Target De Gaulle The Thirty One Attempts To Assassinate The General:

Target de Gaulle Christian Plume, Pierre Démaret, 1976 **The French Secret Services** , 1993-01-01 The French secret services have a long history dating back to the ancien regime With the founding of the Third Republic 1870 1940 the famous Second Bureau was created as France s principal intelligence gathering organization After the Germans invaded France in 1940 however the services splintered and diversified with Vichy agencies and Collaborationists the Free French and the internal resistance all in contention More recently since 1944 the activities of the reorganized French secret services have extended across a surprisingly wide area sometimes with spectacular results as in the Greenpeace Affair in New Zealand in 1985 This volume deals with the French secret services according to a chronological framework which reflects the evolution of the services which were created and transformed by both internal and external historical factors The bibliography commences with an examination of the origins and development of the French Intelligence Service from the ancien regime to 1870 It then considers the history and activities of the secret services during the following periods the Third Republic the Second World War the Fourth Republic and the Fifth Republic firstly between 1958 and 1981 and then during the 1980s and 1990s including the Greenpeace Affair This is an essential reference tool for all those interested in the history of intelligence agencies and national security in general and in the development of the French secret services in particular Objectif de Gaulle. Target de Gaulle. The Thirty-one Attempts to Assassinate the General ... Translated ... by Richard Barry , 1974

Three Barons James Lateer, 2017-11-16 The Three Barons proves that it is possible with enough research to reconstruct the organizational chart of the JFK plot This book provides the first useful in depth analysis of the 120 phone calls by LBJ in the week following the assassination regarding such items as the Civil Rights Act demands made by the military and similar political power plays The Three Barons presents the first use of statistical factor analysis to identify the plotters using a database of 30 books and 1500 names and examines the military officers allegedly close to the plot such as NATO Commander Gen Lyman Lemnitzer General Lauris Norstad and JFK s advisor Gen Maxwell Taylor For the first time the National Security Council its structure and its members are scrutinized for their obvious role in the JFK plot More specifically The Three Barons explains the role of Treasury Secretary C Douglas Dillon and his father investment banker Clarence Dillon who likely had fascist sympathies This book identifies for the first time why there were three actual barons involved in the plot and why at least three members of the Warren Commission had powerful Nazi connections beginning in WWII and continuing through November 22 1963 European Leaders Reese T. Moore, 2001 This up to date bibliography gathers materials on ten leaders from 20th century Europe Access is provided via subject and author indexes Contents Charles DeGaulle Winston Churchill Adolf Hitler Benito Mussolini General Francisco Franco Adenauer Konrad Margaret Thatcher Helmut Kohl Francois Mitterand Josip Broz Tito **Et Tu, Brute?** Greg Woolf, 2007 Then fall Caesar Talking tyrannicide Caesar s murdered heirs Aftershocks **Community Politics and Peasant-State Relations in Paraguay** Brian

Turner,1993-09-08 This work studies the political behavior of peasants in four Paraguayan communities that were selected to measure the influence of two variables on political behavior economic location and the history of elite peasant relationships The author discusses the impact of both capitalist development and local history on community political responses He addresses their efforts to obtain and secure access to land agricultural policies defense and abuse and respect for the peasant ideal of social relationships Turner concludes that local history is the strongest determining variable in discerning which communities are more likely to achieve relative political efficacy **Political Leaders and Military Figures of the**

astonishingly few and how as President he put a medium rank power at the centre of world affairs No previous biography has depicted his paradoxes so vividly Much of French politics since his death has been about his legacy and he remains by far the greatest French leader since Napoleon *National Union Catalog* ,1973 Includes entries for maps and atlases *Library of Congress Catalogs* Library of Congress,1979 *Subject Catalog*, 1977 Library of Congress,1977 **The Reader's Digest** De Witt Wallace,Lila Acheson Wallace,DeWitt Wallace,1977 **They Shoot to Kill** Ronald Tobias,1981 **Subject Index of Modern Books Acquired** British Library,1971
