Material Spirituality in Modernist Women's Writing Elizabeth Anderson, 2020-03-19 For Virginia Woolf H D Mary Butts and Gwendolyn Brooks things mobilise creativity traverse domestic public and rural spaces and stage the interaction between the sublime and the mundane Ordinary things are rendered extraordinary by their spiritual or emotional significance and yet their very ordinariness remains part of their value This book addresses the intersection of spirituality things and places both natural and built environments in the work of these four women modernists From the living pebbles in Mary Butts's memoir to the pencil sought in Woolf's urban pilgrimage in *Street Haunting* the Christmas decorations crafted by children in H D's autobiographical novel *The Gift* and Maud Martha's love of dandelions in Brooks's only novel things indicate spiritual concerns in these writers' work Elizabeth Anderson contributes to current debates around materiality vitalism and post

secularism attending to both mainstream and heterodox spiritual expressions and connections between the two in modernism How we value our spaces and our world being one of the most pressing contemporary ethical and ecological concerns this volume contributes to the debate by arguing that a change in our attitude towards the environment will not come from a theory of renunciation but through attachment to and regard for material things

Writing History 7-11 Hilary Cooper, 2014-06-05 Writing History 7 11 supports students and primary teachers helping them to explore ways in which activities involving the talk that underpins historical enquiry can be developed into reading and exciting extended reflective writing The step that teachers and pupils take from talk for learning to talk for writing is a vital one In this book the authors argue that all aspects of historical enquiry leading to writing involve discussion and dialogue which permeate every aspect of doing history From this perspective they set out a theoretical framework for understanding the role of talk and reading in developing pupils critical thinking and confident reflective writing then demonstrate through a series of case studies in which teachers university lecturers and pupils work together how the theory is put into practice in the classroom Themes include How to support children in writing in a variety of interesting genres How to make links between the National Curriculum 2013 for History and for English How to plan for breadth and depth studies in the new National Curriculum How activities in History 5 11 can be developed into exciting extended writing The second half of the book draws upon case studies from a number of real primary classrooms with children of different ages

Each case study shows how teaching was planned to develop children's confidence and enjoyment in discussion and to scaffold reasoned written explanation and argument. Topics presented are all relevant to the new curriculum framework and include talking and reading about Time change and significance over 6000 years writing a television script Celtic Britain and the Roman Army writing a travel brochure about Celtic Britain The destruction of Roman towns writing a Saxon poem An archaeological investigation of a body in a Danish peat bog writing a newspaper report Did any countries benefit from WW11 writing an argued viewpoint The expansion westwards of European settlers writing a flap book exploring different perspectives This indispensable book provides not only sources for pupils to use in their writing but also models and exemplars of different styles and voices to draw upon

Abbatial Authority and the Writing of History in the Middle Ages Benjamin Pohl, 2023-08-22 This book argues that abbatial authority was fundamental to monastic historical writing in the period c 500 1500 Writing history was a collaborative enterprise integral to the life and identity of medieval monastic communities but it was not an activity for which time and resources were set aside routinely Each act of historiographical production constituted an extraordinary event one for which singular provision had to be made workers and materials assigned time carved out from the monastic routine and licence granted This allocation of human and material resources was the responsibility and prerogative of the monastic superior Drawing on a wide and diverse range of primary evidence gathered from across the medieval Latin West this book is the first to investigate systematically how and why abbots and abbesses exercised their official authority and resources to lay the foundations on which their communities historiographical traditions were built by themselves and others It showcases them as prolific authors patrons commissioners project managers and facilitators of historical narratives who not only regularly put pen to parchment personally but also and perhaps more importantly enabled others inside and outside their communities by granting them the resources and licence to write Revealing the intrinsic relationship between abbatial authority and the writing of history in the Middle Ages with unprecedented clarity Benjamin Pohl urges us to revisit and revise our understanding of monastic historiography its processes and its protagonists in ways that require some radical rethinking of the medieval historian's craft in communal and institutional contexts

A Modest Alphabet for the Masses: Reconciling Tradition and Progress in Japan's Script Reform Pasquale De Marco,2025-07-18 In the annals of linguistic evolution the story of Japan s script reform stands as a compelling narrative of innovation resistance and ultimately transformation A Modest Alphabet for the Masses Reconciling Tradition and Progress in Japan s Script Reform delves into the depths of this remarkable chapter in Japan s history offering a nuanced exploration of the intricate interplay between politics culture and education that shaped the nation s writing system As Japan embarked on its journey of modernization in the early 20th century the need for a more accessible and efficient writing system became increasingly apparent The government recognized that widespread literacy was essential for progress and it set out on a quest to reform the nation s script This endeavor would not be without its challenges as it required navigating a delicate balance between preserving the cultural heritage embodied in the traditional writing system and the demands of a rapidly changing world The debate over script reform quickly became a battleground of competing ideologies Conservatives argued fiercely for the preservation of kanji viewing it as an integral part of Japan s unique cultural identity Progressives on the other hand championed the adoption of a phonetic alphabet similar to those used in many Western languages arguing that it would greatly simplify the learning process and open up new avenues for education and communication Caught in the crossfire of this linguistic struggle were the people of Japan who found themselves at the heart of a transformative process that would profoundly impact their lives They witnessed the gradual erosion of the traditional writing system as new characters were introduced and old ones fell into disuse They grappled with the challenges of learning a new way of writing while simultaneously struggling to preserve the cultural legacy embedded in the old A Modest Alphabet for the Masses unravels the complexities of this linguistic transformation providing a comprehensive analysis of the factors that influenced the decision making process the challenges encountered during the implementation of the reforms and the lasting impact on Japanese society It sheds light on the intricate relationship between language culture and national identity offering valuable insights into the dynamics of linguistic change in a globalized world This book is a must read for anyone interested in the history of language reform the evolution of writing systems and the complex interplay between tradition and progress It is a compelling narrative that illuminates the challenges and triumphs of a nation as it navigates the ever changing landscape of communication in the modern world If you like this book write a review **Forum** ,2003 田中 幸子 Pike-Baky,2001 *English Teaching Forum* ,2000 *The Connoisseur* ,1902 Teaching Reading in Spanish Rocio del Castillo-Perez,Julia Stearns Cloat,2022-11-09 Teaching Reading in Spanish A Linguistically Authentic Framework for Emerging Multilinguals is an essential teacher instructional guide to developmental biliteracy It provides a comprehensive reading framework for teachers who teach students to read Spanish in K 12 dual language and bilingual programs Anchored in asset based pedagogy this framework
