Target De Gaulle:

Target de Gaulle Pierre Démaret, Christian Plume, 1974 *Objectif de Gaulle. Target de Gaulle. The Thirty-one Attempts to Assassinate the General ... Translated ... by Richard Barry*, 1974 Soldiers of the Night: The Story of the French Resistance David Schoenbrun, 2019-08-09 The most complete account of the French Resistance in English and the most sensitive A masterful rendering of the Resistance Philip Hallie The New York Times A celebration and a memorial Mr Schoenbrun has had long conversations with a number of the best known survivors each one the keeper of a sacred flame the fullest account of the French Resistance in English Robert O Paxton The New York Review of Books Political history chiefly not heroics the most extensive account in English of the two French Resistances that of the Underground against Vichy and the Nazis and that of de Gaulle against all other claimants to authority over fallen France including prominently the Allies A memorable and important book Kirkus Reviews Former CBS Paris bureau chief David Schoenbrun gives us an excellent solidly researched account of the struggle waged by that gallant handful who sabotaged railroads and power plants rescued Allied fliers and Jewish fugitives assassinated German and Vichy officials then fought pitched battles against elite Wehrmacht formations With great objectivity and verve Schoenbrun chronicles the often muddled uncoordinated efforts of the Resistance through the four dark years of Nazi occupation Systematically and factually he explains the workings on the fragmented organizations that kept on fighting in spite of the Germans ruthless attempts to stamp them out Martin Sokolinsky Christian Science Monitor A marvelous book stories of heroism and self sacrifice that challenge belief Schoenbrun has created a prodigious work crowded with compelling stories Richard J Walton Saturday Review Important richly deserving of acclaim The first comprehensive account in English of the French Resistance held together by a fine reporter's instinct of how to tell a story and how to tell it well Houston Chronicle **A Slow Moving Target, the Lst of World War II** Joseph Panicello, 2002-02-19 A SLOW MOVING TARGET The LSTs Of World War II is a historical novel that contains many authentic stories about the turmoil and hardships that the Amphibious Fleet endured during beach invasions in World War II To enhance the military adversities the story revolves around the personal lives of five young fictitious sailors who in 1942 enlisted in the U S Navy to defend their country against the Axis They come from different parts of America and meet in the same boot camp at Bainbridge Maryland As a result of the difficulties they encounter in boot camp and in the war they become life long buddies After boot camp was completed they were transferred to the dreaded and perilous Amphibious fleet of LSTs Landing Ship Tank because the LST is truly a A Slow Moving Target having the reputation of a brief life during an invasion In this historical novel each principle character in the book presents his own unique and unusual experiences The main character of the novel is John Maroni who attempts to keep the group together and to preserve their friendship throughout the war They call themselves The Five Phibies The Five Phibies are later split up and are transferred to different LSTs which compelled them to fight in separate campaigns in both the Pacific and Atlantic theaters They continued to

communicate with one another via one central location in the States They send their mail to John Maroni's kid sister Angela in Queens New York who rewrites the letters by relating their war experiences their health and anything new about their personal lives but deliberately leaving out any unpleasant ordeals then sending the letters on to the Phibies Phibie No 1 is John Maroni who was born in Queens New York Phibie No 2 is Dan Bletcher born in Dover New Jersey Phibie No 3 is Andre Robbier born in Chicago Illinois Phibie No 4 is Rich Hienman born in Dallas Texas Phibie No 5 is Bob Olsen born in Boston Massachusetts Understandably most historical World War II novels are written around large fighting vessels such as aircraft carriers battle ships cruisers destroyers and submarines Very little is written about the LST and their amphibious operations on beach landings of unloading troops and cargo because it isn't a glamorized fighting ship The book provides many authentic LST battles which are depicted through the fictional characters presented in this novel The author tried to encompass the five Phibies in several authentic battles even though their characters and experiences were created by his own imagination The LST played a very important role in the military operations in the islands in the Pacific and during the invasions of France Italy and Africa Without the LST and its ramp the delivery of cargo to the beaches during an assault would have been extremely difficult and time consuming The LST was not the most elegant looking ship to come out of American shipyards but it was designed for a purpose to deliver men and cargo to an invading beach as quickly as possible and to support the Allied troops ashore with ammunition tanks jeeps trucks artillery medical supplies and most critical of all food and water Without these back up goods the war may have been extended a year or more which would have cost many more American lives The LST and the other Amphibious forces must be recognized for their part in the war by being one of the most essential components of World War II and should be commended for their effort in the invasion of hostile enemies both in the Pacific and in the Atlantic theaters This author attempts to do just that The novel does not cover the land struggle after an invasion because the ground assaults have already been covered by other authors and to repeat them here would serve no other purpose but to reiterate their achievements

,1993-01-01 The French secret services have a long history dating back to the ancien regime With the founding of the Third Republic 1870 1940 the famous Second Bureau was created as France s principal intelligence gathering organization After the Germans invaded France in 1940 however the services splintered and diversified with Vichy agencies and Collaborationists the Free French and the internal resistance all in contention More recently since 1944 the activities of the reorganized French secret services have extended across a surprisingly wide area sometimes with spectacular results as in the Greenpeace Affair in New Zealand in 1985 This volume deals with the French secret services according to a chronological framework which reflects the evolution of the services which were created and transformed by both internal and external historical factors The bibliography commences with an examination of the origins and development of the French Intelligence Service from the ancien regime to 1870 It then considers the history and activities of the secret services during the following periods the Third Republic the Second World War the Fourth Republic and the Fifth Republic firstly between 1958 and 1981 and then during the 1980s and 1990s including the Greenpeace Affair This is an essential reference tool for all those interested in the history of intelligence agencies and national security in general and in the development of the French secret services in particular **Target Patton** Robert Wilcox,2014-09-09 Murder He Wrote And he wrote the true story Investigative and military reporter Robert Wilcox unravels the mystery surrounding the death of one of history s preeminent war heroes George S Patton Wilcox cries foul play and reveals the shocking truth behind Old Blood and Guts untimely demise in Target Patton the Plot to Assassinate General George S Patton Conflicting testimony disappearing witnesses missing official reports a suspicious Stalin and a lack of autopsy comprise the greatest unsolved mystery of World War II Find out whodunit in this thrilling account of America s most famous general Assassin J.
