*Soultsunami* Leonard Sweet, 2009-10-14 Road rage animal rights cyberporn crystal healing doctor assisted suicide everywhere we look the signs all tell us we re living in a post Christian culture Or are we Leonard Sweet cultural historian preacher futurist creatologist and preeminent thinker firmly believes we live today in a pre Christian society fraught with challenges dangers critical choices and above all tremendous potential for the church The outcome will depend on our response to today s flood of religious pluralism that threatens to sweep us away What will we do Deny the reality of the incoming surge Hunker in the bunker hermetically sealing ourselves in an increasingly out of touch church counterculture Or will we boldly hoist our sails and looking to God for guidance and strength move with confidence and purpose over the waves SoulTsunami is a fascinating even mind numbing look at the implications of our changing world for the church in the 21st century With uncanny wisdom and trademark wit Leonard

Sweet explores ten key futuribles precision guesses that fall short of predictions expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom Here are eye opening perspectives on the church from within and from without from its surrounding society Lively well written and provocative *SoulTsunami* is a clarion call for Christians to remove their tunnel vision glasses and take a good look at the swelling postmodern flood It also is a voice of encouragement affirming the church in its role as God's lifeboat And it is a passionate prophetic guide pointing the way to reach a world swept out to sea

can grasp the wider import of this rethinking of Greek philosophy The book delves deep into key questions preparing readers for extensive and more technical work with the key Greek words and their meanings hidden for centuries It includes a significant investigation of how this task requires a different way of language how early Western thinking mirrors non Western Daoism and Buddhism and how quantum physics gets to the same place in its philosophy with an emphasis on the work of David Bohm In doing so the book reveals how Daoism Buddhism the quantum potential of quantum physics and Heidegger s being beyng are all mirrored in Greek philosophy above all in early Greek thinking      **Carpe Ma ana** Leonard Sweet,2003 A naturalization manual to help Christians become leaders in the new world of postmodern culture Through nine naturalization classes Leonard Sweet an outside the box thinker offers strategies for leaders to put their faces not their backs to the future
