*Toni Morrison* Jill L. Matus,1998-09-15 This is an illuminating and original introduction to Toni Morrison s fiction focusing on its engagement with African American history and the way the traumas of the collective past shape Morrison s work Jill Matus approaches Morrison s fiction as a form of cultural memory concerned with obscured or erased history She argues that Morrison sees African American history from the times of slavery to the continued racial oppressions of the twentieth century as a history of traumatic experience and explores how this powerful storyteller bears witness to a painful yet richly enlivening past Morrison s novels are known for their great lyric power but they often dwell on scenes of horror and Matus emphasizes the uneasy relations of memory pain and pleasure in literature In doing so she sheds new light on Morrison as a contemporary writer working at a time when literature is being urgently explored for its capacity to memorialize and testify Direct and accessible this critical study highlights the political and historical contexts of Morrison s work offers close readings of each of the novels and concludes with a critical overview of the field of Morrison studies

**Narrative Conventions and Race in the Novels of Toni Morrison** Jennifer Lee Jordan Heinert,2012-11-12 This study analyzes the relationship between race and genre in four of Toni Morrison s novels The Bluest Eye Tar Baby Jazz and Beloved Heinert argues how Morrison s novels revise conventional generic forms such as bildungsroman folktales slave narratives and the formal realism of the novel itself This study goes beyond formalist analyses to show how these revisions expose the relationship between race conventional generic forms and the dominant culture Morrison s revisions critique the conventional roles of African Americans as subjects of and in the genre of the novel and re write roles which instead privilege their subjectivity This study provides readers with new ways of understanding Morrison s novels Whereas critics often fault Morrison for breaking with traditional forms and resisting resolution in her novels this analysis show how Morrison s revisions shift the narrative truth of the novel from its representation in conventional forms to its interpretation by the readers who are responsible for constructing their own

resolution or version of narrative truth These revisions expose how the dominant culture has privileged specific forms of narration in turn these forms privilege the values of the dominant culture Morrison s novels attempt to undermine this privilege and rewrite the canon of American literature Circles of Sorrow, Lines of Struggle: The Novels of Toni Morrison Gurleen Grewal,1998 Toni Morrison's Fiction David L.
