Chase Your Dreams, Impossible is Just a Word Kristy Jenkins, 2021-09-22 Everyone at some point in their life has dreamed of being someone special someone great Who has not dreamed of being the guy who wins the game with a home run And how many times have we dreamed of being rich or successful or happy in our relationships Often we dream big and have big ambitions Unfortunately our dreams remain just that dreams And our hopes easily gather dust over time and eventually get misplaced This is a sad turn of events in our lives Instead of having exciting opportunities in self actualization we remain trapped in the monotony of everyday life But you know what Life could be so much better if we would just learn to set higher goals for ourselves However as we shall see in a moment sometimes we mistakenly get caught in a limbo as our mindset could be fixed to a state of absolute presupposition and it turns out that you could be facing a farce presupposition As such this orientation suggests that if you are encountering an unusually tough problem in life whether it be in business the arts sports your personal life whatever it is because you are believing something to be an absolute presupposition which really isn't one You believe something to be necessarily true and it isn't even true at all never mind necessarily so Let's look at some instances In the Middle Ages people believed that if you sailed a ship out to the line of the horizon where the sea and sky met then you would fall off the edge of the planet Why Because they believed the Earth was flat They could not possibly imagine that it could be otherwise because they had no knowledge of the laws of gravity and physics a round Earth was simply inconceivable this concept theory derived the most common problem with goal setting with common presupposition of the word impossible Most people think I can not do that It's too hard It's too impossible No one can do it Let the light shine upon your dreams in the form of inspiration and optimism Jealously and pure innocence some time surround your dreams with negativity like a mother bear guards her cubs from danger If others put your dreams down the absolute worst thing you could do is to agree with them Honor your dreams no matter what no matter how stupid or worthless others may think they are What others think does not matter only your own opinion counts Holding your dreams in high regard will always keep a positive light shining upon them
