The Social Condition of the British Community in Bengal Suresh Chandra Ghosh,1979 **The Social Condition of the British Community in Bengal, 1757-1800** Suresh Chandra Ghosh,1970 **Imperial Characters** Tara Ghoshal Wallace,2010 In a searching but sympathetic series of textual analyses Wallace argues that the canon of eighteenth century English Literature was born out of the interplay between literary nationalism and an imperial internationalism Imperial Characters will add considerably to the globalization of the discipline that has been underway for some years now Suvir Kaul University of Pennsylvania *Community, Seriality, and the State of the Nation: British and Irish Television Series in the 21st Century* Caroline Lusin,Ralf Haekel,2019-02-18 Since the turn of the 21st century the television series has rivalled cinema as the paradigmatic filmic medium Like few other genres it lends itself to exploring society in its different layers In the case of Great Britain and Ireland it functions as a key medium in depicting the state of the nation Focussing on questions of genre narrative form and serialisation this volume examines the variety of ways in which popular recent British and Irish television series negotiate the concept of community as a key component of the state of the nation [Social Disorder in Britain 1750-1850](#) J. E. Thomas,2011-07-30 In the eighteenth and nineteenth centuries revolutionary dissent political upheaval and social protest spread throughout Europe and Wales was no exception In this unique examination of British social history J E Thomas focuses upon the power of the local gentry in Wales and their relationship with the poor and potentially revolutionary population Early explosions of protest were seen all over Wales coinciding with the aftermath of the American Revolution and the equally seismic events of the French Revolution while later revolts went on to provide serious challenges to the British state Social Disorder in Britain is an important contribution to the study of the history of religion social protest and the rise of revolutionary movements and will be essential reading for students and researchers of British history as well as those interested in revolution more generally *Sex and the Family in Colonial India* Durba Ghosh,2006-11-02 In the early years of the British empire cohabitation between Indian women and British men was commonplace and to some degree tolerated However as Durba Ghosh argues in a challenge to the existing historiography anxieties about social status appropriate sexuality and the question of who could be counted as British or Indian were constant concerns of the colonial government even at this time By following the stories of a number of mixed race families at all levels of the social scale from high ranking officials and noblewomen to rank and file soldiers and camp followers and also the activities of indigenous female concubines mistresses and wives the author offers a fascinating account of how gender class and race affected the cultural social and even political mores of the period The book makes an original and signal contribution to scholarship on colonialism gender and sexuality *The British in Egypt* Lanver Mak,2012-02-28 Egypt during the British occupation 1882 1922 was a strategically important site for securing British interests in the region Most studies of Britons in Egypt during the occupation focus on the lives and activities of law abiding British military and political

elites Using a variety of primary sources this book deepens our understanding of the hidden British community beyond these elites the lower and working classes and those engaged in crime and misconduct by bringing to light their demographic profile socio occupational diversity criminal activities and varying responses to the crises represented by World War I and the revolutionary period of 1919 1922 It will be essential reading for historians of British imperialism Egypt and the Middle East

Britain's Social State David Lewis,1872 **India in the American Imaginary, 1780s-1880s** Anupama Arora,Rajender Kaur,2017-11-09 This book seeks to frame the the idea of India in the American imaginary within a transnational lens that is attentive to global flows of goods people and ideas within the circuits of imperial and maritime economies in nineteenth century America roughly 1780s 1880s This diverse and interdisciplinary volume with essays by upcoming as well as established scholars aims to add to an understanding of the fast changing terrain of economic political and cultural life in the US as it emerged from being a British colony to having imperial ambitions of its own on the global stage The essays trace variously the evolution of the changing self image of a nation embodying a surprisingly cosmopolitan sensibility open to different cultural values and customs in the late eighteenth and early nineteenth century to one that slowly adopted rigid and discriminatory racial and cultural attitudes spawned by the widespread missionary activities of the ABCFM and the fierce economic pulls and pushes of American mercantilism by the end of the nineteenth century The different uses of India become a way of refining an American national identity The Limits of British Colonial Control in South Asia Ashwini

Tambe,Harald Fischer Tiné,2008-08-19 This book assesses British colonialism in South Asia in a transnational light and with a focus on subaltern groups and actors Challenging the assumed stability of colonial rule it analyses the ways in which the racial class and moral order instituted by British colonial states was resisted and subverted Deprivation, State Interventions and Urban Communities in Britain, 1968-79 Peter Shapely,2017-08-16 Focusing on a series of policy initiatives from the late 1960s through to the end of the 1970s this book looks at how successive governments tried to address growing concerns about urban deprivation across Britain It provides unique insights into policy and governance and into the socio economic and cultural causes and consequences of poverty Starting with the impact of redevelopment policies immigration and the rise of the inner city this book examines the pressures and challenges that explain the development of policy by successive Labour and Conservative governments It looks at the effectiveness and limits of different community development approaches and at the inadequacies of policy in tackling urban deprivation In doing so the book highlights the restricted impact of pilot projects and reform of public services in resolving deprivation as well as the broader limits of social planning and state welfare Crucially it also plots the shift in policy from an emphasis on achieving statutory service efficiencies and rolling out social development programmes towards an ever greater stress on regeneration and support for private capital as the solution to transforming the inner city *Social cohesion and counter-terrorism* Husband, Charles,Alam,

Yunis,2011-02-10 Post 9 11 the imposition of policies of counter terrorism has seen the erosion of support for fundamental

human rights Simultaneously Muslim communities in European cities have become a focus for state and local policy leading to a fixation with policies of social cohesion This book offers a unique research based contribution to the debate around community cohesion and counter terrorism policies in Britain Through privileged access to the senior management and staff of five metropolitan authorities it reveals the contradictions between these policies as they are implemented in tandem at the local level A robust critique of contemporary policy this book is for all academics policy makers and practitioners concerned with the management of ethnic diversity [The Palgrave Handbook of Sociology in Britain](#) J. British Decolonisation and the Female Middlebrow Novel Anne Wetherill, 2025-09-01 British Decolonisation and the Female Middlebrow Novel offers the first detailed discussion of middlebrow fiction by women writers who personally witnessed the dismantling of the British Empire the intensification of the Cold War and the domestic tensions following the arrival of thousands of migrants from Britain's former colonies Studying selected novels by Cecile

Leslie Elspeth Huxley Mary McMinnies Han Suyin and Kamala Markandaya this study demonstrates that women s middlebrow writing reveals a much deeper engagement with the politics and economics of decolonisation than is usually ascribed to the genre As Anne Wetherilt argues by transcending the politics of domesticity the female middlebrow registers a critique of both Britain s colonial history and mainstream conceptions of decolonisation as a well managed transition from empire to commonwealth As such the middlebrow novel of the immediate post war decades takes us back to a place where the end of empire was imagined rather than denied and the ambiguities of British colonial politics exposed rather than repressed
