represents a complicated astrological machine requiring a manual That manual is necessary in order to explain how to take
advantage of the machine how to achieve both material and spiritual growth That manual is what this book delivers The
knowledge and discipline of the Major and Minor Arcana trace their existences to well before the post modern era but that
does not mean that they cannot be reclaimed They can be rediscovered by any sincere seeker The Major Arcana suggests
that there is an occult layer to human life beneath the surface of the ordinary working entirely within it and within all other
