Tarnished Glory:

Tarnished Glory Karen L. Bye, 1998-01-01 Ahepan ,1926 A Locker Room of Her Own David C. Ogden, Joel Nathan Rosen, 2013-06-03 Female athletes are too often perceived as interlopers in the historically male dominated world of sports Obstacles specific to women are of particular focus in A Locker Room of Her Own Race sexual orientation and the similar qualities ancillary to gender bear special exploration in how they impact an athlete's story Central to this volume is the contention that women in their role as inherent outsiders are placed in a unique position even more complicated than the usual experiences of inequality and discord associated with race and sports The contributors explore and critique the notion that in order to be considered among the pantheon of athletic heroes one cannot deviate from the traditional demographic profile that of the white male These essays look specifically and critically at the nature of gender and sexuality within the contested nexus of race reputation and sport The collection explores the reputations of iconic and pioneering sports figures and the cultural and social forces that helped to forge their unique and often problematic legacies Women athletes discussed in this volume include Babe Didrikson Zaharias the women of the AAGPBL Billie Jean King Venus and Serena Williams Marion Jones Chris Evert and Martina Navratilova Sheryl Swoopes Florence Griffith Joyner Roberta Gibb and Kathrine Switzer and Danica Patrick **Signs of the Times, and Doctrinal Advocate and Monitor** ,1914 Portugal and Galicia, with a review of the social and political state of the Basque provinces [by H.J.G. Herbert (3rd earl of Carnarvon.), 1837 **Portugal and Galicia, with a Review of the Social and Political State of the Basque Provinces; and a Few Remarks on Recent Events in Spain** **Ti Wich is Now Subjoined a Reply to the "policy of England Towards Spain"** ,1837 *Poison and Peril* Kenneth McIntosh, 2014-09-29 Life has not been kind to Jessa Carter but it takes a particularly nasty turn when her beloved art teacher turns up dead Jessa thinks she knows who did it but she will have to find proof Proof becomes even more important when she has to save herself from the effects of a mysterious poison This fourth book in the CSC series combines information about forensic toxicology with heart pounding suspense Kingdom Under Glass Jay Kirk, 2010-10-26 A sweeping historical narrative of the life of Carl Akeley the famed explorer and taxidermist who changed the way Americans viewed the conservation of the natural world During the golden age of safaris in the early twentieth century one man set out to preserve Africa's great beasts In this epic account of an extraordinary life lived during remarkable times Jay Kirk follows the adventures of the brooding genius who revolutionized taxidermy and created the famed African Hall we visit today at New York's Museum of Natural History The Gilded Age was drawing to a close and with it came the realization that men may have hunted certain species into oblivion Renowned taxidermist Carl Akeley joined the hunters rushing to Africa where he risked death time and again as he stalked animals for his dioramas and hobnobbed with outsized personalities of the era such as Theodore Roosevelt and P T Barnum In a tale of art science courage and romance Jay Kirk

resurrects a legend and illuminates a fateful turning point when Americans had to decide whether to save nature to destroy it or to just stare at it under glass **Portugal and Gallicia** Henry John George Herbert Earl of Carnarvon,1837

Children in Greek Tragedy Emma M. Griffiths,2020-02-20 Astyanax is thrown from the walls of Troy Medeia kills her children as an act of vengeance against her husband Aias reflects with sorrow on his son s inheritance yet kills himself and leaves Eurysakes vulnerable to his enemies The pathos created by threats to children is a notable feature of Greek tragedy but does not in itself explain the broad range of situations in which the ancient playwrights chose to employ such threats Rather than casting children in tragedy as simple figures of pathos this volume proposes a new paradigm to understand their roles emphasizing their dangerous potential as the future adults of myth Although they are largely silent passive figures on stage children exert a dramatic force that transcends their limited physical presence and are in fact theatrically complex creations who pose a danger to the major characters Their multiple projected lives create dramatic palimpsests which are paradoxically more significant than their immediate emotional effects children are never killed because of their immediate weakness but because of their potential strength This re evaluation of the significance of child characters in Greek tragedy draws on a fresh examination of the evidence for child actors in fifth century Athens which concludes that the physical presence of children was a significant factor in their presentation However child roles can only be fully appreciated as theatrical phenomena utilizing the inherent ambiguities of drama as such case studies of particular plays and playwrights are underpinned by detailed analysis of staging considerations opening up new avenues for interpretation and challenging traditional models of children in tragedy Portugal and Gallicia, with a review of the social and political state of the
