**Powerless But NOT Helpless** Buddy C., 2021-07-15 Like a child who receives a gift but plays with only the box we possessed sobriety the entire time and did not know it v17 Buddy C. If you are reading this, you or someone you love is probably dealing with a life-controlling addiction, even though they have tried to break free. The author, Buddy C., wrestled with the same dilemma. Years of heartfelt efforts poured into a black hole, only to return to a destructive lifestyle. Buddy tried the twelve-step recovery process but found surrendering to a power greater than ourselves undefinable and even unattainable. Others shared his challenge of finding a God of our understanding as well. Like himself, they were sincere people searching for relief but did not fit within the common solution of AA. For many in recovery, traditional views of a Higher Power do not resonate. This dissonance left Buddy feeling hopeless. As a result, Buddy C. entered a cycle of recovery and relapse for over six years. Searching the world's religions for answers, Buddy discovered a healing way of life that connected with his needs. The revealed Taoist philosophies were not only close to other principles he had learned in recovery but resonated with his experience growing up as a Christian attending church in the south. *The Tao Te Ching* by Lao Tzu opened a path to his recovery that traditional methods had not been able to do. Once Buddy utilized these principles, he discovered that when applied daily, Taoism also opened a path that healed other aspects of his life. What is this pathway? Who is Lao Tzu? How does Taoist philosophy describe a higher power? Find all these answers and
