Varhaug, 2000-05-11 The DNA of chimpanzees and humans are 98.5% identical A mutation in only a few genes can give a chimpanzee a human sized brain Such a mutation would have little effect in the wild but if chance puts two such chimpanzees in a primate research center where they learn sign language and see educational TV What would you do if you were a chimpanzee with a human brain A really smart human brain Pongo and Jeeves accepted that chance had played a joke on them and they laughed right along with it Not everybody joined in The pompous and similar degraded specimens found that their encounters with the chimpanzees usually proved more entertaining to bystanders than to themselves Making the best of things Pongo and Jeeves led full lives that included visiting Roswell as aliens producing syndicated columns and even writing speeches for a presidential candidate Along the way they were able to thwart bad guys and generally do good All told lives well spent and justly rewarded Join Pongo and Jeeves You ll enjoy their company **The Brave** James Bird, 2020-06-30 Perfect for fans of Rain Reign this middle grade novel *The Brave* is about a boy with an undiagnosed anxiety issue and his move to a reservation to live with his biological mother Collin can't help himself he has a mental health condition that finds him counting every letter spoken to him It's a quirk that makes him a prime target for bullies and frustrates the adults around him including his father When Collin asked to leave yet another school his dad decides to send him to live in Minnesota with the mother he's never met She is Ojibwe and lives on a reservation Collin arrives in Duluth with his loyal dog Seven and quickly finds his mom and his new home to be warm welcoming and accepting of his disability Collin's quirk is matched by that of his neighbor Orenda a girl who lives mostly in her treehouse and believes she is turning into a butterfly With Orenda's help Collin works hard to learn the best ways to manage his anxiety disorder His real test comes when he must step up for his new friend and trust his new family **RAMAYANA The Poisonous Tree** Ranganayakamma, As the title indicates this book is a critical study of an Indian epic *The Ramayana* It proceeds in the same order as that of Sanskrit original consisting of Bala kanda Ayodhya kanda Aranya kanda Kishkindha kanda Sundara kanda Yuddha kanda and Uttara kanda While Valmiki's *Ramayana* is composed of about 24,000 slokas verses *Ramayana the Poisonous Tree* consists of 16 stories long and short accompanied by 11 links narratives that link the stories and 504 foot notes that show evidence from the Sanskrit original in support of the critique Besides the main components of the text this book has a long Preface discussing the social essence of the epic in the context of history of evolution of human society from the ancient times to the modern times The book also offers a critical review of the works of some earlier critics of *Ramayana* The authoress describes *Ramayana* as a Poisonous Tree because it defends the autocratic rule of the kings against the people their imperial expansion by invading other weak kingdoms exploitation of the poor by the rich oppression of lower castes by upper castes aggression of the civilized non tribal

The Wisdom of the Trees Sharon Shier,2013-06-24 Book summary The Wisdom of the Trees is really two sides of a coin in its intent It was inspired by an experience that I had while helping some friends make maple syrup They had a magnificent maple forest and invited my husband and I to help them tap the trees Since Im an avid maple syrup lover and had been curious about the actual process of taking it from the trees through its transformation into something so delicious and precious that it has become costly to buy I was excited to join in the fun and learn about the process too Because my experience with the trees during this tapping was so mind boggling to me I wanted to share it with children while they are young enough to incorporate a deeper appreciation of nature and gratitude for what nature provides into their viewpoints The sharing came out in the form of a childrens fiction story based on my actual experience In the story my main character is a young pre teen aged boy named Ryan His family including a younger sister and several pets has just moved from a city life into the country and Ryan is not doing well His unhappiness with the move affects everyone around him with his parents worrying that they have made a mistake in thinking the move would be good for all of them To make matters worse for Ryan his sister is blissfully happy while he mopes about wishing he were back with his friends and at his old school The crux of the story occurs when the family decides on an outing to help out at a maple tree farm and Ryan reluctantly accompanies them During their time on the farm surprising events occur that result in a powerful shift in Ryans attitude transforming his outlook and giving him a new sense of purpose Since the experience itself was real the liberties I took were in creating a character who reflected me at that age and what I wished might have happened to me
