The United States Code is the official codification of the general and permanent laws of the United States of America The
Code was first published in 1926 and a new edition of the code has been published every six years since 1934 The 2012
edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress Second Session the last of which
was signed by the President on January 15 2013 It does not include laws of the One Hundred Thirteenth Congress First
Session enacted between January 2 2013 the date it convened and January 15 2013 By statutory authority this edition may be
cited U S C 2012 ed As adopted in 1926 the Code established prima facie the general and permanent laws of the United
States The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any
discrepancy In 1947 Congress began enacting individual titles of the Code into positive law When a title is enacted into
positive law the underlying statutes are repealed and the title then becomes legal evidence of the law Currently 26 of the 51
titles in the Code have been so enacted These are identified in the table of titles near the beginning of each volume The Law
Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U S C 285b to enact the
remainder of the Code on a title by title basis into positive law The 2012 edition of the Code was prepared and published
under the supervision of Ralph V Seep Law Revision Counsel Grateful acknowledgment is made of the contributions by all
who helped in this work particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office
