Teaching and Learning English through Bilingual Education Juan de Dios Martínez Agudo, 2012-01-24 These days numerous studies document and advocate the potential effectiveness of the CLIL approach which is viewed as a real revolution in second language pedagogy European bilingual education models are currently exemplified by CLIL Content and Language Integrated Learning a new generic and or umbrella term for bilingual education which has been rapidly spreading throughout Europe since the mid nineties Over the last decade there has been an explosion of interest in CLIL pedagogy in Europe and beyond However CLIL pedagogy also involves complex challenges concerning its implementation and the professional development of teachers This publication provides readers with a collection of original papers covering essential aspects of CLIL pedagogy This collection of papers serves as a good indication that valuable research is being conducted throughout Europe and that CLIL research is establishing itself as an important area of applied linguistics This book is mainly addressed to those in service teachers who teach in bilingual classrooms anywhere in the world under any circumstances and who wish to know more about CLIL pedagogy It can also be used as a helpful handbook for EFL student teachers The book is also for teacher trainers running both pre service and in service courses

Action Research into Teaching English in Russia's Professional Context Natalia A. Gunina, 2015-10-13 This book is a result of the investigative

attempts of linguistics professionals to identify and meet the challenges of developing communicative competence in future engineers economists and other such specialists The unifying feature of all the contributions brought together here is the active involvement of the authors in practical instruction of English for specific professional purposes at the tertiary bachelors and masters programs level in Russia This volume covers a number of relevant areas in this field including new developments in methodology approaches to course and materials design and the contribution of language theory to foreign language teaching in a professional context The unique teaching approach advocated in this book denounces the traditional practice of transferring classical methodology of communicative oriented teaching to language classes for students with a non linguistic or non teaching professional orientation The underlying idea of this volume is that a change in professional context implies a change in language teaching methodology including materials techniques and target competences The ideas and experiences analysed here will appeal to anyone interested in the current trends in foreign language teaching and learning and particularly to educationalists
