together in November 1963 under the title of Tarzan and the Tarzan Twins in the first complete edition Cover of The Tarzan Twins 1927 Cover of Tarzan and the Tarzan Twins with Jad bal ja the Golden Lion 1936 Despite the gap in when they were written and first published the events of the two stories occur in the same time frame The opening passage of Tarzan and the Tarzan Twins with Jad bal ja the Golden Lion specifies that its events occur immediately after those of The Tarzan Twins In relation to other Tarzan stories the two parts of the Tarzan Twins tale presumably fall between Tarzan and the Ant Men and Tarzan Lord of the Jungle chronologically as the initial part was published between these two novels The second part confirms their placement in approximately this period as it introduces a family that figures prominently in Tarzan and the Lost Empire the next book after Tarzan Lord of the Jungle specifically it features Tarzan s first meeting with Doctor Karl von Harben with whom he is already acquainted in Empire Because Twins is a children s book however it is customarily omitted from listings of the main Tarzan series Thus Tarzan Lord of the Jungle is generally considered the eleventh Tarzan book rather than Twins

The Tarzan Twins Edgar Rice Burroughs, 2019-07-16 Two schoolboys Dick and Doc are cousins who resemble each other because their mothers are twins As Dick is also related to Tarzan through his father they become known as the Tarzan Twins Invited to visit Tarzan s African estate they become lost in the jungle and are imprisoned by cannibals from whom they escape They are then reunited with their host who introduces them to his pet lion Jad bal ja Subsequently they become involved in an adventure involving exiles from the lost city of Opar who have kidnapped Gretchen von Harben the daughter of a missionary The Tarzan Twins like all well behaved twins were born on the same day and although they were not as alike as two peas still they resembled one another quite closely enough to fulfill that particular requirement of twinship but even there they commenced breaking the rules that have been governing twins during the past several millions of years for Dick had a shock of the blackest sort of black hair while Doc s hair was the sunny hue of molasses candy Their noses were alike their blue eyes were alike alike were their chins and their mouths Perhaps Doc s eyes twinkled more and his mouth smiled more than Dick s for Dick did much of his twinkling and smiling inside and inside the boys were very much alike indeed It is simply staggering to discover what a boy can accomplish if he makes up his mind to it and so it was not long before Dick and Doc did excel in nearly all athletic sports and when it came to climbing trees well Tarzan himself would have had no reason to be ashamed of them Though their scholastic standing may have suffered a little in the following months of athletic effort their muscles did not and as vacation time approached Dick and Doc had become as hard as nails and as active as a couple of manus which you will know if your

education has not been neglected is the ape word for monkeys Then it was that the big surprise came in a letter that Dick received from his mother Tarzan of the Apes had invited them all to visit him and spend two months on his great African estate The boys were so excited that they talked until three o'clock the next morning and flunked in all their classes that day
