Studia Slavica Finlandensia Tomus 19:

Studia Slavica Finlandensia, 2006 Балканизмы сегодня Thede Kahl, Michael Metzeltin, Helmut Wilhelm Schaller, 2012 **Children of the Gulag** Cathy A. Frierson, Semen Samuilovich Vilenskiĭ, 2010-01-01 A comprehensive documentary history of children whose parents were identified as enemies of the Soviet regime from its inception through Joseph Stalin's death With top secret documents in translation from the Russian state archives memoirs and interviews with child survivors **The polyfunctionality of 'still' expressions** Bastian Persohn, 2024-06-28 Expressions from the semasiological domain of phasal polarity still already etc tend to be highly polyfunctional with their various uses often extending into a wide range of other linguistic domains both time related and non temporal Yet these patterns have hitherto been investigated mostly for individual languages or smaller groups This volume presents the first ever larger scale survey of the numerous functions of expressions whose meanings include the notion of still making use of a global sample of 76 varieties from 45 distinct phyla It is aimed at semanticists typologists and descriptive grammarians alike The Oxford Guide to the Uralic Languages Marianne Bakró-Nagy, Johanna Laakso, Elena Skribnik, 2022 This volume brings together leading scholars and junior researchers to provide a comprehensive account of the Uralic language family a group of languages spoken in northern Eurasia It will be an essential reference for students and researchers specializing in the Uralic languages and for typologists and comparative linguists more broadly Heretics and Colonizers Nicholas B. Breyfogle, 2005 In *Heretics and Colonizers* Nicholas B. Breyfogle explores the dynamic intersection of Russian borderland colonization and popular religious culture He reconstructs the story of the religious sectarians Dukhobors Molokans and Subbotniks who settled either voluntarily or by force in the newly conquered lands of Transcaucasia in the nineteenth century By ordering this migration in 1830 Nicholas I attempted at once to cleanse Russian Orthodoxy of heresies and to populate the newly annexed lands with ethnic Slavs who would shoulder the burden of imperial construction Breyfogle focuses throughout on the lives of the peasant settlers their interactions with the peoples and environment of the South Caucasus and their evolving relations with Russian state power He draws on a wide variety of archival sources including a large collection of previously unexamined letters memoirs and other documents produced by the sectarians that allow him unprecedented insight into the experiences of colonization and religious life Although the settlers suffered greatly in their early years in hostile surroundings they in time proved to be not only model Russian colonists but also among the most prosperous of the Empire's peasants Banished to the empire's periphery the sectarians ironically came to play indispensable roles in the tsarist imperial agenda The book culminates with the dramatic events of the Dukhobor pacifist rebellion a movement that shocked the tsarist government and received international attention In the early twentieth century as the Russian state sought to replace the sectarians with Orthodox settlers thousands of Molokans and Dukhobors immigrated to North America where their descendants remain to this day **Trans-Himalayan Linguistics** Thomas Owen-Smith, Nathan

Hill, 2013-12-12 The Himalaya and surrounding regions are amongst the world's most linguistically diverse places. Of an estimated 600 languages spoken here, few are researched in depth and many virtually undocumented. Historical developments and relationships between the region's languages also remain poorly understood. This book brings together new work on under-researched Himalayan languages with investigations into the complexities of the area's linguistic history, offering original data and perspectives on the synchrony and diachrony of the Greater Himalayan Region. The volume arises from papers given and topics discussed at the 16th Himalayan Languages Symposium in London in 2010. Most papers focus on Tibeto-Burman languages. These include topics relating to individual, mostly small and endangered languages such as Tilung, Shumcho, Rengmitca, Yongning Na and Tshangla; comparative research on the Tibetic, East Bodish and Tamangic language groups; and several papers whose scope covers the whole language family. The remaining paper deals with the origins of Burushaski, whose genetic affiliation remains uncertain. This book will be of special interest to scholars of Tibeto-Burman and historical as well as general linguists. *New Challenges for the Welfare Society* Vesa Puuronen, 2004

Biliktu Bakshi, the Knowledgeable Teacher Harry Halén, 1998 *Literatur und Kommerz im Russland des 19. Jahrhunderts* Andreas Guski, Ulrich Schmid, 2004 Der vorliegende Sammelband vereint literaturwissenschaftliche, historische und soziologische Untersuchungen zur literarischen Produktion im Russland des 19. Jahrhunderts. Im Zentrum des Erkenntnisinteresses steht der Autor im Spannungsfeld von privatem Haushalt, institutioneller Abhängigkeit und juristischen Normen. Aus den Einzelstudien des Bandes wird deutlich, dass sich die Entwicklungsbedingungen der russischen Literatur im Laufe des 19. Jahrhunderts grundlegend verändert haben. Ausgehend von der Genieästhetik der russischen Romantik bildet sich gegen 1830 ein gesellschaftlicher Konsens heraus, dass Literatur eine Ware wie jede andere sei. Wenig später lässt sich aber bereits eine Gegenbewegung beobachten. Die Romanautoren des russischen Realismus bewerten ein rein zweckrationales Wirtschaften fast durchweg negativ und stellen ihm Tauschsysteme gegenüber, die nicht selten religiös fundiert sind. Die unaufhaltsame Kommerzialisierung des russischen Buchmarkts wird also von Medium Literatur selbst durch archaisierende Wahrheits- und Wertkonzepte konterkariert. Dr. Ulrich Schmid, Jahrgang 1965, ist Professor für Kultur und Gesellschaft Russlands an der Universität St. Gallen. Andreas Guski, Jahrgang 1943, ist Ordinarius für Slavistik an der Universität Basel. Forschungsgebiete: Sowjetliteratur, Romantik, tschechische Literatur. Understanding Russian Nature Arja Rosenholm, 2005 **Studia litteraria Polono-Slavica**, 2002 **Religion and the Conceptual Boundary in Central and Eastern Europe** Thomas Bremer, 2008-04 This volume concentrates on the conceptual boundary through Europe which is determined by Western and Eastern Christianity. The single articles research how this boundary has developed in different periods and epochs and in different places. They also show that the boundary has never been a stable and defined division but that it was also subject to change and development and a place of encounter and exchange between religions and cultures.

New Serial Titles, 1989 A union list of serials commencing publication after Dec 31 1949 **In the Hall of Mirrors**

Ruth Virginia Warner,1999 Religion, Identity and Empire Gregory L. Bruess,1997 During the early Russian Empire tensions between the state and the church and the beliefs of many ethnic minorities and social groups shaped the religious culture of Russia s southern frontier This work explores the dynamic between religion and both religious and political institutions It recreates the struggle of the government and church to consolidate its diverse population into a single unified secular Russia It illuminates historical and cultural aspcts of this era including the attempts of Archbishop Nikiforos to bring the correct message of Christ to ethnically diverse parishioners for their religious moral and civic benefit In addition the text provides accounts of those who strayed offering a glimpse of daily lives and struggles on the frontier as well as the stigmatization that resulted from their nonconformity **Women & Gender in Central and Eastern Europe, Russia, and Eurasia: Russia, the non-Russian peoples of the Russian Federation, and the successor states of the Soviet Union**
