Waller,2012-04-30 A treatise and interpretation of Lao Tzu s Tao Te Ching by Dennis M Waller The Tao is an ancient philosophy of living in the natural world It shows the way of how to get back to being your Authentic Self your Spiritual Self The Tao has the power to help you reclaim your life from the temporal ego identity that is imprisoning you With the Tao you can discover your Authentic Identity by getting back to the being ness and oneness of living in the Divine Consciousness Through discovering these truths we can

become the creators of the universe instead of the passive observers we have been We can learn to live life in the infinity of the now verses living in the clutches of the Ego The Tao shows us how to grow detached from the ego identity by becoming in direct contact with our true intent and motives that was meant for us When we do we begin to see ourselves as we truly are It is being authentic that we become reconnected to the divine source What is the Way of the Tao It is the way things are in their own natural progression of life and death The way of intelligent design as shown in nature this is the way of the Tao It is the way without dogmas formalities or religion To live in the Tao is to live in peace and harmony The Tao gives you the knowledge of being one with the higher realm of divine consciousness and to experience the innerconnectiveness to all living things It is to have the awareness of being in this world while knowing that you are not part of it because you are more than all of this You are one and 10 000 things at the same moment You are the song that the bird sings the breeze blowing through the trees the fish swimming in a brook the warmth of the sun shining from above the coolness of the earth below your feet you are life and death all at once and not at all There is no separation in the Divine Oneness The Tao contains the power to liberate you from the ego imposed prison of the dualistic world Living in the Tao can bring a deep inner peace and a reconnection to the divine source The wisdom of the Tao is in a practical sense a way to live life with the clarity of knowing the universal truth When you are living in the Tao you will see resistance and opposition fade away Conflict and stress will become distant memories The issues of life become irrelevant or will simply disappear once you start living your authentic self with the Tao The Tao shows how to transcend all those insurmountable obstacles that the ego has created There is another level of existence that is the real true genuine substance of who you are This is the authentic self The authentic self is the real you that can be found at your absolute core It is the part of you not defined by your job function nationality religion race or role in life It is the composite of all your skills talents and wisdom It is all of the things that are uniquely yours and need expression rather than what you believe you are supposed to be and do The choice we need to make is whether to trust in our own nature to be of a pure heart and mind or to live in a world where we are trying to control everything We have seen that going against our nature provides no comfort or satisfaction for our souls For authentic satisfaction for true peace we must learn to realize who we are and where we came from The truth is all around us You can hear the voice of god in the laughter of children at play and in the songs of the birds You can see God in all his glory throughout all of nature It is all around us to see and experience Remember you are part of this universe and here to experience it Be your Authentic Self and be one with it all To live in the Tao and live your purpose is to live life to the fullest
