Snows Gone By New Uncollected Poems19642002:

Snows Gone by James Koller, 2004 from the Author's Note When I put a book of new poems together I go through the poems to determine whether their direction is consistent Those that are out of line are left behind The poems collected in *Snows Gone* By were written over a thirty eight year period from 1964 2002 The older poems have in common the fact that they were left out of earlier books They were I thought then inconsistent with what was going on in my life or work in those periods Collected here I realize the poems together probably give a better idea of my total work than any of my other books have they present a life work that has been what it's been with little need for consistency The Francois Villon ballad that provided the title to this book from his Greater Testament is immediately preceded by lines that speak of the agonies of age death The ballad asks what has become of many famed beautiful women already gone in Villon's time each stanza ends with the refrain the answer to his question asking where the snows of yesterday have gone As Bill Brown once said I knew he was dead but I had to keep telling him the story I had to keep talking to him **The Writers Directory** ,2013 American Book Publishing Record ,2003
