**Elias Hofer**

## **Taste For The Other The Social And Ethical Thought Of C S Lewis:**

**The Taste for the Other** Gilbert Meilaender, 2003 A deeply meditated study of C S Lewis as a social philosopher It does him good service Avoiding unnecessary biographical data Meilaender concentrates rigorously on Lewis writings in an attempt to get at the heart of his vision of human community and his understanding of morality A discriminating work with an intricate structure well suited to the subject Modern Language Review Meilaender's first class scholarly study of Lewis's social and ethical thought is also a fine commentary on his anthropology A well written interpretation of the man who has probably had more influence on the theology of thoughtful Christians in the twentieth century than all the church's professional theologians Choice Meilaender is a master exegete and critic of Lewis dialectical vision in all its rich concreteness This work must now stand as our best guide to Lewis's thought Christian Century A remarkably complete look at Lewis's thought New Oxford Review Combining solid scholarship with literary imagination Meilaender does what Lewis himself does he fascinates readers and draws them unawares into serious thought and into reflection requiring a response A first rate study of Lewis that can serve also as an introduction to a serious study of all of Lewis's works Religious Studies Review A book that has been needed for a long time Meilaender brings to his study not only an in depth knowledge of philosophy and theology but also a keen literary awareness A gracefully readable luminously clear book Christianity and Literature GILBERT MEILAENDER is the Phyllis and Richard Duesenberg Professor of Christian Ethics at Valparaiso University His most recent book is Bioethics A Primer for Christians Eerdmans

**The Cambridge Companion to C. S. Lewis** Robert MacSwain, Michael Ward, 2010-09-09 A distinguished academic influential Christian apologist and best selling author of children's literature C S Lewis is a controversial and enigmatic figure who continues to fascinate fifty years after his death This Companion is a comprehensive single volume study written by an international team of scholars to survey Lewis's career as a literary historian popular theologian and creative writer Twenty one expert voices from the University of Oxford the University of Cambridge Princeton University and Wheaton College among many other places of learning analyze Lewis's work from theological philosophical and literary perspectives Some chapters consider his professional contribution to fields such as critical theory and intellectual history while others assess his views on issues including moral knowledge gender prayer war love suffering and Scripture The final chapters investigate his work as a writer of fiction and poetry Original in its approach and unique in its scope this Companion shows that C S Lewis was much more than merely the man behind Narnia

**C. S. Lewis** Bruce L. Edwards, 2007-04-30 Most popularly known as the author of the children's classic The Chronicles of Narnia C S Lewis was also a prolific poet essayist novelist and Christian writer His most famous work The Lion the Witch and the Wardrobe while known as a children's book is often read as a Christian allegory and remains to this day one of his best loved works But Lewis was prolific in a number of areas including poetry Christian writing literary criticism letters memoir autobiography sermons and more This set written by experts guides readers to a better

understanding and appreciation of this important and influential writer Clive Staples Lewis was born on November 29 1898 in Belfast Northern Ireland His mother died when he was young leaving his father to raise him and his older brother Warren He fought and was wounded in World War I and later became immersed in the spiritual life of Christianity While he delved into the world of Christian writing he did not limit himself to one genre and produced a remarkable oeuvre that continues to be widely read taught and adored at all levels As part of the circle known as the Inklings which consisted of writers and intellectuals and included J R R Tolkien Charles Williams and others he developed and honed his skills and continued to put out extensive writings Many different groups now claim him as their own spanning genres from science fiction to Christian literature from nonfiction to children s stories his output remains among the most popular and complex Here experts in the field of Lewis studies examine all his works along with the details of his life and the culture in which he lived to give readers the fullest complete picture of the man the writer and the husband alongside his works his legacy and his place in English letters

**Weltanschauung and Apologia** Elias Hofer, 2022-10-11 This book allows us to accompany C S Lewis on his intellectual and spiritual journey from atheism to pantheism and eventually to Christianity It analyzes key elements of Lewis s Christian worldview and identifies challenges leveled against it from alternative worldviews It examines Lewis s apologetic methodology highlighting how it was shaped by his worldview and provides an analysis of Lewis s specific responses to a number of objections The project also serves as a comparative analysis of worldviews particularly as they relate to truth claims of the Christian faith The notion of worldview is critical to the formulation of views One s worldview determines how reality is perceived It s characterized as a set of glasses through which we view our surroundings and interpret experiences It accounts for the perspective we bring to every event in life and helps explain why different people see things differently when looking at the same data The same evidence may lead one person to reject a particular conclusion while moving another to embrace what the other rejected Lewis s major works are explored at length in this book Although much has been written about Lewis Hofer s examination of the influence of worldview on his work is unique

**Writing God and the Self** Sharon Jebb, 2011-05-01 Contemporary literature has for several decades and in various guises been dominated by questions of identity and the self It has been forgotten that until the Enlightenment theological reflection emphasized the close connectedness of the self with God knowledge of God is essential to knowledge of the self and vice versa correct knowledge of the self is a necessary correlate to true knowledge of God This has been called the double knowledge Writing God and the Self examines two literary texts and lives as representative of two antithetical positions The first represented by Samuel Beckett s life and his Three Novels is that the self is independent of God the second represented by C S Lewis and Till We Have Faces is that God and the self are intimately connected Beckett s radical apophaticism about God is shown to be tied to his extreme apophaticism about the self whereas Lewis s sense of selfhood is demonstrated to be integrally connected to his sense of a personal and self transcending God Other voices Augustine Teresa of Avila Charles Taylor Rowan Williams Mark

McIntosh and Vladimir Lossky join the chorus of theologians psychologists and other thinkers past and present that contribute to this exploration of what Christian theology has to say about the insistent problem of the self Taken together all these voices articulate a powerful vision of selfhood in relation to God that is desperately needed today **C. S. Lewis on Politics and the Natural Law** Justin Buckley Dyer, Micah J. Watson, 2016-08-08 Conventional wisdom holds that C S Lewis was uninterested in politics and public affairs The conventional wisdom is wrong As Justin Buckley Dyer and Micah J Watson show in this groundbreaking work Lewis was deeply interested in the fundamental truths and falsehoods about human nature and how these conceptions manifest themselves in the contested and turbulent public square Ranging from the depths of Lewis philosophical treatments of epistemology and moral pedagogy to practical considerations of morals legislation and responsible citizenship this book explores the contours of Lewis multi faceted Christian engagement with political philosophy generally and the natural law tradition in particular Drawing from the full range of Lewis corpus and situating his thought in relationship to both ancient and modern seminal thinkers C S Lewis on Politics and the Natural Law offers an unprecedented look at politics and political thought from the perspective of one of the twentieth century s most influential writers **A Myth Retold** Martin Sutherland, 2014-09-29 Fifty years after his death C S Lewis fascinates his readers still Well established as a key figure in children s literature he is increasingly recognized as a significant Christian thinker The authors in this volume are from a wide range of Christian traditions testimony to the reach and significance of Lewis s legacy The essays return to Lewis s devotional and theological works assessing their place in his own thought and in the theology of the twentieth century Lewis emerges as an insightful and creative theologian whose ideas continue to surprise in their sophistication and fecundity Indeed it is suggested that he represents a way of doing theology mere theology which suggests ways in which Christian thought may reengage the complex cultural debates of the contemporary world **Inside Narnia** Devin Brown, 2013-10-01 Join award winning author Devin Brown as he takes readers on a fascinating journey to the land of Narnia Whether you re a longtime fan of The Chronicles of Narnia or are just discovering them for the first time you will be amazed and inspired as you undertake your very own chapter by chapter guided tour of C S Lewis s beloved classics Learn more about the book that started it all The Lion the Witch and the Wardrobe and about its creator C S Lewis Discover how Professor Lewis first came to write his wonderful story about a magical land where it is always winter and never Christmas Uncover the story behind the story of how four children and a great lion named Aslan brought springtime back and rescued its inhabitants beavers fauns and even centaurs from the spell of the evil White Witch **Retrieving the Natural Law** J. Daryl Charles, 2008-04-14 J Daryl Charles argues that a traditional metaphysics of natural law lies at the heart of the present reconstructive project and that a revival in natural law thinking is of the highest priority for the Christian community as we contend in rather than abdicate the public square Nowhere is this more on display than in the realm of bioethics where the most basic moral questions human personhood human rights versus responsibilities the reality of moral evil the basis of civil

society are being debated from publisher description      *Journey Towards Home* S. Steve Park, 2017-03-14 Clives Staples Lewis 1898 1963 called his theological writings as that of a layman and an amateur who merely attempted to restate ancient and orthodox doctrines However S Steve Park argues that Lewis s theological reflections are well informed thoughtful and weighty For instance Lewis s notion of mere Christianity consistently shows his commitment to supernaturalism vs naturalism and eucatastrophic salvationism vs ethical developmentalism in sharp contrast to many prevailing theologians of his time In this book the author expounded Lewis s theological writings rather comprehensively and organized the results according to Lewis s signature literary motif of the journey towards home in four stages Away from Home Homeward Turning Home Away from Home and The Final Home Under these headings Lewis s major theological and literary themes find illuminating treatments with rich contents and penetrating analyses In so doing the author presents to the readers probably for the first time a systematic theology of C S Lewis It turns out that Lewis more than just a storyteller was a significant participant in the world of theological reflections demonstrating himself to be a rather formidable theological mind to be reckoned with      *Branches to Heaven* James Como, 2015-12-30 Of Edmund Spenser C S Lewis wrote his work is one like a growing thing a tree with branches to heaven and roots to hell And in between these two extremes comes all the multiplicity of human life This book seeks to demonstrate the aptness of that quotation when applied to Lewis himself From his deepest emotional and psychological landscape to his prevailing temperament and then to his training Lewis marshaled his magnificent rhetorical skills on behalf of his vocation to make Christianity a reasonable and inviting alternative to doubters In this and through the many genres of which he was a master he never wavered These are the branches the available means of persuasion as Aristotle put it Sources influences experience and his very self these are the roots A close look at these with a combination of argument critical analysis and some fresh connections finally yield an unexpected portrait C S Lewis and his work are indeed one with deeper roots and loftier branches than the current reputation of the master and his avuncular persona suggest      **Reasoning beyond Reason** Jeff Sellars, 2011-01-01 There is a seeming dichotomy in C S Lewis s writing On the one hand we see the writer of argumentative works and on the other hand we have the imaginative poet Lewis also found this dichotomy within himself When he was a rationalist and atheist he found that these two sides of him were pulling in different directions he believed that his rationalist side could not be reconciled with his imaginative side Once he became a Christian he eventually found a means of marrying the two principally through story and myth Within C S Lewis studies there is also a common conception of Lewis as a modern rationalist philosopher i e a rationalist who thinks arguments and his arguments in particular are the last answer on the questions he undertakes Reasoning beyond Reason attempts to take this view to task by placing Lewis back into his pre modern context and showing that his sources and influences are classical ones In this process Lewis is viewed through the idea that imagination and reason are connected in an intimate way they are different expressions of a single divine source of truth and there is an imagination already present

upon which reason works Lewis's transpositional view of imagination implicitly pushes towards a somewhat radical position the imagination is to be seen as theological in its reliance upon something more than the merely material it necessarily relies on a transcendent funding for its use and meaning In other words the imagination is a well source for what we might normally label rational *Wild Things* Sidney I. Dobrin, Kenneth B. Kidd, 2004 Today's children are occupied with activities taking place in settings that are isolated from nature or are simulations of the earth's natural environment This text examines the ways in which literature media and other cultural forms for young people address nature place and ecology **Gender Grace** Mary Stewart Van Leeuwen, 1990-05-03 From brain structure and role models to the creation drama and the new covenant Mary Stewart Van Leeuwen helps us to understand more clearly the forces and the freedoms that shape our lives

**Locating Values in Literature** Corina-Mihaela Beleaua, 2020-10-14 Locating Values in Literature Goodness Beauty and Truth discusses the relevance of literature in the current educational process stating that regardless of the level of study literature provides students with the necessary skills to address real world situations Corina Mihaela Beleaua posits that a curriculum that includes literature has a multitude of benefits for the mental and ethical development of students defending the relevance of the three ancient values of goodness beauty and truth Beleaua argues that literature is a significant tool for endorsing these transcendentals and actualizing their positive potentials as humanistic and moral values acting as a symbolic manifestation of moral values that will impact readers outside of the scope of the literature itself Scholars of literature philosophy and education will find this book particularly useful The Pilgrim's Guide David Mills, 1999 Published in the centenary year of Lewis's birth The Pilgrim's Guide offers a study of Lewis's witness to the truth of Christianity especially in his works of fiction and popular apologetics Written by nineteen leading Lewis scholars and authors these essays examine Lewis's character and the way he engaged the challenges of the Christian mind vision imagination and understanding in the twentieth century The studies range from discussions of specific Lewis works to critical interpretations of Lewis's most important theological themes Also included is a guide to the best books and other resources on Lewis a timeline that places Lewis's life in the context of history and a note on the source for Lewis's use of the phrase mere Christianity Contributors Harry Blamires Stratford Caldecott Colin Duriez Bruce Edwards Leslie Fairfield Sheridan Gilley Diana Pavlac Glyer Kendall Harmon Thomas Howard Michael Macdonald David Mills Christopher Mitchell Doris T Myers James Patrick Thomas Peters Jerry Root Mark Shea Stephen Smith Kallistos Ware Highly recommended for general readers and all academic levels Choice

**The Shaping of Things to Come** Michael Frost, Alan Hirsch, 2013-03-01 In a time when the need for and the relevance of the Gospel has seldom been greater the relevance of the church has seldom been less The Shaping of Things to Come explores why the church needs to rebuild itself from the bottom up Frost and Hirsch present a clear understanding of how the church can change to face the unique challenges of the twenty first century This missional classic has been thoroughly revised and updated **Fundamental Christian Ethics** Daniel Heimbach, 2022-11-01 In Fundamental Christian Ethics

Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues      **Contemporary Perspectives on C.S. Lewis' 'The Abolition of Man'** Timothy M. Mosteller, Gayne John Anacker, 2017-02-23 Beginning with a clear account of the historical setting for The Abolition of Man and its place within C S Lewis corpus of writing Contemporary Perspectives on C S Lewis The Abolition of Man History Philosophy Education and Science assesses and appraises Lewis seminal lectures providing a thorough analysis of the themes and subjects that are raised Chapters focus on the major areas of thought including philosophy natural law education literature politics theology science biotechnology and the connection between the Ransom Trilogy Drawing on Lewis central ideas they tackle questions such as is The Abolition of Man hostile to scientific inquiry Does Lewis provide an adequate rational defense of natural moral law Do the lectures address the philosophical questions of the 21st century as Lewis sought to provide answers to philosophical questions of the 20th century Dealing with themes across multiple areas of human inquiry the authors bring expertise from their respective fields to bear on the core issues raised in Lewis lectures The result is an interdisciplinary approach that offers the first comprehensive scholarly treatment of The Abolition of Man one of the most debated of Lewis works      Scientific Theology: Reality Alister E. McGrath, 2007-01-23 The second volume of an extended and systematic exploration of the relation between Christian theology and the natural sciences focussing on the examination and defense of theological realism

## Whispering the Secrets of Language: An Mental Journey through **Taste For The Other The Social And Ethical Thought Of C S Lewis**

In a digitally-driven earth where screens reign great and immediate transmission drowns out the subtleties of language, the profound secrets and psychological nuances concealed within phrases usually get unheard.
