

Examples Of Tanka

Wind blowing on my face
making my cheeks rosy red
it's biting my nose
and chilling through all my bones
it is pushing me along.

The leaves change color
when the fall winds start
to blow,
yellow, orange and brown
are colors of fall leaves
slowly falling from the
trees.

Pretty colored trees
That are orange, red and
yellow
in the Autumn air
an old barn by the water
with a white fence around
it.

Jungle Named Academia Yukiko Inoue-Smith, 2015-11-03 Professional ethics require continuous self improvement of professors through writing reading and learning no less than for students Promoting excellence in scholarship mentoring students in their research and effectively teaching are vital elements in our professional and personal growth However any one of these could be a full time job in itself To excel in each role it is essential for faculty members to reflect daily on our work What is the role of comparisons in this reflection Though our colleagues successes may suggest to us possibilities in our own work that we didn't know existed there is a danger that our neighbor's flowers will always seem more beautiful than our own We should let comparisons with others suggest new approaches to our goals but never focus on comparing our outcomes successes and failures with those of other people Instead we should focus on steadily improving our own levels of mastery of skills in scholarship and in work with students In American academia where both faculty members and students are ethnically and culturally diverse such that we will often find our assumptions challenged reflective thinking is even more essential than in a culturally homogeneous environment Hence reflective systematic approaches to daily practice in reading teaching and writing are powerful survival tactics and are likely to sustain one's vitality and productivity as a member of the academy **Tanka in English** Atsuo Nakagawa, 1987 *The 'tanka' in English Translation* Torao Takemoto, 1942 **The Oxford Guide to Literature in English Translation** Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available
