Wei, 2003-05-22 Moves reflexology beyond the realm of foot massage and into the realm of sexuality Offers acupressure methods to build intimacy and heighten sexual pleasure Helps couples find their sexual energy potential and physical compatibility Provides techniques to perform time tested Taoist sexual spiritual exercises By Mantak Chia coauthor of The Multi Orgasmic Man The most powerful reflex points on the body are on the sexual organs While the practice of reflexology is normally associated with massage of the feet in Sexual Reflexology

Mantak Chia gives applications for using the sexual reflex points in lovemaking transforming sexual intercourse into a form of ecstatic acupressure By combining the classic Taoist sexual texts with modern reflexology theory the author provides a unique opportunity for couples to practice sexual intimacy as an act of healing Mantak Chia shows how to evaluate a person s sexual energy potential as well as how the size and shape of the sexual organs determine a couple s compatibility In addition to the specific ecstatic acupressure exercise instructions he provides thoughtful commentary on ancient Taoist practices that reveal how we can all use our sexual essence to create healthy and loving relationships

Sex in China Fang Fu Ruan,2013-11-22 China

today is sexually and in many other ways a very repressive society yet ancient China was very different. Some of the earliest surviving literature of China is devoted to discussions of sexual topics and the sexual implications of the Yin and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far distant from their Chinese origins. In recent years a number of books have been written exploring the history of sexual practices and ideas in China but most have ended the discussion with ancient China and have not continued up to the present time. Fang Fu Ruan first surveys the ancient assumptions and beliefs then carries the story to present day China with brief descriptions of homosexuality, lesbianism, transvestism, transsexualism and prostitution and ends with a chapter on changing attitudes toward sex in China today. Dr Ruan is well qualified to give such an overview. Until he left China in the 1980s he was a leader in attempting to change the repressive attitudes of the government toward human sexuality. He wrote a best selling book on sex in China and had written to and corresponded with a number of people in China who considered him as confidant and advisor about their sex problems. A physician and medical historian, Dr Ruan's doctoral dissertation was a study of the history of sex in China.

The Tao of Sexology Stephen Thomas Chang, 1986 **The Tao of Sex** Anton Jayasuriya, 1991*

Healing Love through the Tao Mantak Chia, 2005-07-15. A new edition of the bestseller. The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy. Reveals Taoist secrets for shortening menstruation, reducing cramps and compressing more chi into the ovaries for greater sexual power. Teaches the practice of total body orgasm. For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people sworn to silence in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing love is the cultivation, transformation and circulation of sexual energy known as jing. Jing energy is creative, generative energy that is vital for the development of chi, vital life force energy and shen, spiritual energy which enables higher practices of spiritual development. Jing is produced in the sexual organs and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women's physical, mental and spiritual well being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full body orgasm.

ancient Chinese ways of love which teaches the art of nourishing life The first of these texts is a series of questions from the emperor to his high functionaries concerning Taoist precepts for enjoying a healthy and spiritual sex life For example the advisors recommend breathing only five times through the mouth during lovemaking to energize the members of the body In addition this portion of the book includes recipes for erotic dishes such as pan fried beef tea with dates and eggs and sheep s kidney The second half of the book is illustrated with sexual positions including the tiger s ballad the grasshopper s landing the caterpillar on a stem the Phoenix s takeoff and others This title is bound in the style of a traditional Chinese text along with a lavish casing
