

Targeting Iraq

Ronald E. Powaski

Targeting Iraq:

Targeting Civilians in War Alexander B. Downes, 2011-05-15 Accidental harm to civilians in warfare often becomes an occasion for public outrage from citizens of both the victimized and the victimizing nation In this vitally important book on a topic of acute concern for anyone interested in military strategy international security or human rights Alexander B Downes reminds readers that democratic and authoritarian governments alike will sometimes deliberately kill large numbers of civilians as a matter of military strategy What leads governments to make such a choice Downes examines several historical cases British counterinsurgency tactics during the Boer War the starvation blockade used by the Allies against Germany in World War I Axis and Allied bombing campaigns in World War II and ethnic cleansing in the Palestine War He concludes that governments decide to target civilian populations for two main reasons desperation to reduce their own military casualties or avert defeat or a desire to seize and annex enemy territory When a state's military fortunes take a turn for the worse he finds civilians are more likely to be declared legitimate targets to coerce the enemy state to give up When territorial conquest and annexation are the aims of warfare the population of the disputed land is viewed as a threat and the aggressor state may target those civilians to remove them Democracies historically have proven especially likely to target civilians in desperate circumstances In *Targeting Civilians in War* Downes explores several major recent conflicts including the 1991 Persian Gulf War and the American led invasion of Iraq in 2003 Civilian casualties occurred in each campaign but they were not the aim of military action In these cases Downes maintains the achievement of quick and decisive victories against overmatched foes allowed democracies to win without abandoning their normative beliefs by intentionally targeting civilians Whether such restraint can be guaranteed in future conflicts against more powerful adversaries is however uncertain During times of war democratic societies suffer tension between norms of humane conduct and pressures to win at the lowest possible costs The painful lesson of *Targeting Civilians in War* is that when these two concerns clash the latter usually prevails **On target :**

organizing and executing the strategic air campaign against Iraq , Iraq's Sunni Insurgency Ahmed S.

Hashim, 2013-01-11 From 2003 to 2008 the Sunni Arab insurgency in Iraq posed a key challenge to political stability in the country and to Coalition objectives there This paper explains the onset composition and evolution of this insurgency It begins by addressing both its immediate and deeper sociopolitical origins and goes on to examine the multiple ideological strands within the insurgency and their often conflicting methods and goals Despite organisational incoherence due to the existence of a large number of competing groups the insurgency in Iraq sustained a particularly high tempo of operations between 2004 and 2006 causing considerable military and civilian casualties Some insurgent groups focused on attempting to foment civil war between two of Iraq's major communities the Sunni and Shia Arabs and by late 2006 they had come close to unravelling Iraq and presenting the Coalition with a major defeat The adoption of a new approach by the US in 2007 helped reduce the level of violence in Iraq In addition deep fissures within the insurgency itself between those fighting for more

practical immediate goals and the transnational Islamists and their local allies fighting for wider reaching goals including the promotion of sectarian strife contributed to the insurgency's diminution. It remains to be seen whether there will be a widespread recognition among Sunni Iraqis of the need to work with the Coalition to facilitate their community's reintegration into the new Iraqi body politic.

Drones and Targeted Killing in the Middle East and Africa, Christine Sixta Rinehart, 2016-12-06 The United States has repeatedly used drones to kill terrorists in Afghanistan Iraq Libya Pakistan Somalia Syria and Yemen in an effort to decrease terrorism and the vitality of terrorist groups. Targeted killing through the use of drones has become a foreign policy weapon to keep the United States safe from further terrorist attacks. However, it is suspected that these killings have actually led to an increase in terrorist group recruitment, terrorist attacks, and empathy for the terrorist group from the local population in addition to several other unwanted repercussions. The two-part research question this book attempts to answer is: What is the effect of drone targeted killing on Afghanistan Iraq Libya Pakistan Somalia Syria and Yemen? And is it a successful method in the War on Terror?

Exploring Terrorist Targeting Preferences Martin C. Libicki, Peter Chalk, Melanie W. Sisson, Melanie Sisson, 2007-03-09 Governments spend billions to protect against terrorism. Might it help to understand what al Qaeda would achieve with each specific attack? This book examines various hypotheses of terrorist targeting: is it 1 to coerce 2 to damage economies 3 to rally the faithful or 4 a decision left to affiliates? This book analyzes past attacks, post hoc justifications, and expert opinion to weigh each hypothesis.

The Regime Change Consensus Joseph Stieb, 2021-07-08 How the United States pivoted from containment to regime change in Iraq between the Gulf War and September 11, 2001. Legitimate Targets? Janina Dill, 2015 Can international law regulate warfare? Experiences of US bombing suggest it does not solve the twenty-first century belligerent's legitimacy dilemma. Iraq's Military Capabilities in 2002 Anthony H. Cordesman, 2002-09-05 On Iraq's military capabilities in 2002.

Iraq Reconstruction Joseph A. Christoff, 2008-10 The President's New Way Forward in Iraq identified Iraq's inability to spend its resources to rebuild infrastructure and deliver essential services as a critical economic challenge to Iraq's self-reliance. Further, Iraq's ability to spend its 10.1 billion capital projects budget in 2007 was one of the 18 benchmarks used to assess U.S. progress in stabilizing and rebuilding Iraq. This report 1 examines data the U.S. embassy used to determine the extent to which the government of Iraq spent its 2007 capital projects budget 2 identifies factors affecting the Iraqi government's ability to spend these funds and 3 describes U.S. government efforts to assist the Iraqi government in spending its capital projects funds. Includes recommendations. Charts and tables.

The War Lawyers Craig Jones, 2020-11-26 Over the last 20 years, the world's most advanced militaries have invited a small number of military legal professionals into the heart of their targeting operations spaces which had previously been exclusively for generals and commanders. These professionals, trained and hired to give legal advice on an array of military operations, have become known as war lawyers. *The War Lawyers* examines the laws of war as applied by military lawyers to aerial targeting operations carried out by the US military in Iraq and Afghanistan and

the Israel military in Gaza Drawing on interviews with military lawyers and others this book explains why some lawyers became integrated in the chain of command whereby military targets are identified and attacked whether by manned aircraft drones and or ground forces and with what results This book shows just how important law and military lawyers have become in the conduct of contemporary warfare and how it is understood Jones argues that circulations of law and policy between the US and Israel have bolstered targeting practices considered legally questionable contending that the involvement of war lawyers in targeting operations enables legitimises and sometimes even extends military violence

Digital War William Merrin, 2018-07-27 Digital War offers a comprehensive overview of the impact of digital technologies upon the military the media the global public and the concept of warfare itself This introductory textbook explores the range of uses of digital technology in contemporary warfare and conflict The book begins with the 1991 Gulf War which showcased post Vietnam technological developments and established a new model of close military and media management It explores how this model was reapplied in Kosovo 1999 Afghanistan 2001 and Iraq 2003 and how with the Web 2 0 revolution this informational control broke down New digital technologies allowed anyone to be an informational producer leading to the emergence of a new mode of participative war as seen in Gaza Iraq and Syria The book examines major political events of recent times such as 9 11 and the War on Terror and its aftermath It also considers how technological developments such as unmanned drones and cyberwar have impacted upon global conflict and explores emerging technologies such as soldier systems exo skeletons robotics and artificial intelligence and their possible future impact This book will be of much interest to students of war and media security studies political communication new media diplomacy and IR in general **The**

Journey of Kyle in the House of Azza Adnan Al-Sinawi, 2024-12-06 In the heart of Darfur amidst the tumult of Elfasher lies the House of Azza a beacon of resilience and wisdom passed down through generations This gripping narrative unfolds the story of Kyle a survivor of the Baghdad bombing whose journey of self discovery leads him to the doorstep of Madam Azza s legendary home As Kyle navigates the complexities of love loss and the pursuit of happiness the House of Azza stands as a testament to the enduring spirit of those who call it home Through the intertwining lives of its inhabitants The Journey of Kyle in the House of Azza explores themes of love power and redemption set against the backdrop of a community struggling to find peace amidst chaos Madam Azza with her iron will and compassionate heart guides Kyle and others to confront their pasts and embrace their futures with courage and grace As Kyle s story intertwines with the house s legacy readers are taken on a transformative journey that challenges the very notions of home and identity More than just a tale of survival it is a celebration of the human capacity to heal to connect and to find beauty in the midst of adversity This captivating book invites you to explore the depths of human resilience and the power of a place to change lives forever **The role of terrorism in twenty-first-century warfare** Susanne Martin, Leonard Weinberg, 2016-12-21 This book presents a critical reflection on the major armed conflicts that occurred during the 1990s and the first decade of the twenty first century Conflicts in Bosnia

Kosovo Chechnya Iraq Afghanistan and Syria all involved the use of terrorism by one or more groups Looking to the future the book asks what this means for violent conflicts yet to come Using a variety of case studies the authors provide a systematic and comprehensive analysis of the role played by terrorism as a stand alone tactic as well as one used to ignite broad scale conflict They also pose the question on what occasions does terrorism tend to occur as an armed conflict begins to subside and when in other words is it a trailing indicator

Iraq: Genocide by Sanctions (Penerbit USM) Christian P Scherrer, 2014-11-25 Genocide by Sanctions explores the criminal abuse of UN sanctions Evidence of a planned and systematically created giant infanticide is uncovered US bombing in 1991 destroyed Iraq's water purification sewages and electricity plants to run them The ensuing mass death of Iraqi babies and children was measured by experts who are among the authors

American Presidential Statecraft Ronald E. Powaski, 2017-04-03 This book the second of two volumes examines the presidency in last half of twentieth century America and explores the successes and failures of presidents in their foreign policy initiatives It examines each president's ability to apply his skills to a foreign policy issue in the face of opposition that may come from a variety of sources including the Congress the Pentagon the State Department the press and often their own in house advisers This volume in particular focuses on John F Kennedy Lyndon Johnson Richard Nixon Ronald Reagan and George W Bush

The War Machine and Global Health Merrill Singer, G. Derrick Hodge, 2010 In the contemporary world war rivals infectious disease as a global cause of morbidity and mortality Since the end of World War II there have been at least 160 wars around the world with as many as 25 million and probably many more people killed most of them civilians Directly or indirectly war touches the lives of most people on the planet often with lasting and costly impact Framed by the holistic and ethnographically grounded theoretical perspective of critical medical anthropology and more broadly by the political economy of health this book of essays by leading medical anthropologists and other health social scientists carefully examines the global effects of war the war industry and the international weapons trade on human health and well being Further this book goes beyond offering a lively and readable account of a pressing health concern by critically analyzing the political and economic forces driving the war machine to inflict ever increasing levels of social suffering and loss of life

Iraq's Insurgency and the Road to Civil Conflict Anthony H. Cordesman, Emma R. Davies, 2007-12-30 The war in Iraq has expanded from a struggle between Coalition forces and the remnants of former regime loyalists to a multi faceted conflict involving numerous Sunni groups Shi'ite militias Kurdish nationals and foreign jihadists Iraq's Insurgency and the Road to Civil Conflict is Anthony Cordesman's latest assessment of the Iraqi conflict and documents its entire evolution from the history of ethnic tensions through the current U S surge He identifies each actor in the arena analyzes their motivations and presents a detailed record of their actions tactics and capabilities Cordesman's exhaustive study based on meticulous research is the most thorough account of the war to date Beginning with the consequences of imperial colonialism and touching upon the ethnic tensions throughout Saddam's regime Cordesman examines and details the confluence of forces

and events that have paved the way toward Iraq's current civil conflict. He analyzes major turning points including elections, economic developments, and key incidents of violence that continue to shape the war. Finally, he outlines the lessons learned from this history and what can and cannot be done to stabilize the nation.

Global Jihad and the Tactic of Terror Abduction Shaul Shay, 2014-01-01. In recent decades, the taking of hostages has proven to be a particularly effective tactic for Islamic terrorist organizations worldwide, including al Qaeda. The global jihad movement regards citizens of foreign, mainly western, countries as prime targets for abduction, although in fact local residents have constituted the majority of kidnapping victims. This book analyzes Islamic terror abductions over the last 30 years in the Middle East: Lebanon, Syria, Iraq, Iran, Yemen, and Saudi Arabia; Asia: Afghanistan, Pakistan, India, and the Philippines; Africa: the Maghreb, the Sahel, regions, and Somalia; and in Russia as a part of the Russian Chechen conflict. Discussion also focuses on the abduction by Hizballah of Israeli soldiers, the Second Lebanon War of 2006, the Mumbai terror attack 2008, the Chechen hostage crisis in Moscow and Beslan 2002 and 2004, the kidnapping of employees of the Algerian In Amenas gas facility by al Qaeda of the Maghreb in January 2013, and the Nairobi Westgate Mall hostage crisis in September 2013. The role of Iran as a state sponsor of terrorism and its patronage of terror organizations that utilize the tactic of abduction to promote Iranian interests in Lebanon and Iraq is highlighted throughout. Discussion focuses on the challenges faced by countries whose citizens have been abducted by Islamic terror organizations and their reactions to these challenges, and provides theoretical classifications of the phenomenon of terrorism in general and terror abduction in particular.

Iraq's Burdens Abbas Alnasrawi, 2002-11-30. Oil revenue has been an economic curse for Iraq. In the second half of the 20th century, the international oil sector shaped Iraq's economy, forcing it to rely too heavily on revenue brought in by oil production and exports. Iraq's failure to use copious oil rents to diversify the economy has proven disastrous for its people and economy. Its over-reliance on oil revenues, coupled with the consequences of its war with Iran, the Gulf War, and the ensuing economic sanctions, have led the country to economic destruction, sanctions, and enormous debt. Iraq is a major oil-producing country, a founding member of OPEC, and possesses the world's second highest amount of oil reserves. Yet few studies exist on Iraq's oil industry and its impact on the economic and political fortunes of the country. Alnasrawi remedies this by helping us understand this important Arab/Middle Eastern oil-exporting country that has been a constant focus of U.S. foreign policy since 1990. Alnasrawi concludes that the availability of capital is an insufficient condition for economic development and may, in fact, retard it, as it did in this now-reviled and wrecked country.

The Greater Middle East in Global Politics Mehdi Parvizi Amineh, 2007. This anthology unites in one volume two studies of the Greater Middle East in global politics: each conceptual and empirical. First, it is a historical comparative study of politics and societies in selected Greater Middle Eastern countries. Second, it is an empirical case study of states and societies of the Greater Middle East in global politics.

Whispering the Techniques of Language: An Emotional Journey through **Targeting Iraq**

In a digitally-driven earth where displays reign supreme and instant conversation drowns out the subtleties of language, the profound secrets and psychological nuances concealed within words frequently go unheard. Yet, located within the pages of **Targeting Iraq** a fascinating literary value blinking with raw feelings, lies an exceptional quest waiting to be undertaken. Published by a talented wordsmith, that enchanting opus attracts viewers on an introspective journey, softly unraveling the veiled truths and profound affect resonating within ab muscles fabric of each and every word. Within the emotional depths with this moving review, we will embark upon a heartfelt exploration of the book is primary themes, dissect their charming writing design, and fail to the strong resonance it evokes heavy within the recesses of readers hearts.

Targeting Iraq Introduction

In today's digital age, the availability of Targeting Iraq books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Targeting Iraq books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Targeting Iraq books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Targeting Iraq versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Targeting Iraq books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Targeting Iraq books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Targeting Iraq books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users

to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Targeting Iraq books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Targeting Iraq books and manuals for download and embark on your journey of knowledge?

FAQs About Targeting Iraq Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Targeting Iraq is one of the best book in our library for free trial. We provide copy of Targeting Iraq in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Targeting Iraq. Where to download Targeting Iraq online for free? Are you looking for Targeting Iraq PDF? This is definitely going to save you time and cash in something you should think about.
