**Dead for a Dollar** William W. Johnstone, J.A. Johnstone, 2021-10-26. Johnstone Justice Making the West wild again. Keeping the peace in a West Texas town like Buffalo Peak should be easy for a legendary frontiersman like Marshal Elwood Firestick McQueen. He's got his longtime buddies Beartooth Skinner and Moosejaw Hendricks as his deputies, not to mention the famous rifle that earned him his nickname. But when Firestick learns that their ornery old friend Rip Ripley just rode into town, all bets are off. It's darn near impossible to keep the peace when Rip's specialty is disturbing it. Firestick finds a decade-old wanted poster for Rip; the reward is one dollar. Firestick uses it to toss Rip into the clink till he decides to leave town. But Ripley's still up to his old tricks; he has a new gang of cutthroats coming to Buffalo Peak to steal a king's ransom in gold in the town bank. Firestick, Beartooth and Moosejaw become pawns in what just might be the heist of the century. Because Rip's kill-crazy pals will have to bust him out of jail first.

**Books**, 1987. Time, Space and the Unknown Paul Spencer, 2004-02-24. First Published in 2004. Uncertainty is an aspect of existence among the Maasai in East Africa. They take ritual precautions against mystical misfortune, especially at their ceremonial gatherings which exude displays of confidence and generate a sense of time, space, community and being. Yet their performances are undermined by a concern for clandestine psychopaths who are thought to create havoc through sorcery. Normally, elders seek moral explanations for erratic encounters with misfortune, viewing God as the Supreme and unknowable figure of Providence. However, sorcery lies beyond their collective wisdom, and they look for guidance from their Prophet as a more powerful sorcerer to whom they are bound for protection. This work examines the variation of this pattern associated with different profiles of social life and tension across the Maasai federation.

The Black Son D. Brooklyn, 2008-12. *The Cavalry Journal*, 1906. Cavalry Journal, 1906. Australia Hannah Robinson, 2003. Australia is the only country in the world where

every major stage in the earth's evolution can be witnessed through living fossils. You step through time by experiencing Australia's stunning arid lands, tropical rainforests, palm groves, heathlands, island havens and marine sanctuaries. But Australia doesn't stop there; the wildlife is brimming with unusual ways to survive an unrelenting environment where rain comes about once per decade. Check out the Thorny Devil, a reptile that slurps dew from its feet into the corners of its mouth through a surface network of microscopic aqueducts. Or the beautiful flowering Banksia that provides its nectar with essential amino acids so their pollinating Honeyeaters don't need to waste time hunting high protein food elsewhere. This book shows eco-travellers what to look for and why, plus how to get the best experience at each destination. From the Great Barrier Reef to the Queensland Wet Tropics, Ayers Rock to Sydney and the Blue Mountains, Hannah Robinson helps you find human-sized birds, understand the local geology and much more. Travel destinations include many World Heritage sites. Resources included in the book will help you make the most of any visit. There are lists of wildlife guides, safaris, nocturnal expeditions and dive companies, descriptions of walks and hikes from a half hour to nine days in length, plus rafting trips and more wilderness lodges, cabins and starlit accommodation information. **The Publishers Weekly**, 1987 **School Library Journal**, 1997 The Oxford Encyclopedia of Children's Literature: Smad-Zwer, index Jack Zipes, 2006. For much of its history, children's literature has been overlooked or looked down on by scholars. But in recent years, children's literature has assumed greater importance as literary critics, psychologists, anthropologists and historians have begun to discover what children and parents have known for centuries: that this is a literature of extraordinary richness, depth and delight. The Encyclopedia captures and elucidates this richness in four volumes and 3,200 signed entries. It offers comprehensive coverage of children's literature from medieval chapbooks of moral instruction for children to J.K. Rowling's immensely popular Harry Potter books. Unlike other references, the Encyclopedia not only documents but also interprets every work, major and minor, that has played a role in the history of children's literature in the world. General essays illuminate prominent trends, themes, genres and the traditions of children's literature in many countries. In addition, the Encyclopedia provides biographies of important writers as well as extensive coverage of illustrators with numerous examples of their work. Sociocultural developments such as the impact of toys, films, animation, the Internet, literacy, libraries and librarians, censorship, the multicultural expansion of the field and other issues related to the appreciation and dissemination of children's literature are also addressed. While the Encyclopedia concentrates on the tradition known best by its readership, it also covers the international development of children's literature and offers an unprecedented treatment of works from Australia, Canada, New Zealand, India, Pakistan, African countries and other nations. Its over 800 distinguished contributors come from around the world and include such renowned scholars and writers as Gillian Avery, Peter Hunt, Klaus Doderer, Hansa Heino Ewers, Jean Perrot, Denise Escarpit, Brian Alderson and Betsy Gould Hearne. A-Z organization, accessible writing, plentiful illustrations, cross-references, bibliographies, a comprehensive index and a systematic outline make the Encyclopedia an

invaluable and easy to use research reference
