Socialist Policy Of Peace Theory And Practice:

Socialist Policy of Peace Vladimir Ivanovich Belov,Alekseĭ Karenin,Vladimir Semenovitch Petrov,1979 The Soviet Study of International Relations Allen Lynch,1989-07-28 Current divergence from traditional Leninist orthodoxy is attributed to such phenomena as nuclear warfare continued Western prosperity and the Sino Soviet split according to this systematic analysis of Soviet foreign policy **Power and the Pursuit of Peace: Theory and Practice in the History of Relations**

Between States F. H. Hinsley,Francis Harry Hinsley,1967-10 In the last years of the nineteenth century peace proposals were first stimulated by fear of the danger of war rather than in consequence of its outbreak In this study of the nature and history of international relations Mr Hinsley presents his conclusions about the causes of war and the development of men s efforts to avoid it In the first part he examines international theories from the end of the middle ages to the establishment of the League of Nations in their historical setting This enables him to show how far modern peace proposals are merely copies or elaborations of earlier schemes He believes there has been a marked reluctance to test these theories not only against the formidable criticisms of men like Rousseau Kant and Bentham but also against what we have learned about the nature of international relations and the history of the practice of states This leads him to the second part of his study an analysis of the origins of the modern states system and of its evolution between the eighteenth century and the First World War
