

Clansman manipulators operate in some of the toughest manufacturing environments in the world but continue to provide supremely robust high-technology solutions for material handling in foundries, forges, steelworks and even garbage handling for energy conversion. Superior reliability and clever control means more uptime, lower maintenance costs and smoother production.

The world's largest range of rail or statically mounted manipulator offer capacities from 20 kg up to 20,000 kg. The newest model in the range is the 10,000kg capacity C10010. Each machine, regardless of size, can be offered with a wide range of options to suit customers' requirements. Latest developments include highly flexible PLC control as an alternative to the traditional analogue PCB control card.

With over 550 manipulators operating around the world, we have a wide range of experience in many different applications. Speak to Clansman to discuss the solution that best suits your needs.

Superior Design

Clansman Dynamics has utilised the latest technology to ensure that the manipulators are the most reliable and easiest machines to maintain. The design is continually updated to reflect feedback from our customers and service teams.
