## **Tar Heel Tradition 100 Years Of Sports At Carolina:**

*Tar Heel Tradition*, 1988      Carolina Basketball Adam Lucas, 2010-10-15 Boasting six national championships and scores of Hall of Fame coaches and players Carolina Basketball has come a long way from the first season when the campus newspaper published a notice asking an unknown culprit to return the team's basketball. These pages are packed with little known stories from the program's earliest days and new insights into its best loved moments. All the greats are here from Jack Cobb and the Blind Bomber George Glamack to Lennie Rosenbluth, Phil Ford, James Worthy, Michael Jordan, Antawn Jamison and Tyler Hansbrough. Lucas reveals the meaning of the Carolina family and the origins and evolution of Tar Heel traditions that have made North Carolina one of the premier teams in men's college basketball. These stories are brought to life with more than 175 color and black and white photos, a foreword by Hall of Fame coach Dean Smith and an afterword by fellow Hall of Famer Roy Williams and an appendix of records and statistics. Some 25 sidebars feature first person recollections from prominent players including Rosenbluth, Ford and Jordan, opposing coaches like Lefty Driesell and famous alumni like Peter Gammons and Alexander Julian. This is the must have book for Tar Heel fans and college basketball lovers everywhere.

Learning to Win Pamela Grundy, 2003-04-03 Over the past century high school and college athletics have grown into one of America's most beloved and most controversial institutions, inspiring great loyalty while sparking fierce disputes. In this richly detailed book Pamela Grundy examines the many meanings that school sports took on in North Carolina, linking athletic programs at state universities, public high schools, women's colleges and African American educational institutions to social and economic shifts that include the expansion of industry, the advent of woman suffrage and the rise and fall of Jim Crow. Drawing heavily on oral history interviews, Grundy charts the many pleasures of athletics from the simple joy of backyard basketball to the exhilaration of a state championship run. She also explores conflicts provoked by sports within the state, clashes over the growth of college athletics, the propriety of women's competition and the connection between sports and racial integration, for example. Within this chronicle familiar athletic narratives take on new meanings, moving beyond timeless stories of courage, fortitude or failure to illuminate questions about race, manhood and womanhood, the purpose of education, the meaning of competition and the structure of American society.
