Tao Te Ching A New Approach:

Tao and Method Michael LaFargue, Laozi, 1994-01-01 While the Tao Te Ching has been translated and commented on countless times interpretations are seldom based on systematic theoretical treatment of the problems of interpretive method posed by this enigmatic classic Beginning with a critical discussion of modern hermeneutics including treatments of Hirsch Gadamer and Derrida this book applies methods developed in biblical studies to the Tao Te Ching The following chapters discuss systematically four areas necessary to recovering the Tao Te Ching s original meaning its social background the semantic structure of the brief aphorisms contained in the book the concrete background of the more cosmic sayings and the origin and genre of the 81 chapters of the Tao Te Ching These essays propose relatively new theories in each of these areas leading to a new approach to the interpretation of the text This approach is illustrated in the translation and the detailed commentary on each chapter The Tao Te Ching Jerry O'Dalton, 1998-11 A practical guide to the mystical and a mystical guide to the practical this book results from a painstaking comparison of thirty editions of the Tao Te Ching The chapters of the ancient original work synthesized from the author s comparisons are each followed by detailed paraphrases These explain the Tao more clearly yet retain the shrouded truth of the original Backward Down the Path Jerry O. Dalton, 1994

Tao Te Ching Stephen Mitchell, Lao Tzu, 2009-10-13 The bestselling widely acclaimed translation from Stephen Mitchell Mitchell s rendition of the Tao Te Ching comes as close to being definitive for our time as any I can imagine It embodies the virtues its translator credits to the Chinese original a gemlike lucidity that is radiant with humor grace largeheartedness and deep wisdom Huston Smith author of *The Religions of Man* In eighty one brief chapters Lao tzu s Tao Te Ching or Book of the Way provides advice that imparts balance and perspective a serene and generous spirit and teaches us how to work for the good with the effortless skill that comes from being in accord with the Tao the basic principle of the universe **New Lao Tzu** Ray Grigg, 2011-11-22 A new interpretation of the Tao Te Ching this book is a celebration of the Way of Harmony and Balance Ray Grigg transforms what has been traditionally called the Tao Te Ching what he calls the Lao Tzu from the mysterious to the meaningful He accomplishes this by abandoning the historical convention of a literal reading of the Chinese texts The result is a poetic expression of ancient wisdom in a language that readers can approach directly The wisdom of the Lao Tzu rests in its ability to tease confusion into insight that is beyond the confinement of intellectual understanding Beautifully illustrated with ink drawings by Bill Gaetz The New Lao Tzu demonstrates that living the wisdom of the Lao Tzu requires more instinct than reason more intuition than argument Backward Down the Path Jerry O. Dalton, 1996 *The Tao Te Ching* Lao Tzu, 2016-04-12 Originally authored over 2500 years ago the Tao Te Ching is even more relevant today than when it was first written Long considered to be a mystical text many scholars now consider this classic of ancient China to be a pragmatic guide to understanding human psychology and dealing with the unnatural challenges that come with civilization Although the Tao Te Ching has been translated countless times already this unique new version stands out for its clarification

of the implicit vagueness and poetic allusions of the original In interpreting the text from a contemporary perspective this version helps modern readers more easily make sense of this book s timeless practical ideas and suggestions and incorporate them into their own lives Despite its utilitarian approach the original beauty and poetry of the original book has not been sacrificed Hence this Tao for Now seeks to appeal to both the scientific and spiritual minded alike A cordial introduction by the author helps explain his version s approach to the path of Tao as well as introduce the core Taoist principles espoused in the Tao Te Ching
