Tape Recording for the Hobbyist Arthur Zuckerman,1973 **Tape Recording for the Hobbyist Art** Zuckerman,1971 **Dawn of the DAW** Adam Patrick Bell,2018-02-08 Dawn of the DAW tells the story of how the dividing line between the traditional roles of musicians and recording studio personnel producers recording engineers mixing engineers technicians etc has eroded throughout the latter half of the twentieth century to the present Whereas those equally adept in music and technology such as Raymond Scott and Les Paul were exceptions to their eras the millennial music maker is ensconced in a world in which the symbiosis of music and technology is commonplace As audio production skills such as recording editing and mixing are increasingly co opted by musicians teaching themselves in their do it yourself DIY recording studios conventions of how music production is taught and practiced are remixed to reflect this reality Dawn of the DAW first examines DIY recording practices within the context of recording history from the late nineteenth century to the present Second Dawn of the DAW discusses the concept of the studio as musical instrument and the role of the producer detailing how these constructs have evolved throughout the history of recorded music in tandem Third Dawn of the DAW details current practices of DIY recording how recording technologies are incorporated into music making and how they are learned by DIY studio users in the musically chic borough of Brooklyn Finally Dawn of the DAW examines the broader trends heard throughout summarizing the different models of learning and approaches to music making Dawn of the DAW concludes by discussing the ramifications of these new directions for the field of music education *The Oxford Handbook of Music Making and Leisure* Roger Mantie,Gareth Dylan Smith,2017 The Oxford Handbook of Music Making and Leisure presents myriad ways for reconsidering and refocusing attention back on the rich exciting and emotionally charged ways in which people of all ages make time for making music Looking beyond the obvious this handbook asks readers to consider anew What might we see when we think of music making as leisure **Tape Recording** ,1962 Recording Culture Daniel Makagon,Mark Neumann,2009 This volume explores the methodological issues related to audio documentary it also provides readers with practical guidance on how to produce their own audio projects **Tape Recording for the Hobbyist. Music and Technoculture René T. A. Lysloff, Leslie C. Gay, Jr., 2013-08-15 Moving from web to field from Victorian parlor to 21st century mall the 15 essays gathered here yield new insights regarding the intersection of local culture musical creativity and technological possibilities Inspired by the concept of technoculture the authors locate technology squarely in the middle of expressive culture they are concerned with how technology culturally informs and infuses aspects of everyday life and musical experience and they argue that this merger does not necessarily result in a cultural grayout but instead often produces exciting new possibilities In this collection we find evidence of musical practices and ways of knowing music that are informed or even significantly transformed by new technologies yet remain profoundly local in style and meaning
