Tanks For The Memories Floatation Tank Talks:

Tanks for the Memories John Cunningham Lilly, E. J. Gold, 1995 A definitive series of talks by two acknowledged masters of consciousness exploration on uses of the floatation tank The Transcendental Experience AA. VV., 2020-08-06 The Transcendental Experience that which evidences the continuity of the spirit beyond the physical death of the body has been the objective around which from historical times various mystical schools were organized Asceticism on the other hand is the particular path that each one of them developed as a proposal to achieve such experience Silo 1938-2010 who referred to himself as a writer and practitioner of what he called an inner religiosity promoted a proposal of simultaneous spiritual and social change to advance towards the formation of a Universal Human Nation In the field of spirituality he affirms that there is no meaning in life if everything ends with death dedicating his writing of *The Inner Look* 1989 to this theme and on the other hand in his *Psychology Notes* 2006 he explains the possibility of suspension and suppression of one's own I in order to make contact with another state or level of consciousness that he designates as The Profound He then suggests a first stage of leveling previous to the realization of one of four Disciplines that he developed mental energetic material and morphological as previous steps to an Asceticism that defines as a path of all life which tends to overcome the Self to enter the deep spaces of the Sacred The authors of this book compiled and ordered the conclusions of more than one hundred men and women from different countries who are part of the several thousands who have followed Silo's teachings and the methodology proposed here uses the advantages of relaxation and concentration that a Sensory Suppression Chamber has as well as the possibilities provided by the team work in order to accelerate the Asceticism **Escape Philosophy** Roy Christopher, 2022 The physical body has often been seen as a prison as something to be escaped by any means necessary technology mechanization drugs and sensory deprivation alien abduction Rapture or even death and extinction Taking in horror movies from David Cronenberg and UFO encounters metal bands such as Godflesh ketamine experiments AI and cybernetics *Escape Philosophy* is an exploration of the ways that human beings have sought to make this escape to transcend the limits of the human body to find a way out As the physical world continues to crumble at an ever accelerating rate and we are faced with a particularly 21st century kind of dread and dehumanization in the face of climate collapse and a global pandemic *Escape Philosophy* asks what this escape from our bodies might look like and if it is even possible **Why Materialism Is Baloney** Bernardo Kastrup, 2014-04-25 The present framing of the cultural debate in terms of materialism versus religion has allowed materialism to go unchallenged as the only rationally viable metaphysics This book seeks to change this It uncovers the absurd implications of materialism and then uniquely presents a hard nosed non materialist metaphysics substantiated by skepticism hard empirical evidence and clear logical argumentation It lays out a coherent framework upon which one can interpret and make sense of every natural phenomenon and physical law as well as the modalities of human consciousness without materialist assumptions According to this framework the brain is merely the

image of a self localization process of mind analogously to how a whirlpool is the image of a self localization process of water The brain doesn't generate mind in the same way that a whirlpool doesn't generate water It is the brain that is in mind not mind in the brain Physical death is merely a de-clenching of awareness The book closes with a series of educated speculations regarding the afterlife psychic phenomena and other related subjects **The Word for Woman Is**

VV., 2020-07-23 La Experiencia Trascendental aquella que evidencie la continuidad del espíritu más allá de la muerte física del cuerpo ha sido el objetivo en torno al cual ya en pocas historias se organizaron variadas escuelas místicas La Ascesis por su parte es el particular camino que cada una de ellas desarrolló como propuesta para lograr alcanzar esa experiencia Silo 1938-2010 quien se refería a sí mismo como un escritor y practicante de lo que llamaba una religiosidad interna impulsa una propuesta de cambio espiritual y social simultáneo para avanzar hacia la formación de la Nación Humana Universal En el campo de la espiritualidad afirma que no hay sentido en la vida si todo termina con la muerte dedicando su escrito de La Mirada Interna 1989 a este tema y por otra parte en sus Apuntes de Psicología 2006 explica la posibilidad de suspensión y supresión del propio Yo para tomar contacto con otro estado o nivel de conciencia que designa como de Lo Profundo Propone entonces una primera etapa de nivelación previa a la realización de una de cuatro Disciplinas que desarrollara mental energética material y morfológica como pasos previos a una Ascesis que define como un camino de toda la vida que va tendiendo a la superación del Yo para entrar a los espacios profundos de lo sagrado

Los autores de este libro recopilan y ordenan las conclusiones de más de un ciento de hombres y mujeres de distintos países que son parte de los varios miles que han seguido las enseñanzas de Silo en este campo y la metodología que aquí proponen utiliza las ventajas de relajación y concentración que tiene una Cámara de Supresión Sensorial como también las posibilidades que aporta el trabajo conjunto para favorecer y acelerar el trabajo de Ascesis
