The Art of Deception is the Rule of Life Albert Amai Soria Ph.D., 2024-07-09 This book is a spiritual journey of self discovery for those open minded and willing to embrace the truth even if it means confronting deep rooted false beliefs inherited from our ancestors It is a call to step out of the comfort of blissful ignorance and into the light of personal enlightenment Ignoring the truth may provide temporary solace but it can lead to greater despair and fear in the long term This existential gap is usually filled with religions myths and legends however these stories may not be entirely factual Nevertheless they provide solace and a sense of purpose in life so they are often considered well intentioned pious fiction Many desire to know the truth but few are genuinely prepared to handle it This book challenges many core beliefs and convictions held as accurate it may lead to existential conflict As King Solomon wisely said For with much wisdom comes much sorrow the more knowledge the more grief Ecclesiastes 1:18 These words resonate with the essence of this book inviting you to embark on a journey of self discovery and truth seeking It highlights the transformative potential of this process as those who can confront the truth honestly undergo a psychological catharsis a liberation of erroneous assumptions Thus this book is not for the faint of heart More than 2 500 years ago Buddha stated that life is an illusion and today's most accurate science quantum physics asserts that we live in virtual reality The truth can challenge our deepest convictions and induce confusion because we live based on false assumptions imposed by our ancestors mass media outdated education systems and traditional erroneous beliefs
