan compound in the middle of the night killed him and secreted the body back into Afghanistan Interest in these forces had always been high but it spiked to new levels following this success There was a larger lesson here too For serious jobs the president invariably turns to the US Special Forces the SEALs Delta Force the Green Berets and the USAF s Special Tactics squad Given that secretive grab and snatch operations in remote locales characterize contemporary warfare as much as traditional firefights the Special Forces now fill a central role in American military strategy and tactics Not surprisingly the daring and secretive nature of these commando operations has generated a great deal of interest The American public has an overwhelmingly favorable view of the forces and nations around the world recognize them as the most capable fighting units the tip of the American spear so to speak But how much do we know about them What are their origins What function do they fill in the larger military structure Who can become a member What do trainees have to go through What sort of missions do Special Forces perform and what are they expected to accomplish Despite their importance much of what they do remains a mystery because their operations are clandestine and the sources elusive In The US Special

Forces What Everyone Needs to Know eminent scholar John Prados brings his deep expertise to the subject and provides a pithy primer on the various components of America s special forces The US military has long employed Special Forces in some form or another but it was in the Cold War when they assumed their present form and in Vietnam where they achieved critical mass Interestingly the Special Forces suffered a rapid decline in numbers after that conflict despite the fact that the United States had already identified terrorism as a growing security threat The revival of Special Forces began under the Reagan administration After 9 11 they experienced explosive growth and are now integral to all US military missions Prados traces how this happened and examines the various roles the Special Forces now play They have taken over many functions of the regular military a trend that Prados does not expect will end any time soon This will be a definitive primer on the elite units in the most powerful military the world has ever known *Military History* ,1997-04 **Civil War** ,1996
