Tashkent Crisis:

The Tashkent Crisis William J. Craig, 2015-09-29 Superpowers play a deadly game of brinkmanship in this unputdownable Cold War thriller by the New York Times bestselling author of *Enemy at the Gates* Manchester Evening News The Soviet Union delivers an ultimatum to the president of the United States Surrender unconditionally within 72 hours or a secret weapon of unprecedented capabilities will take millions of American lives President William Mellon Stark ran on a campaign of peace and kept his promises slashing the military budget and pouring millions into domestic programs Now the nation is years behind in the technology of mass destruction Desperate measures are Stark's only options In Soviet Asia a team of Special Forces saboteurs led by Colonel Joe Safcek attempts to vaporize the mystery weapon with a miniature atom bomb Closer to home the president stages an explosive hoax to justify evacuating Washington DC But as zero hours approaches Stark realizes that it might already be too late and that he will bear the terrible responsibility of leading the United States into the ultimate confrontation

The Tashkent Crisis William Craig, 1971

The Tashkent Crisis William Craig, 1971

The Fall of Japan William J. Craig, 2015-09-29 New York Times Bestseller A virtually faultless account of the last weeks of WWII in the Pacific from both Japanese and American perspectives The New York Times Book Review By midsummer 1945 Japan had long since lost the war in the Pacific The people were not told the truth and neither was the emperor Japanese generals admirals and statesmen knew but only a handful of leaders were willing to accept defeat Most were bent on fighting the Allies until the last Japanese soldier died and the last city burned to the ground Exhaustively researched and vividly told The Fall of Japan masterfully chronicles the dramatic events that brought an end to the Pacific War and forced a once mighty military nation to surrender unconditionally From the ferocious fighting on Okinawa to the all but impossible mission to drop the 2nd atom bomb and from Franklin D Roosevelt's White House to the Tokyo bunker where tearful Japanese leaders first told the emperor the truth William Craig captures the pivotal events of the war with spellbinding authority The Fall of Japan brings to life both celebrated and lesser known historical figures including Admiral Takijiro Onishi the brash commander who drew up the Yamamoto plan for the attack on Pearl Harbor and inspired the death cult of kamikaze pilots This astonishing account ranks alongside Cornelius Ryan's *The Longest Day* and John Toland's *The Rising Sun* as a masterpiece of World War II history

The Indian Diaspora in Central Asia and Its Trade, 1550-1900 Scott Cameron Levi, 2002-01-01 Based on original research in the archives of Uzbekistan this book surveys the early modern commercial relations between India and Central Asia and examines the emergence economic function social organization and decline of an Indian merchant diaspora This diaspora consisted of tens of thousands of Indian merchant moneylenders living in communities dispersed across Central Asia Afghanistan Iran the Caucasus and much of Russia The book illustrates how these diaspora merchants utilized their position as agents of heavily capitalized caste based Indian family firms to finance transregional trade and complex systems of rural credit and industrial production It concludes with an analysis of the Russian colonial administration's policies toward the

Indian merchants and explains how these policies brought about the decline of the diaspora in Central Asia **Islam, Society, and Politics in Central Asia** Pauline Jones, 2017-07-20 During the 1990s there was a general consensus that Central Asia was witnessing an Islamic revival after independence and that this occurrence would follow similar events throughout the Islamic world in the prior two decades which had negative effects on both social and political development Twenty years later we are still struggling to fully understand the transformation of Islam in a region that evolved through a complex and dynamic process involving diversity in belief and practice religious authority and political intervention This volume seeks to shed light on these crucial questions by bringing together an international group of scholars to offer a fresh perspective on Central Asian states and societies The chapters provide analysis through four distinct categories the everyday practice of Islam across local communities state policies toward Islam focusing on attempts to regulate public and private practice through cultural legal and political institutions and how these differ from Soviet policies how religious actors influence communities in the practice of Islam state policies towards the religion and subsequent communal responses to state regulations and how knowledge of and interaction with the larger Islamic world is shaping Central Asia's current Islamic revival and state responses The contributors a multidisciplinary and international group of leading scholars develop fresh insights that both corroborate and contradict findings from previous research while also highlighting the problem of making any generalizations about Islam in individual states or the region As such this volume provides new and impactful analysis for scholars students and policy makers concerned with Central Asia *The Strasbourg Legacy* William J. Craig, 2015-09-29 A CIA agent fights a sinister plot by escaped Nazi Martin Bormann in this thriller from the New York Times bestselling author of *Enemy at the Gates* In the chaos of defeat while Germany's roads teemed with desperate refugees and jumbled armies Hitler's inner circle tried to disappear Heinrich Himmler donned an eye patch and posed as a farmer Captured by British troops he bit into a cyanide capsule concealed in a tooth cavity Rudolph Hoess former commandant of Auschwitz was discovered working as a farmhand near Bremen But many of the most notorious Nazis escaped including Josef Mengele and Adolf Eichmann Martin Bormann the Fuehrer's private secretary was rumored to be living everywhere from the Soviet Union to South America Almost three decades later CIA agent Matt Corcoran is sent to Bad Nauheim to investigate possible Soviet involvement in the theft of US Army munitions He hears whispers of German Reds blowing up NATO ammo dumps neo Nazis aiding the Arab cause against Israel and a plot to assassinate the German chancellor Corcoran soon begins to suspect that behind the turmoil is an organization as diabolical as it is improbable a cadre of loyal Nazi officers under the command of Bormann who are bent on bringing about the Fourth Reich As action packed as *The Odessa File* and *The Boys from Brazil* *The Strasbourg Legacy* is first class suspense from an acclaimed historian of World War II the New York Times bestselling author of *The Fall of Japan* *China and Central Asia in the Post-Soviet Era* Muhamad S. Olimat, 2015-08-27 This manuscript examines Sino Middle Eastern relations on a bilateral level It highlights the depth of China's involvement in

Central Asia with each country on a five dimensional approach security cooperation energy security trade relations political relations and cultural relations Regarding each of these criteria Central Asia enjoys a strategic significance to China s national security vital interests territorial integrity sovereignty regime survival and economic prosperity China has been an integral part of the political developments on the Central Asian political scene for over the past two millennia Their bilateral ties grew steadily since the independence of Central Asian republics in 1992 culminating into strategic partnership two decades later China and its partners in the region have embarked on the construction of the most ambitious gas pipelines network joint ventures in oil upstreaming and downstreaming mammoth highway and railroad projects trade zones construction projects and above all strategic security coordination in reference to unified and an integrated response to regional security threats Both sides are also engaged in a process of revival of the Silk Road in terms of its cultural diversity and trade relations Sino Central Asian volume of trade reached 50 billion heading steadily toward 100 in the coming five years

Uzbekistan's Foreign Policy Bernardo Fazendeiro, 2017-08-25 Uzbekistan s foreign policy from 1991 to 2016 starting from independence right up to the death of its first president Islam Karimov is one of the more distinctive approaches to international politics since the end of the Cold War This distinctiveness rests on the republic s gradual struggle for self reliance upon becoming independent Authorities in Uzbekistan especially its President were sceptics of the norms that came to prevail across regional and broader international politics This book addresses the making of Uzbekistan s general foreign policy and its corresponding effects outside Central Asia particularly at the highest level among state officials heads of state and ministers It shows how a particular set of promises slogans and attitudes became the pillars upon which Uzbekistan s international role was shaped a role which then affected Tashkent s twenty five year relations with Russia the United States Germany and Turkey The book argues that the Government of Uzbekistan sought to be recognised as a self reliant power after independence but that the international norms of the post Cold War order coupled with the conflicting aims of the partners with whom it interacted hindered acknowledgement and contributed to a twenty year struggle for recognition Providing a thorough assessment of President Karimov s legacy in the foreign policy domain this book contributes to the developing field of role theory and recognition in International Relations It will also be of interest to academics in the fields of Central Asian and Eurasian politics and international relations

The Aral Sea Encyclopedia Igor S. Zonn, M. Glantz, Aleksey N. Kosarev, Andrey G. Kostianoy, 2009-02-08 The Aral Sea Encyclopedia is the first one in the new series of encyclopedias about the seas of the former Soviet Union Preparing it we faced certain difficulties The thing is that this encyclopedia is a monument to the sea that is disappearing during our lifetime The world community considers the situation with the Aral Sea and all changes that occurred in its whereabouts in the recent decades as one of the most serious if not disastrous anthropogenic environmental crises of the 20th century Before 1960 this was a water abundant sea lake that was fourth among world lakes after the Caspian Sea USSR Iran the Great Lakes USA Canada and Victoria Lake Africa This

was a real pearl among the sands of the largest deserts the Karakums and the Kyzylkums Navigation between the sea ports Muinak and Aralsk and fisheries famous for the Aral breams barbel sturgeons shemaya and others were developed here One could find beautiful recreational zones and beaches here The deltas of the Amudarya the major river of Central Asia and the Syrdarya bringing their waters into the Aral Sea were famous for their biodiversity fishery muskrat rearing reed production The local population found occupations related to the water infrastructure The Cold War in South Asia Paul M.

McGarr, 2013-08 This book traces the rise and fall of Anglo American relations with India and Pakistan from independence in the 1940s to the 1960s **The Success of Sanctions** Francesco Giumelli, 2016-03-03 The effectiveness of sanctions cannot purely be measured by the way they change the behaviour of their intended target The degree to which sanctions constrain a rogue state's behaviour and the signals they send to future targets should also be prime considerations In this thought provoking book Francesco Giumelli measures the true effectiveness of EU sanctions against a range of states including Belarus Zimbabwe Moldova Uzbekistan the USA and China He demonstrates that focussing purely on behavioural change is limiting especially when considering the actions and motivations of an international organisation and develops a process to evaluate the direct and indirect impact of EU sanctions Giumelli demonstrates the many different ways sanctions have been used by the EU to produce positive direct and indirect results and provides a multi level framework to assess the success of sanctions in the future **The Great Tragedy** Zulfikar Ali Bhutto, 1971 War, Literature, and the Arts, 1992

Bargaining and Learning in Recurring Crises Russell J. Leng, 2000 Study of the most prominent interstate rivalries in the second half of the century and of the lessons that the leaders of the rival states drew from their recurring crises **The Routledge Handbook of the Global Sixties** Chen Jian, Martin Klimke, Masha Kirasirova, Mary Nolan, Marilyn Young, Joanna Waley-Cohen, 2018-02-06 This extraordinary collection is a game changer Featuring the cutting edge work of over forty scholars from across the globe The Routledge Handbook of the Global Sixties is breathtaking in its range incisive in analyses and revolutionary in method and evidence Here fifty years after that iconic 1968 Western Europe and North America are finally de-centered if not provincialized and we have the basis for a complete remapping a thorough reinterpretation of the Sixties Jean Allman J H Hexter Professor in the Humanities Director Center for the Humanities Washington University in St Louis This is a landmark achievement It represents the most comprehensive effort to date to map out the myriad constitutive elements of the Global Sixties as a field of knowledge and inquiry Richly illustrated and meticulously curated this collection purposefully provincializes the United States and Western Europe while shifting the loci of interpretation to Africa the Middle East Asia and Latin America It will become both a benchmark reference text for instructors and a gateway to future historical research Eric Zolov Associate Professor of History Director Latin American Professor of Public Affairs and History The University of Texas at Austin As the fiftieth anniversary of 1968 approaches this book reassesses the global causes themes forms and legacies of that tumultuous period While existing scholarship continues to largely concentrate on the US and

Western Europe this volume will focus on Asia Africa the Middle East and Eastern Europe International scholars from diverse disciplinary backgrounds explore the global sixties through the prism of topics that range from the economy decolonization and higher education to forms of protest transnational relations and the politics of memory

India-USSR Relations, 1947-1971 Shri Ram Sharma, 1999 This monograph seeks to highlight India's relations with the USSR from the day of independence that is 15 August 1947 to the consummation of second liberation in the form of the emergence of Bangladesh as an independent state in December 1971 This happened to be the most crucial period in the contemporary history of India in that it coincided with the formative period in our foreign policy during which India had to face many a crisis the process of management of which determined the course of our relationship with the major powers All important issues have been treated in detail in the body of the essay with particular reference to those controversies that caused much ripples on the otherwise placid waters of Indian diplomacy The section dealing with the Bangladesh crisis covers a wide range of international factors that helped India to achieve this signal success

The World War II Chronicles William J. Craig, 2017-06-13 A virtually faultless account of the final weeks of World War II in the Pacific and the definitive history of the battle for Stalingrad together in one volume The New York Times Book Review Author William Craig traveled to three different continents reviewed thousands of documents and interviewed hundreds of survivors to write these New York Times bestselling histories bringing the Eastern Front and the Pacific Theater of World War II to vivid life The Fall of Japan masterfully recounts the dramatic events that brought an end to the Pacific War and forced a once mighty nation to surrender unconditionally From the ferocious fighting on Okinawa to the all but impossible mission to drop the second atom bomb and from Franklin D Roosevelt's White House to the Tokyo bunker where tearful Japanese leaders first told the emperor the war was lost Craig draws on Japanese and American perspectives to capture the pivotal events of these climactic weeks with spellbinding authority Enemy at the Gates chronicles the bloodiest battle of the war and the beginning of the end for the Third Reich On August 5 1942 giant pillars of dust rose over the Russian steppe marking the advance of Hitler's 6th Army The Germans were supremely confident in three years they had not suffered a single defeat The siege of Stalingrad lasted five months one week and three days Nearly two million men and women died and the 6th Army was completely destroyed The Soviet victory foreshadowed Nazi Germany's downfall and the rise of a communist superpower Heralded by Cornelius Ryan author of The Longest Day as the best single work on the epic battle of Stalingrad Enemy at the Gates was the inspiration for the 2001 film of the same name starring Joseph Fiennes and Jude Law

Nationalism In Uzbekistan James Critchlow, 2018-03-09 Drawing from a wide range of Uzbek and Russian sources James Critchlow analyzes significant developments leading up to Uzbekistan's declaration of sovereignty and examines the outlook for the republic's emergence as an independent international player The author's primary focus is on the Uzbek elites attitudes and their efforts to throw off Moscow's hegemony by using popular grievances to mobilize mass support against the central Soviet

government Critchlow traces local grievances to two roots The first is Uzbekistan s decades long economic exploitation by Moscow through the imposition of an intensive cotton monoculture the accumulated effects of which have been massive environmental degradation illness and death The second is the central government s failure to adequately compensate Uzbekistan for these hardships and for the republic s overall contribution to the Soviet economy while having further impoverished Uzbeks by limiting the range of their cultural and political expression Among the manifestations of Uzbek resistance explored here are protests against russification and compulsory military conscription persistent and open adherence to religious traditions and loyalty above all to local political ethnic and family ties which frequently has led Moscow to charge the republic s leadership with nepotism and corruption Now that their campaign for sovereignty has triumphed will Uzbek leaders be able to solve the knotty political and economic problems their republic still faces The analysis offered here illuminates this question and suggests possible answers
