Kiss of the Yogini David Gordon White, 2024-05-31 For those who wonder what relation actual Tantric practices bear to the Tantric sex currently being marketed so successfully in the West David Gordon White has a simple answer there is none Sweeping away centuries of misunderstandings and misrepresentations White returns to original texts images and ritual practices to reconstruct the history of South Asian Tantra from the medieval period to the present day Kiss of the Yogini focuses on what White identifies as the sole truly distinctive feature of South Asian Tantra sexualized ritual practices especially as expressed in the medieval Kaula rites Such practices centered on the exchange of powerful transformative sexual fluids between male practitioners and wild female bird and animal spirits known as Yoginis It was only by drinking the sexual fluids of the Yoginis that men could enter the family of the supreme godhead and thereby obtain supernatural powers and transform themselves into gods By focusing on sexual rituals White resituates South Asian Tantra in its precolonial form at the center of religious social and political life arguing that Tantra was the mainstream and that in many ways it continues to influence contemporary Hinduism even if reformist misunderstandings relegate it to a marginal position Kiss of the Yogini contains White s own translations from over a dozen Tantras that have never before been translated into any European language It will prove to be the definitive work for persons seeking to understand Tantra and the crucial role it has played in South Asian history society culture and religion

connect with your partner in a way so deep you're both brought to the brink of ultimate bliss. Originating in India sometime between 300 and 400 of the Common Era CE, the concept of tantra can be detected dating back to 2000 BC. Ancient civilizations have long been harnessing the power of this remarkable practice, and the modern world we live in is only now waking up to all the glorious possibilities tantric sex can bring. Tantric sex is not a religion; it is a practice and a way of life. It doesn't just teach you the various sex methods you could use for greater pleasure alone. It teaches you how to give and receive the loving energy between a pair of lovers. It teaches you about awakening the internal spirit, the energy of life that flows within us all, to connect with your spiritual side and restore meaning to your life. It reminds us that our bodies are a temple and that within every man and woman there resides a God and Goddess. Tantric sex is about connecting with your partner so deeply that in that union you feel like you may have found your soul mate at last.

You will learn Tantra's emotional and cultural origins. Why tantric sex is better than regular sex. How to bring out your partner's sensual side. Overcoming the myths to discover the truth. How to awaken your body and free your mind. The true power of breath and what it can do for your sexual experience. How to harness the power of your sexual energy. How to transform your sexual energy using your chakras. How to manipulate the senses for greater intimacy. What the erotic awakening massage can do for you. Understanding the universal hum. The best tantric sex positions to try today. There's more to tantra than meets the sexual eye, and this book aims to help you understand why it should be seen as a way to connect meaningfully with your partner rather than seeing it as nothing more than a way for you to have an orgasm. Embrace tantra fully, and you'll live your life with freedom and passion you never knew before. Tantra doesn't just teach you how to connect with your partner. It teaches you how to connect with your world. Tantra is a practice that benefits both men and women, and we'll provide step-by-step guides about how you can work together with your partner the way you are supposed to. This book is not going to tell you how to do it. It's going to show you how to do it.
