Tao Of Psychology Synchronicity And Self:

The Tao of Psychology Jean Shinoda Bolen,1979

The Tao of Psychology Jean Shinoda Bolen,2005-01-18

Understanding the Moments That Touch and Transform Our Lives Who hasn't experienced that eerie coincidence that sudden baffling insight that occasional flash of extrasensory perception that astonishes? Can these events be dismissed as mere chance or do they have some deeper significance for us? The twenty fifth anniversary edition of this classic explores the inter relationship between these meaningful coincidences and our intuitive sense that we are part of some deep oneness with the universe, a oneness called Tao in Eastern philosophy and synchronicity in Jungian psychology. By relating the concepts of Tao and synchronicity Dr Bolen reveals important links between psychology and mysticism, right brain and left the individual and the external world. The Tao of Psychology provides the key for each individual to interpret the synchronistic events in his or her life and gives fresh insight into the relationships, dreams and flashes of perception that transform our existence.

Zen and the Art of Wholeness Charles C McCauley,2005-04 As a spiritual seeker you are on a quest for truth. This journey to find your truth has many names: becoming whole, self actualized, enlightened, individuated or authentic. All roads lead to the same destination: your essence being true nature or original face. Here you will find your source of meaning, purpose and fulfillment. In our Western culture our need for wholeness expresses itself through its greatest obstacle: the tension between survival and meaning. Resolving this tension is a large part of finding happiness and fulfillment in life. We need to achieve a harmonious balance between the objective goal oriented world and the subjective intuitive world, a union between the mind and the heart. Much like the Zen tradition of pointing the way, author Charles McCauley points the way for you to navigate your unique quest for wholeness. He guides you on a spiritual and psychological journey that is above all a personal experience. By using a unique synthesis of Eastern and Western spiritual and psychological wisdom that addresses contemporary issues, *Zen and the Art of Wholeness* leads you towards discovering and fully experiencing the whole life you were born to have.

Tarot for Your Self Mary K. Greer,2019 The tarot classic that first promoted the practice of reading the cards not just for others but for one's own personal insight and self transformation. *Tarot for Your Self* was ground breaking when this book was first published and is still radically significant today. Benebell Wen, author of *Holistic Tarot*. Deciding to work with the Tarot is like embarking on a long inward journey. Mary K Greer. This tarot classic by Mary K Greer was the first book to promote reading the cards for your own insight, revolutionizing tarot through a combined emphasis on self teaching techniques and personal growth. *Tarot for Your Self* uses meditations, rituals, spreads, mandalas, visualizations, dialogues, charts, affirmations and other activities to help you establish your own relationship with the cards. All the information is presented using the best in traditional knowledge and know how. This powerful breakthrough process will turn all your readings into truly transformative experiences. *Tarot for Your Self* covers interpretations for the major and minor arcana, reversed card meanings for all 78 cards and enlightening information on your shadow teacher cards.

Using the Greek Goddesses to

Create a Well-Lived Life for Women Martha Beck,2019-01-15 This book brings to life the meaning of the stories of the seven goddesses of Greek mythology Each goddess represents a sacred calling a way of life whose goal is to live for the sake of something greater than oneself Athena is the goddess of wisdom and justice Artemis is the woods woman who protects the natural world Demeter is the goddess of the fertility of the earth and the birth and nurturing of children Hera is the wife of Zeus the king who dedicates her life to creating a high quality of public life through nurturing various community activities Aphrodite is the goddess of creativity Persephone is the victim who was raped by Hades and abducted to the underworld where she punishes those who victimized others while alive and Hestia is the contemplative she who reflects upon human affairs and sees how all the parts fit a larger whole The book will allow readers to recognize themselves and their own sacred passions in these stories Once recognized women can educate themselves and each other They can use the wisdom represented in Greek mythology to create meaningful and complete lives in the context of a culture that is still dominated by men and their passions In this way women will be liberated to do everything they can to leave a better world behind for their children grandchildren and future generations

The Many Faces of Coincidence Laurence Browne,2017-11-10 Although much has been said and written about coincidences there is a marked absence when it comes to the development of a comprehensive model that incorporates the many different ways in which they can be understood and explained One reason for this omission is undoubtedly the sharp divide that exists between those who find coincidences meaningful and those who do not with the result that the conclusions of the many books and articles on the subject have tended to fall into distinct camps The Many Faces of Coincidence attempts to remedy this impasse by proposing an inclusive categorisation for coincidences of all shapes and sizes At the same time some of the implications arising from the various explanations are explored including the possibility of an underlying unity of mind and matter constituting the ground of being
