Talmud Of Babylonia Division Of Women 2a:

Ezekiel in Talmud and Midrash Jacob Neusner, 2007-03-29 The Rabbis of classical Judaism in the first six centuries of the Common Era commented on the teachings of ancient Israel's prophets and shaped as much as they were shaped by prophecy. They commented on much of the Scriptural heritage and they made it their own. This collection of the Rabbinic comments on biblical books makes easily accessible the Rabbinic reading of the prophetic heritage and opens the way to the study of how normative Judaism responded to the challenge of the prophetic writings. *Jeremiah in Talmud and Midrash* Jacob Neusner, 2006-06-02 This sourcebook collects and classifies how Israelite Scripture was received and recast in the language community that produced the dual Torah of Judaism. It is well known that verses of prophecy figure as proof texts in Rabbinic exegesis of scriptural narratives but to what end and with what larger concept in mind. With extensive translation and documentation, author Jacob Neusner uses the case of Jeremiah in the Rabbinic canon of the formative age to examine the Rabbinic document's response to the prophetic ones in terms of how they select, explain, and utilize the language of Scripture. The book also explores how one particular kind of ancient Israelite Scripture, the prophetic books, found a place in the new language community formed by the Rabbinic sages and documented in their canon from the Mishnah (ca. 200 C.E.) through the Talmud of Babylonia (ca. 600 C.E.). *How the Talmud Works* Jacob Neusner, 2002-10-01 The Bavli or Talmud of Babylonia, the foundation document of Judaism, its law, theology, and exegesis of Scripture, sets forth an orderly world resting on reason and tested by rationality, all in accord with consistent principles. The document, in its coherent intellectual program of inquiry and in its modes of formal cogency, embodies that same passion for order, proportion, and rationality that animates its concrete discussions. Here Neusner spells out the problem of the Bavli's intellectual cogency and formal coherence. He provides in exemplary detail the evidence that sustains that characterization of the writing.

Mediators of the Divine Robert M. Berchman, 1998 Advanced Talmud scholars may now avail themselves of a genuinely early commentary to Sifre Numbers. The author examines all suitable parallels to explain and harmonize very real problems in the laws of Sifre Numbers. Basser's presentation uses the same manuscripts as his earlier Pseudo-Rabad Commentary to Sifre Deuteronomy. Scholars Press, 1994. Again, he provides thousands of notes that clarify and annotate the commentary. He has corrected scribal errors to provide the best possible text for students of Jewish law who are interested in the Medieval tradition of Midrash analysis. There is a brief Introduction in English and Hebrew, while the work itself is in Medieval Hebrew.

The Reader's Guide to the Talmud Jacob Neusner, 2001-05-07 This systematic introduction to the Talmud of Babylonia (Bavli) answers basic questions of form: how is this a coherent document? How do we make sense of the several languages in which it is written? What are the principal parts of the complex writing? Turning to questions of modes of thought, the account proceeds to address the intellectual character of the Bavli and, in particular, the character and uses of its dialectics. Finally, questions of substance come to the fore: how does the Talmud relate to the Torah, and how does tradition enter in? These basic

questions of rhetoric topic and logic that anyone approaching the text will raise are dealt with clearly and authoritatively

Writing in the Canon of Formative Judaism, Vol. 3 Jacob Neusner,2001 Rabbinic literature in its formative age from the
Mishnah through the Bavli ca 100 600 c e is comprised by documents that relate to one another in three ways First they are
autonomous and self contained second they are connected with one another and third they are continuous with one another
Some point to the connections in the form of parallel versions of sayings or stories as evidence against the theory that the
documents possess integrity Volume Three reprises Neusner s The Peripatetic Saying The Problem of the Thrice Told Tale in
Talmudic Literature Chico 1985 Scholars Press for Brown Judaic Studies It responds to critics of the documentary reading of
the canonical documents of Rabbinic Judaism in the formative age who make much of the variations in manuscript readings
of sayings and stories These variations are so different from one another that so the critics maintain they call into question
the very conception of a document Each manuscript let alone each compilation has its own representation of a given
compilation there are no determinate documents That is because the documentary program of rhetoric topic and logic of
coherent discourse makes no impact on sayings or stories that circulate beyond the limits of any one document All we have
